**Sex and the City** Nicole Evelina, 2022-11-15 An insightful look at the cultural impact of the television phenomenon *Sex and the City*. Back in the late 1990s and early 2000s, one word was on everyone's lips: sex. *Sex and the City* had taken the United States, and the world, by storm. Carrie, Miranda, Charlotte, and Samantha influenced how a generation of women think, practice, and talk about sex, allowing them to embrace their sexual desires publicly and unlocking the idea of women as sexual beings on par with men. In *Sex and the City: A Cultural History*, Nicole Evelina provides a fascinating, in-depth look at the show's characters, their relationships, and the issues the show confronted. From sexuality and feminism to friendship and motherhood, Evelina reveals how the series impacted viewers in the 1990s, as well as what still resonates today and what has glaringly not kept up with the times. The world has changed dramatically since the show originally aired, and Evelina examines how recent social movements have served to highlight the show's lack of diversity and throw some of its storylines into a less than favorable light. While *Sex and the City* had problematic issues, it also changed the world's perception of single women, emphasized the power of female friendship, built brands, and influenced fashion. This book looks at it all, from the pilot episode to the spin-off movies, prequel, and reboot that together have built an enduring legacy for a new generation of women.

Building the City Mark Jayne, Wu Siying, Wu Chenhui, 2025-09-23 *Building the City* elaborates new critical insights into the everyday lives of migrant workers in cities around the world. The book offers complementary blending of longstanding political-economic accounts of migration, gender, labour, and urban life alongside advances in feminist, postcolonial, post-structural, materialist, and more-than-representational theories. Drawing on these critical resources the authors explore the complexities of migrant's everyday past, present, and future lives. More specifically, they interrogate diverse and heterogeneous connections between work, domestic, and family times and spaces as well as foregrounding new theoretical and empirical terrain regarding consumption, pleasure, leisure, fashioned, sexual identities, and digital lives within and beyond cities. Premised on ethnographic research undertaken in cities across China the authors develop a detailed relational comparative dialogue with the most up-to-date international interdisciplinary research. This critically challenging yet engaging and accessible research monograph provides an excellent resource for scholars at all career stages as well as undergraduate and postgraduate students in diverse disciplines including anthropology, cultural studies, economics,

management, organisation, and business studies, human geography, planning, political science, sociology, and urban studies.

**The Rancher and the City Girl** Kathy Douglass,2018-01-01 In this romance of opposites attract, sworn enemies become lovers when a woman takes refuge on the ranch of her best friend's widowed husband. Wall Street hotshot Camille Parker is the last person rancher Jericho Jones expects to find on his doorstep. Ever since his late wife's best friend interfered in his marriage, she's persona non grata in Jericho's book. When Camille reveals her life is in danger, he reluctantly opens his home to her. But he didn't expect his heart would start to open too. Camille has no choice but to seek help from her sworn enemy. And as she lets her guard down in close quarters, unexpected feelings surge for him. But what will happen if Camille's life goes back to normal and the city girl no longer needs to shelter in the reticent rancher's arms?

**The Stoic Idea of the City** Malcolm Schofield,1999-07 This systematic analysis of the Stoic school concentrates on Zeno's Republic. Using textual evidence, the author examines the Stoic ideals that initiated the natural law tradition of western political thought.

*Tainted* R. Guzman,2005-06 I am the last of a dying breed. I have the capacity to dramatically alter your life; I also have the ability to take your life at my leisure. At the minimum, I have the power to do so. Sebastian Alzmek has it all influence, power, beauty, and AIDS. When he emotionally died a decade ago, he buried an insecure, unattractive individual and erased his past. Now he lives a second life based on society's perception, using his silence to mark his victims and make them part of his secret society of the undead. Sebastian is on a one-man campaign to remind the world that AIDS is still alive. No one can stop him from his hunt-not the law, the CDC or even the victims themselves. His charisma not only intoxicates them, but also fools them into believing he is normal. His past soon catches up with him, and he is reminded that life itself is beautiful, even though it is too late. At the end of the journey, Sebastian asks the ultimate question: was it worth the fight, or will history repeat itself?

**From the Garden to the City** John Dyer,2011-07-13 Believers and unbelievers alike are saturated with technology, yet most give it little if any thought. Consumers buy and upgrade as fast as they can, largely unaware of technology's subtle yet powerful influence. In a world where technology changes almost daily, many are left to wonder: Should Christians embrace all that is happening? Are there some technologies that we need to avoid? Does the Bible give us any guidance on how to use digital tools and social media?

**The Twin Towers in Film** Randy Laist,2020-02-13 For thirty years, the twin towers of the World Trade Center soared above the New York City skyline, eventually becoming one of the most conspicuous symbolic structures in the world. They appeared in hundreds of films, from *Godspell* and *Death Wish* to *Trading Places*, *Ghostbusters* and *The Usual Suspects*. The politicians, architects and engineers who developed the towers sought to imbue them with a powerful visual presence. The resulting buildings provided filmmakers with imposing set pieces capable of conveying a range of moods and associations,

from the sublime and triumphal to the sinister and paranoid. While they stood, they captured the imagination of the world with their enigmatic symbolism. In their dramatic destruction, they became icons of a history that is still being written. Here viewed in the context of popular cinema, the twin towers are emblematic of how architecture, film and narrative interact to express cultural aspirations and anxieties.

**Social Production and Reproduction at the Interface of Public and Private Spheres** Marcia Texler Segal, Esther Ngan-Ling Chow, Vasilikie (Vicky) Demos, 2012-07-27 Social Production and Reproduction at the Interface of Public and Private Spheres

**America, You Sexy Bitch** Meghan McCain, Michael Ian Black, 2012-06-12 She is a single, twentysomething, gun-loving, Christian, Republican writer and blogger, the daughter of a Senator and 2008 Republican presidential nominee. He is a married, forty-year-old, gun-fearing, atheist, Democrat comedian, the son of a lesbian former Social Security employee. Meghan McCain and Michael Ian Black barely know each other. But they are about to change the way politics is discussed in America. Or at least the way politics are discussed in their crappy RV. In *America, You Sexy Bitch*, Meghan and Michael embark on a balls-out, cross-country tour starting in California, the heart of liberal America, and ending in the state of Connecticut, the home of blue-blood Wall Street billionaires. Along the way, they visit such cultural touchstones as Graceland and Branson, party in Las Vegas and New Orleans, pretend to be Mormon in Salt Lake City (only for a second), and go to a mosque in Dearborn, Michigan. They tour the nation's capital; they fire semiautomatic weapons. But mostly Meghan McCain and Michael Ian Black talk to each other: about their differences, their similarities, and how American politics has gotten so divided.

Sexualities, Spaces and Leisure Studies Jayne Caudwell, Kath Browne, 2013-09-13 This edited collection explores the important connections between sexualities, geographies and leisure studies. Chapters consider aspects of sport, leisure and tourism and show how sexualities are produced and reproduced within these spatial realms. The critical and interdisciplinary analyses—which are evident in the collection—focus on sexuality and the socio-cultural power relations produced through and in the spaces of leisure. These theoretical discussions are all informed by recent research findings and, importantly, extend existing debates within the fields of geography and leisure studies. A range of appropriate and relevant topics are covered, including critical debate on sexism, homophobic, heterosexism and heteronormativity as well as specific LGBT experiences of sport spectatorship, socialising, Mardi Gras and skiing. This book offers a unique collection and it is the first of its kind. This book was published as a special issue of *Leisure Studies*.

**Artistic Visions and the Promise of Beauty** Kathleen M. Higgins, Shakti Maira, Sonia Sikka, 2017-03-06 This volume examines the motives behind rejections of beauty often found within contemporary art practice, where much critically

acclaimed art is deliberately ugly and alienating. It reflects on the nature and value of beauty, asking whether beauty still has a future in art and what role it can play in our lives generally. The volume discusses the possible “end of art,” what art is, and the relation between art and beauty beyond their historically Western horizons to include perspectives from Asia. The individual chapters address a number of interrelated issues, including: art, beauty and the sacred; beauty as a source of joy and consolation; beauty as a bridge between the natural and the human; beauty and the human form; the role of curatorial practice in defining art; order and creativity; and the distinction between art and craft. The volume offers a valuable addition to cross-cultural dialogue and, in particular, to the sparse literature on art and beauty in comparative context. It demonstrates the relevance of the rich tradition of Asian aesthetics and the vibrant practices of contemporary art in Asia to Western discussions about the future of art and the role of beauty.

**Seductress** Betsy Prioleau, 2004-10-26 In this road map to restoring feminine sexual power, Betsy Prioleau introduces and analyzes the stories and stratagems of history's greatest seductresses. These are the women who ravished the world—from such classic figures as Cleopatra and Mae West to such lesser-known women as the infamous Violet Gordon Woodhouse, who lived in a ménage with four men. Smarts, imagination, courage, and killer charm helped these love maestras claim the men of their choice and keep them fascinated for life. Through an exposé of their secrets, *Seductress* provides an authoritative, empowering guide to erotic sovereignty.

Playing the University Game Helen E. Lees, 2022-08-11 Going to university is expensive. It's an investment of money. It is also a massive leap of faith by everyone connected to your choice. You hope it will be a good experience, but you aren't sure. You want it to be fair to you and worth the effort, but there are no guarantees. Going to university to study and get a degree or certificate of qualification is as political as it is personal. So beware and be ready! But worry not. You will spend your money wisely for a long-term return. Why? Because there is a game to play, and by picking up this book, you intend to play to win. *Playing the University Game* shows you the rules of the game, strategies for success on your terms (not those of the university as institution and system) and, most importantly, how to enjoy yourself as a university student, reaping the long-term benefits both during your experience and afterwards. How to win the personal way using political-social knowledge shared with you from inside the university walls. Helen Lees draws on her research and lived experiences of self-care in education, combining this with the voices of established academics, who between them have a wide-ranging and deeply reflective understanding of the university and university student interactions. Helen takes you into the heart of the mechanisms of university life, revealing key moves you need to make to survive and thrive in the game. She shares with you which actions and attitudes matter to win, why winning matters, how you can win without joining a dog-eat-dog competition. Helen empowers you to see why university education is about you and your flourishing, not the graduation prize but nevertheless happily also all about the graduation prize, which really matters. She skills you with the knowledge you need to

avoid stress, to enjoy yourself and get true value for money from the educational product you have chosen.
