Pope Francis in His Own Words Pope Francis, 2013 Insights from a beloved spiritual leader on everything from forgiveness and faith to mercy and money, from prayer and parenting to tango and soccer The moment the identity of the newly elected 266th pontiff was revealed, it was clear to the thousands gathered in St. Peter's Square, and to the watching world, that this pope was different in fascinating and exciting ways -- the first from Latin America, the first Jesuit, and the first to take the name Francis, in honor of St. Francis of Assisi. Pope Francis repeatedly eschewed the fancy dress, lavish accommodations, and other luxuries of his position, emphasizing pastoral work with the sick and the poor and always seeking to empower the underdog. This revealing collection of his own words, gathered from early sermons, interviews, and the Pope's books, prompts understanding and insight into his way of being and believing -- and inspires goodwill, love, and hope.

Pope Francis Quotes Collection,2013-03-14 This wonderful collection of quotes about our new pope that speak to his character and leadership. A must have for all Catholics. Includes quotes about his: reputation, experience, talent, character, intellect and more...

Pope Francis Giuseppe Costa,Francesco (Jorge Mario Bergoglio),2014 A not to be missed volume about the man who is revolutionizing the Catholic Church and the role of the papacy, an extraordinary collection of the pope's most beautiful phrases and quotations, asking us to focus 'on the essentials, on the necessary things: this is also what fascinates and attracts more, what makes the heart burn'. The words of Pope Francis, which form the support structure of the book, touch the hearts of all, believers or not. Turning these pages, one feels as though partaking in his vision of life and faith, of the content that animates preaching. Words that, together with the images accompanying this moving portrayal of the first months of his papacy, lead straight to the heart of his message: a message of love addressed to everyone and, with still more attentive and affectionate concern, to all those who have lost the meaning of life or are experiencing especially difficult circumstances. What emerges in all its fullness is the limpid gaze with which the new pope observes the world and the Church, which he wants capable of showing the face of closeness and of mercy, since 'to accompany with mercy' is the duty it must set (and that of its ministers): 'Let us be enveloped by the mercy of God; let us trust in His patience, which always gives us more time [...] We will feel His wonderful tenderness, we will feel His embrace, and we too will become more capable of mercy, patience, forgiveness and love.' In the words of Pope Francis, one perceives with extreme clarity the call to the most true and profound values of being Christian. The first successor to Peter coming from the ranks of the Jesuit Order, he has always condemned unjust distribution of wealth, economic inequality and poverty as true human rights violations, like a 'social sin' that robs many brothers and sisters all over the world of the chance to enjoy a full life. And for this 'debt' he demands an ethical and united response. In this volume, which gathers the pope's most authentic message, you will therefore not encounter a tumult of condemnations or sterile prohibitions, nor a long list of precepts, too often ignored in daily life, even by

those who are living the faith. Instead, you will find an appeal to not slip away from the true mission of the Church, called to be the bearer of the announcement at the foundation of the Christian faith: the salvific love of God and salvation through Jesus Christ. 150 colour photographs

The Delaplaine POPE FRANCIS - His Essential Quotations Delaplaine,2017-04

The World of Pope's Satires Peter Dixon,2022-01-29 First published in 1968, The World of Pope's Satires is a stimulating and challenging book showing how the satires written by Pope during the 1730s were not only expressions of his own poetic personality but were also responsive to the habits and attitudes of the age. The author considers Pope's uses of some current conversational technique (especially that of 'raillery') and of the closely related social ideal of the cultivated gentleman. Pope's regard for certain personal attributes and moral values – notably hospitality, integrity, friendship, charity and self-knowledge – is examined in two ways; as it expresses itself positively in the satires, and as it is defined negatively by his antipathy towards courtly self-seeking and hypocrisy, contemporary manifestations of acquisitiveness, and the pride associated with neo-stoicism. The final chapter is wide ranging and shows that although Pope is at times representative, and therefore limited, in his response to the pressures and uncertainties of the age, his satires live because of the subtlety of his treatment of such Augustan commonplaces as Order and Balance and the passion and spirit of his writing. This will be an interesting read for students of English literature.

Pope Francis and Interreligious Dialogue Harold Kasimow,Alan Race,2018-10-29 This book engages thinkers from different religious and humanist traditions in response to Pope Francis's pronouncements on interreligious dialogue. The contributors write from the perspectives of Judaism, Christianity, Islam, Hinduism, Sikhism, Buddhism, and Humanism. Each author elaborates on how the pope's openness to dialogue and invitation to practical collaboration on global concerns

represents a significant achievement as the world faces an uncertain future. The theological tension within the Catholic double commitment to evangelization on the one hand, and dialogue on the other, remains unresolved for most writers, but this does not prevent them from praising the strong invitation to dialogue—especially with the focus on justice, peace, and ecological sustainability.

Shakespeare and Quotation Julie Maxwell, Kate Rumbold, 2018-04-26 Shakespeare is the most frequently quoted English author of all time. Quotations appear everywhere, from the epigraphs of novels to the mottoes on coffee cups. But Shakespeare was also a frequent quoter himself - of classical and contemporary literature, of the Bible, of snatches of popular songs and proverbs. This volume brings together an international team of scholars to trace the rich history of quotation from Shakespeare's own lifetime to the present day. Exploring a wide range of media, including Romantic poetry, theatre criticism, novels by Jane Austen, Thomas Hardy and Ian McEwan, political oratory, propaganda, advertising, drama, film and digital technology, the chapters draw fresh connections between Shakespeare's own practices of creative reworking and the quotation of his work in new and traditional forms. Richly illustrated and featuring an Afterword by Margreta de Grazia, the collection tells a new story of the making and remaking of Shakespeare's plays and poems.

Essays on Pope Pat Rogers, 1993-08-27 Leading literary historian and eighteenth-century specialist Pat Rogers has long been recognized as an authority on the poet Alexander Pope. This volume addresses the many facets of Pope's world and work, and represents Rogers's important contribution over the years to Pope studies. A substantial new essay on Pope and the antiquarians is presented alongside considerably revised versions of essays published in scholarly journals, which together cover most of Pope's major work, including the Pastorals, Windsor Forest, Rape of the Lock, Epistle to Arbuthnot and The Dunciad. There are general essays on form and style, Pope's social context, his dealings with the Burlington circle, and his battles with his publisher. Essays on Pope gathers for the first time the best writing on this celebrated author by one of our foremost critics, and is an indispensable resource for scholars of eighteenth-century literature.

The Treatment of Nature in English Poetry Between Pope and Wordsworth Myra Reynolds, 1896

Women's Place in Pope's World Valerie Rumbold, 1989-09-29 How was Alexander Pope's personal experience of women transformed into poetry? How characteristic of his age was Pope's attitude toward women? What was the influence of individual women such as his mother, Patty Blount and Lady Mary Montagu on his life and work? Valerie Rumbold's is the first full-length study to address these issues. Referring to previously unexploited manuscripts, she focuses both on Pope's own life and art, and on early eighteenth-century assumptions about women and gender. She offers readings of some of the well-known poems in which women feature prominently, and follows Pope's response throughout his writings in general. The poet's own alienation from the dominant culture (through religion, politics and physical handicap), and his troubled fascination with certain kinds of women, make this subject complex and compelling, with wide implications. Dr. Rumbold

provides new insight, and shows how women with whom Pope dealt can themselves be seen as individuals with presence and dignity.
