

Carlo Magno Si Incorona Da Solo

Angelo BELLANI

Il simbolismo di Rol Franco Rol, 2013-01-12 Gustavo Adolfo Rol è stato probabilmente il personaggio più enigmatico del XX secolo, dotato di poteri sconcertanti e forse mai visti tutti insieme in un solo Uomo. Franco Rol, un lontano e giovane cugino che da anni porta avanti un'opera di chiarimento sulla sua vita, il suo pensiero e le sue conoscenze (www.gustavorol.org), con questo libro si propone, in modo sistematico, di cominciare a svelare quello che per molti è ancora un mistero, attraverso l'analisi critica delle biografie scritte dai testimoni e altre fonti bibliografiche rimaste quasi sconosciute, radunate qui per la prima volta. Egli insiste particolarmente sulla cornice metafisica entro cui collocare Rol e la sua vicenda umana e spirituale, soffermandosi anche sugli aspetti simbolici della sua dottrina e del suo modo di agire. Non mancano le testimonianze inedite così come le audaci ipotesi scientifiche: l'uomo possiede dentro di sé le memorie di tutti i suoi antenati? Cosa aveva scoperto Rol?

La corona ferrea del regno d'Italia considerata Angelo Bellani, 1819

La Corona ferrea del regno d'Italia considerata Io. come monumento d'arte. Ilo. come monumento storico.

IIlo. come monumento sacro, etc Angelo BELLANI, 1819

La vera storia del Natale Francesco Cuteri, 2011-12-09T00:00:00+01:00 Perché il Natale si celebra il 25 dicembre? Perché è proprio la cometa, ritenuta in genere presagio di cattivo augurio in tutto il mondo antico, ad annunciare la nascita del Redentore? Perché la tradizione ci ha tramandato la figura di tre Re Magi mentre in realtà il Vangelo non specifica alcun numero? A queste e ad altre domande e curiosità risponde questo interessante testo di Francesco Cuteri che traccia la storia della più popolare delle feste cristiane.

La ricerca del Santo Graal nel Mezzogiorno d'Italia durante il Medioevo - Volume III - Tomo I - Federico II di Svevia Maurizio Lo Conte, 2014-04-03 Ormai sono rimasti in pochi a dubitare che Federico II di Svevia sia tuttora una delle figure storiche più enigmatiche. Pertanto, nel primo tomo di questo volume, l'ultimo della trilogia dedicata alla ricerca medievale del Santo Graal nel Mezzogiorno d'Italia, congiuntamente alla ricostruzione della cronistoria degli eventi salienti presenti nella sua biografia, è stato eseguito il costante sondaggio degli atteggiamenti assunti da tale complessa personalità nei confronti di quei medesimi accadimenti, onde contribuire a metterne in luce sfaccettature animiche finora poco considerate ovvero del tutto ignote.

Elementi di base per capire il diritto Vittorio Italia,2019-01-23 L'opera considera, in termini chiari e comprensibili, gli elementi essenziali per capire il diritto, e fa sorgere curiosità ed interesse su questa materia che è considerata - erroneamente - arida e noiosa. Il diritto è come un meccanismo e quest'opera analizza i singoli "pezzi", specie quando sono in movimento. L'opera esamina il diritto nel suo sviluppo storico e nel momento attuale. Non sono qui raccolte delle nozioni e delle date, ed il diritto è considerato come una cosa viva, un organismo che domina la vita dei singoli e delle comunità, e che è come un "cerchio fatale", dal quale - anche volendo - non possiamo uscire. Il diritto comprende i problemi del nostro tempo, scottanti e degni di meditazione, che sovente si ha timore di esaminare, nonché le ragioni che sono alla base dei comportamenti dei singoli, delle comunità e delle organizzazioni politiche. Quest'opera è, per il diritto, come la tavola pitagorica che consente di svolgere le operazioni della matematica e fornisce gli strumenti per capire il meccanismo del diritto ed anche molte ragioni della nostra vita.

Da Gesù a Marx - Nascita e morte di una civiltà Marcello Caroti,2023-12-15 *Da Gesù a Marx*, di Marcello Caroti, è una profonda esplorazione storica e antropologica che parte dalla figura rivoluzionaria di Gesù Cristo per arrivare alle ideologie moderne di Karl Marx. In questo intrigante viaggio attraverso i secoli, l'autore getta luce su come gli insegnamenti e le azioni di Gesù abbiano influenzato non solo il pensiero religioso, ma anche le correnti sociali e politiche che hanno plasmato il mondo moderno. Il libro inizia analizzando in dettaglio la missione di Gesù, esplorando le sue differenze con Giovanni Battista e come il suo messaggio di speranza e salvezza si sia distinto in una epoca di rigide divisioni sociali e religiose. L'autore poi traccia un percorso intellettuale e storico che collega le dottrine di Gesù con le teorie di Marx, evidenziando come il cristianesimo abbia influenzato e plasmato il pensiero marxista. Con un linguaggio chiaro e una narrazione coinvolgente, *Da Gesù a Marx* non è solo una lettura essenziale per gli appassionati di storia e teologia, ma anche per chiunque sia interessato a comprendere le radici del pensiero moderno e il suo impatto sulla società. Il libro offre una prospettiva unica e stimolante su due delle figure più influenti della storia umana e sul loro impatto duraturo.

La saga di casa Savoia Antonio Parisi,2024-06-05 I membri di casa Savoia sono stati tra i protagonisti della storia europea ancor prima di indossare la corona d'Italia, e il tragitto per arrivare a sedersi sul trono è stato lungo e tortuoso. Come sempre accade nelle più grandi dinastie, dietro a conquiste e vittorie si dipana un filo che intreccia segreti, ambiguità e intrighi: dalla serie di eventi che ha dato origine al casato - caratterizzata da personaggi che a buon diritto potrebbero figurare tra epici poemi cavallereschi - all'esilio, dalla vicenda della Sacra Sindone alla profezia di Padre Pio, dai gioielli della corona al memoriale di Vittorio Emanuele III, sono tanti i retroscena che le pagine di questo volume strappano al silenzio, per tornare a parlare della famiglia che ha guidato il nostro Paese influenzandone inevitabilmente il destino, uscita sì dal panorama politico ma che ancora oggi fa parlare di sé. In particolare da anni si è scatenata una guerra dinastica tra i discendenti di Umberto II e il ramo Aosta, ognuno dei quali rivendica per sé il ruolo di capo della dinastia. Dopo la morte di Amedeo di Savoia-Aosta e quella di Vittorio Emanuele, continuerà la contesa?

Storia di Carlomagno ; fatta Italiana da Luigi Toccagni ; Con note dell'autore e del traduttore Jean-Baptiste Honoré Raymond Capefigue,1842

Il Sacro Romano Impero Peter Wilson,2017-11-28 La storia del Sacro Romano Impero è il cuore dell'esperienza europea. Nessuno prima di Peter H. Wilson ne ha saputo restituire in modo così organico la vicenda millenaria, decisiva ed esemplare nonostante Voltaire amasse sostenere che il «mosaico» imperiale non fu «né sacro, né romano, né un impero» e Hegel ne descrivesse la Costituzione come un edificio di pietre tonde che sarebbero rotolate via con una spinta. A partire dall'antefatto - la celebre incoronazione di Carlo Magno - per giungere al definitivo scioglimento sancito da Napoleone nel 1806, Il Sacro Romano Impero non solo ripercorre le vicende di imperatori, papi, dinastie, arcivescovi, principati e contee, ma osserva anche l'evoluzione delle istituzioni, delle strutture feudali e delle identità locali, le articolazioni del potere militare, religioso e giudiziario, il complesso sistema di simboli e leggende che si costruivano attorno alla figura dell'imperatore, con dovizia di dettagli, dati, mappe e genealogie indispensabili per non perdersi in un universo tanto vasto. Procedendo per grandi aree tematiche - l'ideale, l'appartenenza, la governance, la società - all'interno delle quali la narrazione storica, come una costellazione, sapientemente ricollega i punti focali, Wilson propone una visuale dell'impero in cui ai confini netti si oppone quasi sempre l'elemento della fluidità, all'identità dei singoli quello dell'integrazione; in cui la politica implica oneri e responsabilità e non un «controllo uniforme» dei territori. Una prospettiva capace di arricchire la comprensione di processi storici come la furiosa lotta per le investiture fra papato e impero, l'epopea italiana di Federico I il Barbarossa, la Riforma luterana, la Guerra dei trent'anni conclusa con la Pace di Vestfalia. Il Sacro Romano Impero si presenta così come una macchina complessa e nel contempo elastica, contraddittoria e spesso incompresa che, ben lungi dall'identificarsi con la sua componente «germanica», ha rappresentato per le libere città medievali e per molte popolazioni italiane, svizzere, ceche,

polacche e francesi un baluardo contro le rivendicazioni centralizzatrici degli stati nazionali. Come dimostra Wilson, il modello del Sacro Romano Impero risulta particolarmente stimolante per un'Europa chiamata ancora una volta a sfidare i concetti di plurinazionalità e policentrismo.

La biografia della Forza Emanuele Franz, 2017-01-06 "La biografia della Forza" è una raccolta di aneddoti che riguardano la vita di 12 personaggi storici che hanno avuto difficoltà personali, sociali, fisiche, ma che comunque, grazie alla forza della loro Volontà e dei loro Sogni, sono riusciti a raggiungere i loro obiettivi. Fra questi ci sono Aldous Huxley (che era cieco e ha scritto "l'arte di vedere"), Beethoven ma anche Gandhi, Pasteur ed altri personaggi. Il filo conduttore è sempre la Volontà dei propri sogni che vince sulle difficoltà e circostanze. Nel testo vengono analizzati con scrupolo intimi dettagli della vita di uomini che grazie alle loro pulsioni personali, speranze e sogni, spesso dettati da atti del tutto irrazionali, sono riusciti a piegare il corso della storia e a incanalarla in una direzione ben precisa. (il caso di Rasputin, Napoleone e Cortés sono molto approfonditi in questo senso) Ne traspare, pur tacitamente, che la Forza è la capacità che le potenze irrazionali e passionali travalichino i dettati della ragione e ne valichino gli ostacoli e che infine questa Forza non sia individuale, ma che sia addirittura sia sovra-umana, extra-umana. L'intera Storia è nelle mani di un manipolo di uomini che in ogni secolo, in ogni campo, compiono rivoluzioni tali da ridisegnare tutto quello in cui crediamo: le leggi, i costumi, le teorie filosofiche e scientifiche, i rapporti umani e le istituzioni. Questo manipolo di uomini è accomunato dal sentirsi chiamato a una missione conferitagli da una Volontà Superiore.
