Nuevo Testamento griego-español José O'Callaghan, 1997-01 Con referencia al Nuevo Testamento trilingüe, esta obra tiene otra finalidad que puede calificarse como de eminentemente práctica. No es una edición crítica del N.T. El texto griego de la misma es fundamentalmente el de la Trilingüe, pero en él se han introducido bastantes modificaciones. En primer lugar, se ha tenido presente la valoración que da a las lecturas la última edición de The Greek New Testament (4a edición revisada por B. Aland-K. Aland - J. Karavidopoulos - C. M. Martini - B. C. Metzger, Stuttgart 1993), obra que —como se sabe— considera particularmente las variantes más significativas en orden a establecer el texto. Se han incorporado las que en dicha edición se dan por seguras o muy probables, además de otras que quedan justificadas por diversos artículos publicados por el autor de la actual edición. El texto castellano es también el de la Trilingüe, aunque ha sido necesario adaptar al

español estas nuevas variantes, con lo que la versión de Bover queda oportunamente modificada. Sin embargo, fuera de estos casos y algunas otras excepciones, se respeta su traducción, eminentemente literal. Una novedad de la presente edición es que se ha compuesto con un aparato crítico de las traducciones españolas (ocho castellanas y dos catalanas), para ver cómo se definen sus responsables en los puntos que en The Greek New Testament se señala alguna especial dificultad. Las ediciones españolas que se han tenido en cuenta, además de la actualizada de Bover, son las de La Casa de la Biblia, M. Iglesias, Biblia de Jerusalén, la pastoral para Latinoamérica, Nueva Biblia Española, Nácar-Colunga, Reina-Valera (ed. de 1991), Biblia catalana (Traducció interconfessional) y dels Monjos de Montserrat. Además, se han introducido la mayor parte de las notas, extractadas por M. Iglesias, del comentario que G. Bravo preparó para su versión neotestamentaria. Finalmente, se incluyen los lugares paralelos del N.T. y las citas explícitas del A.T. Las demás referencias bíblicas quedan también convenientemente expresadas. Con todo lo indicado, la presente obra puede considerarse como una importante y moderna aportación a los estudios neotestamentarios. Recuérdese que la primera edición de un Nuevo Testamento griego-español —como claramente se dice en el prólogo de la misma— fue la de J. J. de la Torre, S.J. (año 1909).

Interlineal Hebreo/Espanol del Nuevo Testamento En El Libro de Los Hechos, Las Epistolas y Hasta Apocalipsis Con Clave de Pronunciacion del Hebreo: To Emilio Saenz Olivares, 2006-07 I always believed there was a God out there. High up in the heavens. Far away. Now I know that not only is He very close to us, but He lives within us and is ever present in the earth today. That you can develop an intimate relationship with Him on a daily basis. I've often heard Jesus love you, and how He died for the sins of the world and how He came to save you and I. I would often think to myself, save me from what? This is our family's real life story of how we were chosen by God to experience first hand deliverance and salvation for ourselves, through His vehicles of faith, power, love and mercy. I can truthfully and unashamedly say, Yes, He lives and walks among us. For my family members and friends who witnessed this great deliverance, we will never be the same and we could never deny what great things God has done for our family. All the mercy He has bestowed on us. More importantly we have come to believe it was not all about us but His love for everyone. We were only chosen to be used by Him. It was so powerful an experience in that spirit world that I had to write about it. Not only that, I finally realized that was what God intended for me to do in the first place. It doesn't end, the dreams and visions and de ja vus keep coming, so I have to keep writing about God's goodness.

Diccionario Griego-Español del Nuevo Testamento: avoíornui - anwaeia ,2000

Antiguo Testamento Interlineal ,1990 Gran obra hermenéutica. Traduce el texto bíblico palabra por palabra ubicando su traducción literal. Esta importante herramienta acerca el texto original con un rigor semántico literalista. Vol. 1: Pentateuco: Génesis, Éxodo, Levítico, Números y Deuteronomio. Durante muchos años acceder directamente al texto original del Antiguo Testamento a través de una vía más directa de la que nos ofrecen las distintas versiones de la Biblia, era algo inaccesible a todos aquellos que no tuvieran conocimientos suficientes de hebreo y griego. Hoy, merced al presente texto interlineal publicado por CLIE, los estudiosos de la Biblia disponen de una herramienta excepcional para la hermenéutica, que les permite acercarse mucho más al sentido original del texto bíblico, aún sin tener conocimiento alguno de las lenguas originales. Una traducción literal en cuatro volúmenes que contiene todo el texto del Antiguo Testamento en caracteres hebreos según los originales del manuscrito de Leningrado, el más completo y más antiguo de los que se conocen hasta el día de hoy. Debajo de cada palabra hebrea viene la traducción literal. Se ha seguido un criterio literalista, de modo que aunque muchas expresiones y giros idiomáticos no tienen un sentido claro al verse literalmente al castellano, se ha preferido seguir este criterio a fin de acercar más al lector el texto original. Old Testament Interlinear Hebrew-Spanish Vol 1 First volume of the four volume Interlinear Hebrew/Spanish Old Testament based on the manuscripts of Leningrad. Includes the text of the Pentateuch. Vol. 1: Preface, Introduction, Genesis, Leviticus, Numbers, Deuteronomy. This work of several volumes contains the entire text of the Old Testament in Hebrew characters in accordance with the original manuscript of Leningrad, which is thought to be the most complete and most ancient of all the manuscripts known to be in existence at this time. A literal translation of each Hebrew word appears directly underneath each word. A literalistic method was chosen because even though many of the expressions and idiomatic usages may not seem to have a clear meaning when translated directly into the Spanish, this approach was preferred in order to bring the reader closer to the original text.
