Hábitos lectores y animación a la lectura Pedro C. Cerrillo Torremocha,Jaime García Padrino,1996 Los trabajos que se incluyen en este libro fueron expuestos por sus autores en el VII Curso de Literatura Infantil que, con el mismo título, se celebró en el Vicerrectorado de Extensión Universitaria de la Universidad de Castilla-La Mancha, con sede en el campus de Cuenca, los días 4 y 5 de julio de 1996. El libro ofrece diversos estudios, trabajos y reflexiones tanto sobre el mundo de la animación a la lectura como sobre la creación de hábitos lectores estables en la población infantil y juvenil: la lectura ideal, la selección de libros, la biblioteca como espacio motivador, la animación a la lectura en diversos contextos o la formación de buenos lectores.

La formación de mediadores para la promoción de la lectura Pedro C. Cerrillo Torremocha, Santiago Yubero, 2003

En la promoción de la lectura, como en la animación a la lectura, sobre todo cuando los destinatarios de las mismas son niños o adolescentes, es muy importante la figura del mediador, papel que, en esas edades, suelen cumplir adultos con perfiles específicos (padres, maestros o bibliotecarios, aunque, en buena lógica, deberíamos considerar también como tales a los editores y a los libreros). El mediador es el puente o enlace entre los libros y esos primeros lectores que propicia y facilita el diálogo entre ambos. El Máster de Promoción de la Lectura y Literatura Infantil de la Universidad de Castilla-La Mancha que se puede cursar desde la red y a distancia, tiene como objetivo básico la formación de especialistas que puedan trabajar en los campos del desarrollo de hábitos lectores y en programas de animación a la lectura, es decir, la formación de mediadores. Los contenidos teóricos de referencia de dicho Máster que aquí se ofrecen los hemos agrupado en cinco partes, que se corresponden con los cinco módulos teóricos que los alumnos cursan durante el primero de los dos años de estudios: Literatura infantil y juvenil, Lenguaje literario y creatividad, Narración infantil y discurso, Evolución psicológica y maduración lectora y Lectura y sociedad. The Teaching of Reading in Spanish to the Bilingual Student: La Enseñanza de la Lectura en Español Para El Estudiante Bilingüe Angela Carrasquillo, Philip Segan, 2013-10-14 This dual-language text provides theory and methodology for teaching reading in Spanish to Spanish/English bilingual or Spanish-dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and, thus, successful in the school system. At the very core of the book are the hispano-parlantes--the Spanish-speaking children--who bring to the schools, along with their native language and cultures, a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus, to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as developmental literacy skills, reading in the content areas, new views of the development of proficiency in the second language, issues related to students with special learning needs, assessment, and the uses of technology in the delivery of instruction. Never losing sight of its goal--to teach reading in Spanish to bilingual or Spanish-dominant students--the book includes a series of focusing questions and follow-up activities; these are not simply translations of existing activities, strategies, and techniques intended for monolingual English students, but specifically designed to be appropriate for

Spanish-speaking students. Directed to university preservice and in-service instructors of reading and bilingual education as well as administrators and district- and school-level staff developers who work with Hispanic populations, the book is sensitive at all times to nuances of the languages and cultures of the intended audiences.

Adaptación para Lectura Coral de la Apología de Sócrates Gustavo De La Rosa Hickerson, 2012-10 La Apología Para los estudiosos del Derecho, la Apología de Sócrates, escrita por Platón diez años después de su muerte, es una obra ineludible es uno de los textos obligados del curso de Seminario de Cultura Jurídica que se imparte en las escuelas de Derecho de las universidades mexicanas. La lectura de los clásicos siempre ha sido dificultosa para los jóvenes, entre otras razones por la diversidad del lenguaje y lo pasivo del proceso de lectura. En la búsqueda de nuevas estrategias de aprendizaje, he adaptado dicha obra para una lectura coral por grupos de hasta veinte alumnos. Además de sistematizar en temas específicos, abordados por Sócrates frente el tribunal ateniense en 399 antes de Cristo, En la práctica esta estrategia de lectura ha resultado interesante para los alumnos de primer nivel del programa de Derecho de la Universidad Autónoma de Ciudad Juárez, porque les permite apoderarse de la obra, organizarse para su presentación, y generar una actividad más dinámica, concordante con la energía de los jóvenes. Para este trabajo he usado la siguiente fuente; La apología de Editorial Virtual, Arg, BUENOS AIRES 2004, visible en el siguiente URL http://www.laeditorialvirtual.com.ar/pages/platon/platon_apologiasocrates.htm.
