

Visual Pleasure And Narrative Cinema

Michael Hoelscher

Laura Mulvey, Visual Pleasure and Narrative Cinema Carolina Hein, 2008 Short essay on the portrayal of women in film, referencing Laura Mulvey's article 'Visual pleasure and narrative cinema'.

Laura Mulvey 'Visual Pleasure and Narrative Cinema' 1975 Mark Lewis, 2016 Since it first appeared in Screen in 1975, Laura Mulvey's essay 'Visual Pleasure and Narrative Cinema' has been an enduring point of reference for artists, filmmakers, writers and theorists. Mulvey's compelling, structured and polemical analysis of visual pleasure has provoked and encouraged others to take positions, challenge pre-conceived ideas and produce new works that owe their possibility to the generative qualities of this key essay. In this book, the artist Rachel Rose has produced an innovative work that extends and adds to the essay's frame of reference. Drawing on eighteenth and nineteenth century fairy tales, and observing that their flat narratives matched the flatness of their depictions, Rose has drawn a connection between what happened in these illustrations before cinema, and what Mulvey describes in her essay--cinema flattening sexuality into visuality. Rose's intricately layered work, with its mixing of genres and histories, is a complex and playful reformation.

Afterimages Laura Mulvey, 2019-11-15 Marking a return for Laura Mulvey to questions of film theory and feminism, as well as a reconsideration of new and old film technologies, this urgent and compelling collection of essays is essential reading for anyone interested in the power and pleasures of moving images. Its title, *Afterimages*, alludes to the dislocation of time that runs through many of the films and works it discusses as well as to the way we view them. Beginning with a section on the theme of woman as spectacle, a shift in focus leads to films from across the globe, directed by women and about women, all adopting radical cinematic strategies. Mulvey goes on to consider moving image works made for art galleries, arguing that the aesthetics of cinema have persisted into this environment. Structured in three main parts, *Afterimages* also features an appendix of ten frequently asked questions on her classic feminist essay "Visual Pleasure and Narrative Cinema," in which Mulvey addresses questions of spectatorship, autonomy, and identity that are crucial to our era today.

Playing with the Gaze in Hitchcock. The Experience of Visual Pleasure in "Rear Window", "Vertigo" and "Psycho" Anett Koch, 2014-06-27 Bachelor Thesis from the year 2011 in the subject Communications - Movies and Television, grade: 1,0, University of Heidelberg, language: English, abstract: Woman [...] stands in patriarchal culture as a signifier for the male other, bound by a symbolic order in which man can live out his fantasies and obsessions through linguistic command by imposing them on the silent image of woman still tied to her place as bearer, not maker, of meaning (Mulvey, Visual Pleasure 15). Ever since Laura Mulvey published her essay Visual Pleasure and Narrative Cinema in 1975, feminist film theorists have challenged her assertion that films are directed at an exclusively male spectatorship. Despite the fact that Mulvey herself has revised some of her ideas in Afterthoughts on 'Visual Pleasure and Narrative Cinema' inspired by King Vidor's *Duel in the Sun* (1946) (1981), theorists are still struggling to understand if and how visual pleasure manifests itself for female viewers. In classical Hollywood cinema, this visual pleasure is the result of successful audience manipulation. Cinema is often regarded as a 'narrative machine' because the narrative is delivered so effortlessly and efficiently to the audience that it appears to have no source (Belton, *American Cinema* 22). As a rule, the film's artifice is hidden so well that it remains unnoticed by the audience, conveying the impression that the narrative is spontaneously creating itself in the presence of the spectators [...] for their immediate consumption and pleasure (ibid.). Thus, cinema's visual manipulation techniques enable viewers to experience visual pleasure as they enter the world on screen and become involved in the lives of their screen surrogates. Among the many talented directors in the history of film making, Alfred Hitchcock is known for being one of cinema's most productive auteurs and a pioneer in the field of visual manipulation. Through his way of directing the camera - and with the camera also the gaze of t

The Sexual Subject Screen, 1992 Brings together indispensable writings on sexuality which have appeared in Screen, posing new conjunctions and making connections in one volume between debates which have spanned the last two decades in film theory.

The Sexual Subject Mandy Merck, 2013-11-05 The Sexual Subject brings together writing on sexuality which has appeared in ^Screen> over the past two decades. It reflects the journal's continuing engagement with questions of sexuality

and signification in the cinema, an engagement which has had a profound influence on the development of the academic study of film and on alternative film and video practice. The collection opens with Laura Mulvey's classic Visual Pleasure and Narrative Cinema with its conjunction of semiotics and psychoanalysis, the critical approach which is most closely associated with Screen's rise to international prominence. The reader then goes on to explore the particular questions and debates which that conjunction provoked: arguments around pornography and the representation of the body: questions of the representation of femininity and masculinity, of the female spectator, and of the social subject. Many of the writings in this Reader have become indispensable texts within the study of film. The purpose of the Reader is not only to make the articles available to a wider readership, and to a new generation, but also to pose new conjunctions, making connections in one volume between debates and inquiries which spanned two crucial decades of film theory. The Sexual Subject is intended not only for all those with a particular interest in film and film theory, but for anyone with a serious commitment to cultural theory, theories of representation, and questions of sexuality and gender.

Visual and Other Pleasures Laura Mulvey, Rajinder Dudrah, 1989

Feminism and Film Theory Constance Penley, 2013-07-04 First published in 1988. Feminism and Film Theory traces the major issues in feminist film theory as they have evolved over the last decade. Comprised of essays that are classics of this intellectually sophisticated area of cultural studies, Feminism and Film Theory makes available much sought after essays that are often difficult to find. Emphasizing the polemical challenge of feminism to film theory, this anthology forces us to reconsider film theory's most basic ideas about genre, narrative, image, spectatorship, and audience. The essays offer a model for a politically engaged critique of contemporary thought. Feminism and Film Theory will be of great interest to students and scholars concerned with film, critical theory, art and media, cultural studies, or feminism.

Psychoanalysis & Cinema E. Ann Kaplan, 1990 First Published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

Film Theory Philip Simpson, Andrew Utterson, Karen J. Shepherdson, 2004 This major new collection identifies the critical and theoretical concepts which have been most significant in the study of film and presents a historical and intellectual context for the material examined.

Nichols Bill Nichols, 1985

Movies and Methods Bill Nichols, 1976 VOLUME 2: Movies and Methods, Volume II, captures the developments that have given history and genre studies imaginative new models and indicates how feminist, structuralist, and psychoanalytic approaches to film have achieved fresh, valuable insights. In his thoughtful introduction, Nichols provides a context for the paradoxes that confront film studies today. He shows how shared methods and approaches continue to stimulate much of the best writing about film, points to common problems most critics and theorists have tried to resolve, and describes the

internal contradictions that have restricted the usefulness of post-structuralism. Mini-introductions place each essay in a larger context and suggest its linkages with other essays in the volume. A great variety of approaches and methods characterize film writing today, and the final part conveys their diversity--from statistical style analysis to phenomenology and from gay criticisms to neoformalism. This concluding part also shows how the rigorous use of a broad range of approaches has helped remove post-structuralist criticism from its position of dominance through most of the seventies and early eighties. -- Publisher description.

The Black Sheep Mary Anderson Casavant, 2004

The Narrative Reader Martin McQuillan, 2000 The Narrative Reader aims to provide a comprehensive survey of narrative theories ranging from Plato to Post-Structuralism. The selection of texts is bold and broad, demonstrating the extent to which narrative permeates the entire field of literature and culture. It shows the ways in which narrative crosses disciplines, continents and theoretical perspectives and is a long overdue and welcome addition to the field. The Narrative Reader will fascinate students and researchers alike, providing a much needed point of entry to the increasingly complex field of narrative theory.
