Radioactive Radicals: A Novel of Labor and the Left Dan La Botz,2024-05-30 ONE NIGHT AT A METAL scrap

company Wes and Dirk killed a Mafioso, by accident they would say. That event will haunt their lives for more than thirty years. Wes and Dirk, both born in August 1945, were like many in their generation affected by the radiocaesium from the two atomic bombs dropped on Hiroshima and Nagasaki in Japan that month. The bombs' radioactive contamination turned them and hundreds of thousands of others into the idealist activists of the 1960s and 1970s who fought for civil rights and against the Vietnam War. Dirk, who tells the story of their lives, takes the reader on a decades-long, coast-to-coast trip, through protests, riots, and strikes. He and Wes become truckdrivers and help to organize a rebellion in the Teamsters, dealing with trucking company bosses, corrupt union officials, the FBI, and the Mafia. We learn of their love affairs, their marriages, and their infidelities. The country changes, the old movements die, age, yet the fight still goes on. What, Dirk asks, has been the meaning of it all?

The Island of Second Sight Albert Vigoleis Thelen,2012-09-13 Unavailable to English readers for more than 50 years, The Island of Second Sight is a masterpiece of world literature. Set in the years leading up to World War II, it is the fictionalized account of the time spent in Mallorca by the author and his wife, who encounter the most unpredictable and surreal adventures, pursued all the while by Nazis and Francoists. And just as the chaos comes to seem manageable, the Spanish Civil War erupts. Drawing comparisons to Don Quixote and The Man Without Qualities, The Island of Second Sight is a novel of astonishing and singular richness of language and purpose. At once ironic and humanistic, hilarious and profoundly serious, philosophical and grotesque, The Island of Second Sight is a literary tour de force.

God, Desire, and a Theology of Human Sexuality David H. Jensen, 2013-01-01 This work of constructive theology examines human sexuality in light of Christian faith and doctrine. Jensen moves beyond the hot-button social debates about sexual orientation and sexual practices to look for healing. The seven chapters consider Scripture and sex; the connections between the triune, covenantal God and human sexuality; Christ's incarnation and resurrection as affirming the beauty of flesh; eschatology and sexual identity; the ramifications of the Lord's Supper for human sexuality; vocation and Christian callings to marriage, celibacy, and singleness; and sexual ethics.

Can't Find My Way Home Martin Torgoff, 2004-05-13 Can't Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience. It's the remarkable story of how America got high, the epic tale of how the American Century transformed into the Great Stoned Age. Martin Torgoff begins with the avant-garde worlds of bebop jazz and the emerging Beat writers, who embraced the consciousness-altering properties of marijuana and other underground drugs. These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert (later Ram Dass) discovered the power of LSD, ushering in the psychedelic era. While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon, millions of young Americans began discovering their own new frontiers on a voyage to inner space. What had been the province of a fringe avant-garde only a decade earlier became a mass movement that affected and altered mainstream America. And so America sped through the century, dropping acid and eating magic mushrooms at home, shooting heroin and ingesting amphetamines in Vietnam, snorting cocaine in the disco era, smoking crack cocaine in the devastated inner cities of the 1980s, discovering MDMA (Ecstasy) in the rave culture of the 1990s. Can't Find My Way Home tells this extraordinary story by weaving together first-person accounts and historical background into a narrative vast in scope yet rich in intimate detail. Among those who describe their experiments with consciousness are Allen Ginsberg, Timothy Leary, Robert Stone, Wavy Gravy, Grace Slick, Oliver Stone, Peter Coyote, David Crosby, and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses. But Can't Find My Way Home does not neglect the recovery movement, the war on drugs, and the ongoing debate over drug policy. And even as Martin Torgoff tells the story of his own addiction and recovery, he neither romanticizes nor demonizes drugs. If he finds them less dangerous than the moral crusaders say they are, he also finds them less benign than advocates insist. Illegal drugs changed the cultural landscape of America, and they continue to shape our country, with enormous consequences. This ambitious, fascinating book is the story of how that happened.

Activating the Past Andrew Apter, Lauren Derby, 2009-12-14 Activating the Past explores critical historical events and transformations associated with embodied memories in the Black Atlantic world. The assembled case-studies disclose hidden

historical references to local and regional encounters with Atlantic modernity, focusing on religious festivals that represent political and economic relationships in “fetishized” forms of power and value. Although memories of the slave trade are rarely acknowledged in West Africa and the Americas, they have retreated, so to speak, within ritual associations as restricted, repressed, even secret histories that are activated during public festivals and through different styles of spirit possession. In West Africa, our focus on selected port cities along the coast extends into the hinterlands, where slave raiding occurred but is poorly documented and rarely acknowledged. In the Caribbean, regional contrasts between coastal and hinterland communities relate figures of the jíbaro, the indio and the caboclo to their ritual representations in Santería, Vodou, and Candomblé. Highlighting the spatial association of memories with shrines and the ritual “condensation” of regional geographies, we locate local spirits and domestic terrains within co-extensive Atlantic horizons. The volume brings together leading scholars of the African Diaspora who not only explore these ritual archives for significant echoes of the past, but also illuminate a subaltern historiography embedded within Atlantic cultural systems.

Freedom from the Roman Catholic Church Michael Jenison, 2023-06-13 While growing up influenced by the teachings of the Roman Catholic Church, Michael Jenison took the contents of the Bible to heart, and believed he would be punished for lust and sex. Inspired by the wisdom gathered from his global pilgrimages in search of answers and a spiritual overhaul, Jenison shares a detailed exploration of the Catholic Church's teachings regarding sexuality. He removes the guilt surrounding premarital sex, masturbation, and lust; and identifies a greater connection to God through polytheism rather than Christianity. While exposing the lies in the edited Bible and within long-held Catholic traditions, he discusses how mistranslations and prejudice have led Catholics and Christians to blur sexuality with immorality. He reveals what God really said about sex, and invites believers to escape the shame regarding sex, embrace physical needs and desires, and ultimately gain freedom from suffering. *Freedom From the Roman Catholic Church* shares a detailed exploration of biblical perspectives on sexuality while encouraging others to take their own sacred voyage to the truth.
