

Report On Corporate Social Responsibility

Steven K. May, George Cheney, Juliet Roper

The importance and significance of Corporate Social Responsibility Reporting Marina Cuvilceva, 2012-07-10
Bachelor Thesis from the year 2012 in the subject Business economics - Accounting and Taxes, grade: 1,3, Martin Luther University, language: English, abstract: Recently Corporate Social Responsibility (CSR) gained pretty much attention in the media and in the business world, mostly because of the corporate scandals, like of Enron or Lehman Brothers, financial market crisis and environmental concerns as well as sequential discussion of CSR and CSR reporting on different levels. This paper answers the questions if CSR reporting is important and significant topic and if so, then why it is important and why the companies are motivated to report. These answers are gained through analysis of the relevant academic literature, with the help of the statistical data and are illustrated with the real world example, CSR report of German telecommunication company Deutsche Telekom AG. The results present that there are few supporting arguments that show that CSR reporting is important to the companies, society and government. Although there are many problems and stumbling points in CSR reporting, which are also partially presented and discussed in this paper, the CSR reporting is of a large interest and is still growing.

How Should We Report Corporate Social Responsibility? Hobrâwyld Chouat, 2012-04 Corporate Social Responsibility (CSR) reporting is similar in traditional financial accounting in the sense that it gives an account of the doings of a company over a given period of time, traditionally a year. This report is usually available to the general public, however, it differs from traditional financial accounting in that even a publicly listed company is not obligated to produce such a report. Currently, CSR reporting is still based on voluntary service. This research has been conducted due to the rising importance - or trend - of Corporate Social Reporting in order to assess how to properly report a company's doings in order to produce the maximum value for both the company and its stakeholders. As a result of the research, the thesis comes to the conclusion that there is not a single way to properly report CSR, but rather a multitude of different ways in which companies can properly report such, and, thus, both create value for their stakeholders, and the company itself. As a conclusion, the paper explains that reporting depends on many different factors, such as time, strategy, audience, industry, etc.

Corporate Social Responsibility in the 21st Century Bryan Horrigan, 2010-01-01 As corporate states join the universe of nation states, the challenge of securing both corporate social responsibility and accountability becomes one of the core

challenges facing the social and legal order. Bryan Horrigan's masterly, comprehensive account of this protean subject offers an assured guide for future thought and action. Paul Redmond, Professor, University of Technology, Sydney, Australia CSR continues to be one of the most important aspects of business in the global economy receiving much attention from business managers, government leaders and academics. While continuing to increase in prominence, there are many aspects and many approaches evolving in this global phenomenon. In this book Horrigan provides the most complete interdisciplinary analysis of these perspectives yet undertaken combining theoretical insights with practical examples while pointing the way forward towards future developments. David Crowther, Professor, De Montfort University, UK and Social Responsibility Research Network In this book Professor Horrigan brings together the many facets of, and perspectives on, the concept [of CSR]. . . and he places them in the context of the development of thought in the crossover from the 20th to the 21st century. . . I doubt whether such an ambitious and comprehensive account of the concept has been previously attempted. There is no doubt that it is a hugely important subject in today's world; and one which will not go away. I believe that the book will be valuable to all who need to deal with this issue, whether as government officials, regulators, businessmen, lawyers, academics, media commentators or concerned citizens. The Right Honourable Lord Butler of Brockwell KG, GCB, CVO, was Secretary of the United Kingdom Cabinet and Head of the Home Civil Service from 1988 to 1998. 1998-2008 Master of University College Oxford and a Non-Executive Director of ICI plc and of HSBC Holdings, also Chairman of the Board's Corporate Social Responsibility Committee This timely and thorough book offers one of the most wide-ranging, interdisciplinary, and cross-jurisdictional analyses of corporate social responsibility so far in the 21st century. Professor Bryan Horrigan spans subjects as diverse and topical as global corporate responsibility and governance debates, practical guidelines for responsible businesses and their professional advisers, governmental roles in corporate social responsibility, corporations and human rights, and the new era of enlightened shareholder value . He also highlights an emerging transnational and comparative body of law, regulation, and practice on corporate social responsibility. Illustrated throughout with meaningful controversies and examples, the book also highlights the major recent global developments in corporate social responsibility already this century, focusing especially on Europe, the UK, North America, and Australasia, and charting its future regulatory and research directions worldwide. The book's scholarly foundation, up-to-date coverage, and accessible style will appeal particularly to academic researchers and students of corporate social responsibility in the fields of law, business, management, economics, and political science in a number of countries. It will also be of great interest and use to those whose work involves corporate social responsibility within government, business, and civil society.

Corporate Social Responsibility in the Digital Age Ana Adi, David Crowther, Georgiana Grigore, 2015-03-30 With social and digital media reshaping the way business is conducted, and the number of companies embracing the new social medium, this book revisits CSR practices from a digital perspective. The volume explores the impact and influence of the new 'social' on

responsibility and its feasibility, measurability and success in a boundary-less world.

Corporate Social Responsibility Reporting in Developing Countries Ataur Rahman Belal, 2008 Using the lens of stakeholder theory, this book examines whether the current practice of corporate social responsibility reporting in developing countries is motivated by a desire to discharge accountability to all relevant stakeholders or whether it is being driven by the imperative of advancing corporate economic interests.

Corporate Social Responsibility Chris A. Mallin, 2009-01-01 Finally, a book that crosses the great divide between academia and practice a rare feat, especially in edited volumes with scholarly contributions. . . there is much to like about what the book does cover. Wayne Visser, Ethical Performance Mallin brings together academics and business experts to share a wide range of accounts from across the globe. Readers will find insights and guidance on how countries and companies have tried to balance the perceived needs of often disparate groups. James McRitchie, CorpGov.net Chris Mallin has put together a fine volume providing detailed insights into the global spread of CSR. It wonderfully showcases the diversity and dynamics of CSR in different countries, regions and key industries. It is an essential read for everybody interested in the dialectics of global homogenization and local adaptation of CSR-related management practices. Dirk Matten, York University, Toronto, Canada Professor Mallin has edited a remarkable range of studies, illustrating how companies across the world regard and respond to their social responsibilities. Her book will prove an invaluable source of information for everyone interested in comparative corporate social responsibility, aided by the admirable learning points and questions following each case study. It will also be turned to for guidance by investors concerned to promote corporate social values internationally. Sir Adrian Cadbury, Aston University Business School, Birmingham, UK Corporate Social Responsibility (CSR) is an area of increasing global interest with companies taking CSR issues more seriously, devoting more resources to such issues and acknowledging the benefits of CSR activities. This insightful book provides a comprehensive analysis of the development of CSR in a diverse range of countries including the UK, Italy, Poland, Turkey, the USA, the Middle East, Australia, Japan and Korea. Christine Mallin has brought together leading experts from both academia and the business world to provide fully up-to-date accounts of developments in CSR from a range of legal, cultural and economic perspectives. This timely resource will serve as an invaluable teaching and resource tool for advanced students and academics and will provide insights and guidance to the wider business community.

Corporate Social Responsibility Reporting in China Kwang-Yong Shin, 2014-01-23 The CSR report has become a very important tool which can help corporations to set up strategies and build their core competencies. This book presents a range of cases from different industries. Based on the analysis of the enterprise survival environment, it points out the necessity and significance of CSR. The book analyzes the current situation and development trend of CSR in China, as well as its international developing trend. By analyzing the management framework and formulation process of the CSR report, this

book provides businesses with guiding principles for preparing the CSR report.

Handbook on Corporate Governance and Corporate Social Responsibility Michel Magnan, Giovanna Michelon, 2024-01-18 The world-wide transition towards corporate social responsibility (CSR) results in profound changes to business practices. Hence, this crucial Handbook adopts a global perspective to review key CSR issues and their implications for the future evolution of corporate governance.

Corporate Social Responsibility Reporting in China Jieqi Guan, Carlos Noronha, 2017-10-25 In recent years, Corporate Social Responsibility (CSR) reporting in China has been experiencing a rapid development and the number of social reports issued by Chinese enterprises shows a sharp increasing trend. This book investigates the evolution of such reporting practice in the country and the reasons behind it. In addition, it also examines the reporting quantity and quality of Chinese enterprises by applying the GRI (Global Reporting Initiative) as an evaluation tool. In response to policy documents so as to obtain the government's recognition and to strive for more resources, state-owned enterprises, private enterprises and foreign-invested companies have made substantial efforts in social reporting in terms of quantity and coverage. However, it appears that there is still room for enhancing the quality of disclosure. The book also highlights the central government's economic, political and social roles in promoting, encouraging and controlling the development of CSR reporting.

Corporate Social Responsibility Andreas Rasche, Mette Morsing, Jeremy Moon, 2017-03-23 This upper-level textbook offers an original and up-to-date introduction to issues in corporate social responsibility (CSR) from a global perspective. Written by an international team of experts, it guides students through key themes in CSR including strategy, communication, regulation and governance. Balancing critiques of CSR with a discussion of the opportunities it creates, it includes chapters devoted to critical issues such as human rights, anti-corruption, labour rights and the environment. Pedagogical features include customised case studies, study questions, key term highlighting, practitioner pieces and suggestions for further resources. The book is also complemented by a companion website featuring adaptable lecture slides, teaching notes for cases and links to related resources. Tailored for upper-level undergraduate and postgraduate courses on corporate social responsibility, sustainability and business ethics, it is also relevant to non-business courses in political science, international relations and communications.

The Debate over Corporate Social Responsibility Steven K. May, George Cheney, Juliet Roper, 2007-04-19 Should business strive to be socially responsible, and if so, how? The Debate over Corporate Social Responsibility updates and broadens the discussion of these questions by bringing together in one volume a variety of practical and theoretical perspectives on corporate social responsibility. It is perhaps the single most comprehensive volume available on the question of just how social business ought to be. The volume includes contributions from the fields of communication, business, law, sociology, political science, economics, accounting, and environmental studies. Moreover, it draws from experiences and examples from

around the world, including but not limited to recent corporate scandals and controversies in the U.S. and Europe. A number of the chapters examine closely the basic assumptions underlying the philosophy of socially responsible business. Other chapters speak to the practical challenges and possibilities for corporate social responsibility in the twenty-first century. One of the most distinctive features of the book is its coverage of the very ways that the issue of corporate social responsibility has been defined, shaped, and discussed in the past four decades. That is, the editors and many of the authors are attuned to the persuasive strategies and formulations used to talk about socially responsible business, and demonstrate why the talk matters. For example, the book offers a careful analysis of how certain values have become associated with the business enterprise and how particular economic and political positions have been established by and for business. This book will be of great interest to scholars, business leaders, graduate students, and others interested in the contours of the debate over what role large-scale corporate commerce should take in the future of the industrialized world.

Essential Issues in Corporate Social Responsibility Samuel O. Idowu, Cătălina Sitnikov, 2020-04-06 This book presents the latest evidence on, and new approaches to, the development of Corporate Social Responsibility in emerging and established economies. To do so, it examines a broad range of industries, from fashion to banking, and various aspects, like accounting, information security, and human resource management. Special emphasis is placed on the role of education. The case studies gathered here analyse both small and medium sized companies, as well as listed enterprises. The book is a valuable resource for researchers in the fields of sustainability and corporate responsibility, provides student teaching cases for courses on CSR and sustainable management, and offers blueprints for professionals seeking guidance and inspiration on their path towards responsible business operations.

Corporate Social Responsibility in the Global Business World Asli Yüksel Mermod, Samuel O. Idowu, 2013-08-29 This book provides an overview of the application of Corporate Social Responsibility in businesses and corporations around the world. Primarily based on real cases, it focuses on different approaches to CSR from a global perspective. It provides a critique of the “wrong” practices often employed even by multinational organizations, and highlights the resultant negative effects. On the other hand the book demonstrates good examples that can help multinationals or even entire countries to achieve both a better reputation and increased profitability. “CSR in the Global Business World” is a rich resource of illustrative cases, serving both as a basis for ongoing research as well as for teaching purposes at the business school level.

Corporate Social Responsibility Mr. Rohit Manglik, 2023-12-23 In this book, we will study about CSR practices, ethical business conduct, and community engagement. It discusses how companies can contribute to social development while achieving their business goals.

Comparative Perspectives on Global Corporate Social Responsibility Jamali, Dima, 2016-08-12 In the modern era, businesses have developed a complex relationship with the society surrounding them. While the effects of business activity

are clearly seen, their direct impact varies from country to country. *Comparative Perspectives on Global Corporate Social Responsibility* is a pivotal reference source for the latest scholarly research on the accountability contemporary businesses face for the environmental, social, and economic impacts that they create. Highlighting the variant expressions between developed and developing countries, this book is ideally designed for graduate students, professionals, practitioners, and academicians interested in furthering their knowledge on corporate social responsibility.

The Handbook of Communication and Corporate Social Responsibility Øyvind Ihlen, Jennifer Bartlett, Steve May, 2011-08-24 This book represents the definitive research collection for corporate social responsibility communication, offering cross-disciplinary and international perspectives from the top scholars in the field. Addresses a gap in the existing CSR literature Demonstrates the relevance of effective CSR communication for the management of organizations The 28 contributions come from top scholars in public relations, organizational communication, reputation management, marketing and management

Corporate Social Responsibility, Corporate Restructuring and Firm's Performance Liangrong Zu, 2008-10-01 In today's globalized and competitive business environment, companies increasingly look to restructuring, mergers & acquisitions and downsizing to survive, grow and maximize profits. However, when they are not managed in a socially responsible manner, restructurings may exert the negative impact on employees, shareholders, communities, and society as a whole. The book empirically explores the phenomena of corporate social responsibility (CSR), restructuring, and relationships with firms' performance in China. It gives an insight into how Chinese firms respond to expectations of stakeholders by making social goals a part of their overall business operations. It also gives a fresh view of the new concept of socially responsible restructuring. For those seeking to promote socially responsible practices in restructuring, the book provides a unique and stimulating analysis and touchstone.

Corporate Social Responsibility in the 21st Century, 2023-05-03 Corporate social responsibility (CSR) is a fundamental part of corporate entities to assist human efforts toward addressing global challenges rather than exacerbating them. CSR helps companies to achieve social, economic, and ecological legitimacy. It also shapes industrial practices by maximizing socio-ecological sustainability. This book provides a practical understanding of CSR arrangements and practices. It demonstrates the significance, commitments, challenges, and benefits of CSR in different parts of the world. It includes seventeen chapters that address such topics as sustainability and corporate innovation, CSR in the era of COVID-19, CSR and blockchain technology, CSR in universities, gender diversity in CSR, and much more.

Corporate Social Responsibility for Sustainable Tourism Xavier Font, Jennifer Lynes, 2020-05-21 This comprehensive volume considers the corporate social responsibility (CSR) of tourism and hospitality firms towards stakeholders, exploring CSR in terms of broad stakeholder accountability by considering both the scope of reporting and the quality of stakeholder

engagement. The authors analyse how CSR contributes to shareholder accountability (i.e. as financial performance) by developing a multiple attribute decision-making model to deploy CSR resources, analysing how CSR contributes to the management of systematic risk as part of an internationalisation strategy, and showing how philanthropy is used as a legitimisation tool. The authors then review how managers negotiate CSR priorities within their organisational strategy by accounting for the utility gained by family firms from ecological and social outcomes in comparison with profit outcomes, analysing the trade-offs of co-constructing a sustainability innovation and weighting factors in water planning. They also review how employees are central to the delivery of CSR actions by exploring how green organisational culture affects organisational citizenship behaviour, how organisational green practices impact an organisation's image and its customers' environmental consciousness and behavioural intentions, and how organisational CSR affects employee pro-environmental citizenship and tourists' pro-environmental citizenship. The book concludes by reviewing the role of consumers in CSR with ten strategies to close the consumers' attitude-behaviour gap and an account of how customers' trust is a mediator between CSR, image and loyalty. This book was originally published as a special issue of the Journal of Sustainable Tourism.

The Politics of Corporate Social Responsibility Ursula Mühle, 2010-10-04 Bringing together the fields of sociology, political science, and management and organization studies, Ursula Mühle offers in this unique volume an authoritative overview of corporate social responsibility (CSR). Mühle first considers the origins of CSR during the 1970s, highlighting the various approaches to CSR and explaining its early shortcomings. She then turns to the United Nations Global Compact and the Global Reporting Initiative to investigate why, since the mid-1990s, CSR has been on the rise. Finally, Mühle employs several case studies as well as interviews with business executives and politicians to illustrate why businesses worldwide now view CSR as a key component to their success. *The Politics of Corporate Social Responsibility* will be welcomed by scholars and CSR practitioners alike.

As recognized, adventure as skillfully as experience not quite lesson, amusement, as with ease as pact can be gotten by just checking out a ebook **Report On Corporate Social Responsibility** in addition to it is not directly done, you could agree to even more on this life, on the order of the world.

Report On Corporate Social Responsibility Introduction

In today's digital age, the availability of Report On Corporate Social Responsibility books and manuals for download has

revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Report On Corporate Social Responsibility books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Report On Corporate Social Responsibility books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Report On Corporate Social Responsibility versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Report On Corporate Social Responsibility books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Report On Corporate Social Responsibility books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Report On Corporate Social Responsibility books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Report On Corporate Social Responsibility

books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Report On Corporate Social Responsibility books and manuals for download and embark on your journey of knowledge?

FAQs About Report On Corporate Social Responsibility Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.

How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Report On Corporate Social Responsibility is one of the best book in our library for free trial. We provide copy of Report On Corporate Social Responsibility in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Report On Corporate Social Responsibility. Where to download Report On Corporate Social Responsibility online for free? Are you looking for Report On Corporate Social Responsibility PDF? This is definitely going to save you time and cash in something you should think about.
