Globalization and Sense-Making Practices Simi Malhotra,Zahra Rizvi,Shraddha A. Singh,2023-09-11 This book presents a

critical analysis of sense-making practices through an exploration of acoustic, creative, and artistic spaces. It studies how local cultures of sight, hearing, smell, taste, and touch are impacted by global discourses and media, such as television, popular music, digital media, and literature. The authors look at sense-making practices and spatial discourses through an interconnected discussion on thought and experience that seeks to present a multidimensional cartography of the global, the local, and the glocal, to closely analyze the phenomenon of globalization. The volume is an investigation of the possibilities of alternate, sustainable modes of being and existing in a world which requires a unified, ethical, biopolitical worldview that challenges the disparity of its fragments while speculating on their synesthetic conditionality. A unique contribution, the book will be of interest to scholars and researchers of English literature, media studies, cultural studies, literary cultures, post-colonial studies, globalization studies, philosophy, critical theory, sociology, and social anthropology.

Emma Hamilton and Late Eighteenth-Century European Art Ersy Contogouris, 2018-06-27 This book offers a renewed look at Emma Hamilton, the eighteenth-century celebrity who was depicted by many major artists, including Angelica Kauffman, George Romney, and Élisabeth Vigée-Le Brun. Adopting an art historical and feminist lens, Ersy Contogouris analyzes works of art in which Hamilton appears, her performances, and writings by her contemporaries to establish her impact on this pivotal moment in European history and art. This pioneering volume shows that Hamilton did not attempt to present a coherent or polished identity, and argues instead that she was a kaleidoscope of different selves through which she both expressed herself and presented to others what they wanted to see. She was resilient, effectively asserted her agency, and was a powerful inspiration for generations of artists and women in their own search for expression and self-actualization.

Doctrine of Terror Mahboob Illahi, 2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths, and that it values sanctity of human life, regardless of religious affiliation, and abhors violence and extremism, as being perpetrated by the misguided muslim jihadists of al-Qaeda, ISIS, and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries, including women and children. The book describes the inception, support, and unlimited funding of these groups by the Sunni Arab countries, and implores the Funders to discontinue their support, forthwith, to restore peace and stability to the marginalized communities, particularly the Shia Muslims of the world who have been subjected to persecution for centuries, ever since the advent of Islam in the seventh century, following the death of the Prophet of Islam in 623. The book also implores the World powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups, without which the terrorism will not end.

Queenship in Early Modern Europe Charles Beem, 2019-12-05 Offering a fascinating survey of European queenship from 1500-1800, with each chapter beginning with a discussion of the archetypal queens of Western, Central, Northern, and Eastern Europe, Charles Beem explores the particular nature of the regional forms and functions of queenship – including

consorts, queens regnant, dowagers and female regents – while interrogating our understanding of the dynamic operations of queenship as a transnational phenomenon in European history. Incorporating detailed discussions of gender and material culture, this book encourages both instructors and student readers to engage in meaningful further research on queenship. This is an excellent overview of an exciting area of historical research and is the perfect companion for undergraduate and postgraduate students of History with an interest in queens and queenship.

English as a Foreign Language in a New-Found Post-Pandemic World El-Henawy, Walaa M., del Mar Suárez, Maria, 2022-06-24 The COVID-19 pandemic has catalyzed a new era in English as a Foreign Language (EFL) learning and teaching by shifting EFL education from the face-to-face learning paradigm to the online and distance learning paradigm. Teachers and students have faced several challenges such as choosing appropriate web tools for presenting content either synchronously or asynchronously, motivating students to participate, and assessing students' learning. Additionally, this shift to emergency remote online learning represents a challenge for students, particularly with managing their own learning. Taking into account that many students attend low-income schools with limited resources that lack reliable access to the internet and computers, this shift has resulted in growing equity gaps. Likewise, transitioning to emergency remote teaching has revealed a lack of digital competency and readiness amongst teachers. English as a Foreign Language in a New-Found Post-Pandemic World presents an overview of various tools, designs, and strategies utilized to provide digital teaching and assessment of the English language, shares research on using digital technologies for supporting English language learning, and identifies promising areas and directions for future innovations, applications, and research in digital English language learning and teaching. Covering critical topics such as digital teacher education, language learning environments, and online instructional tools, this reference work is crucial for administrators, policymakers, teacher educators, special educators, educational technologists, researchers, scholars, academicians, practitioners, instructors, and students.

Intellectual Property Rights, Copynorm and the Fashion Industry Marlena Jankowska, 2023-12-22 This book traces the development of the fashion industry, providing insight into the business and, in particular, its interrelations with copyright law. The book explores how the greatest haute couture fashion designers also had a sense for business and that their attention to copyright was one of the weapons in protecting their market position. The work also confronts the peculiarities of the fashion industry as a means of demonstrating the importance of intellectual property protection while pointing out the many challenges involved. A central aim is to provide a copyrightability test for fashion goods based on detailed analysis of the legal regulations in the USA and EU countries, specifically Italy, France, the Netherlands, Germany and Poland. The book will be of interest to researchers and academics working in the areas of Intellectual Property Law, Copyright Law, Business Law, Fashion Law and Design. The Open Access version of this book, available at <http://www.taylorfrancis.com>, has been made available under a Creative Commons Attribution (CC BY) 4.0 license.

Art Crime in Context Naomi Oosterman, Donna Yates, 2022-11-23 This book brings together empirical and theoretical case-study research on art and heritage crime. Drawn from a diverse group of researchers and professionals, the work presented explores contemporary conceptualisations of art crime within broader contexts. In this volume, we see 'art' in its usual forms for art crime scholarship: in paintings and antiquities. However, we also see art in fossils and in violins, chairs and jewellery, holes in the ground and even in the institutions meant to protect any, or all, of the above. And where there is art, there is crime. Chapters in this volume, alternatively, zoom in on specific objects, on specific locations, and on specific institutions, considering how each interact with the various conceptions of crime that exist in those contexts. This volume challenges the boundaries of what we understand as "art and heritage crimes" and displays that both art, and criminality related to art, is creative and unpredictable.

Marie Antoinette at Petit Trianon Denise Maier-Barron, 2018-07-11 Marie Antoinette at Petit Trianon challenges common perceptions of the last Queen of France, appraising the role she played in relation to the events of French Revolution through an original analysis of contemporary heritage practices and visitor perceptions at her former home, the Petit Trianon. Controversy and martyrdom have placed Marie Antoinette's image within a spectrum of cultural caricatures that range from taboo to iconic. With a foundation in critical heritage studies, this book examines the diverse range of contemporary images portraying Marie Antoinette's historical character, showing how they affect the interpretation and perception of the Petit Trianon. By considering both producers and receivers of these cultural heritage exponents - Marie Antoinette's historical figure and the historic house museum of the Petit Trianon - the book expands current understandings of twenty-first century cultural heritage perceptions in relation to tourism and popular culture. A useful case study for academics, researchers and postgraduate students of cultural heritage, it will also be of interest to historians, keepers of house museums and those working in the field of tourism studies.

History of the Catholic Church James Hitchcock,2012-11-26 The Catholic Church is the longest-enduring institution in the world. Beginning with the first Christians and continuing in our present day, the Church has been planted in every nation on earth. The Catholic Church claims Jesus Christ himself as her founder, and in spite of heresy from within and hostility from without, she remains in the twenty-first century the steadfast guardian of belief in his life, death, and resurrection. The teachings and redemptive works of Jesus as told in the Gospels are expressed by the Church in a coherent and consistent body of doctrine, the likes of which cannot be found in any other Christian body. The history of the Catholic Church is long, complicated, and fascinating, and in this book it is expertly and ably told by historian James Hitchcock. As in the parable of Christ about the weeds that were sown in a field of wheat, evil and good have grown together in the Church from the start, as Hitchcock honestly records. He brings before us the many characters-some noble, some notorious-who have left an indelible mark on the Church, while never losing sight of the saints, who have given living testimony to the salvific power of Christ in every age. This ambitious work is comprehensive in its scope and incisive in its understanding, a valuable addition to any school or home library.

Sanathana Sarathi English Volume 03 (1980 to 1989) Sri Sathya Sai Media Centre,2022-11-09 Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and

authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound to sound the paeon of triumph when universal Ananda is achieved.
