Sweetness Jeff Pearlman, 2011-10-04 The first definitive biography of Chicago Bears superstar Walter Payton. At five feet ten inches tall, running back Walter Payton was not the largest player in the NFL, but he developed a larger-than-life reputation for his strength, speed, and grit. Nicknamed Sweetness during his college football days, he became the NFL's all-time leader in rushing and all-purpose yards, capturing the hearts of fans in his adopted Chicago. Crafted from interviews with more than 700 sources, acclaimed sportswriter Jeff Pearlman has produced the first definitive biography of Payton. Sweetness at last brings fans a detailed, scrupulously researched, all-encompassing account of the legend's rise to greatness. From Payton's childhood in segregated Mississippi, where he ended a racial war by becoming the star of his integrated high school's football team, to his college years and his twelve-year NFL career, Sweetness brims with stories of all-American heroism, and covers Payton's life off the field as well. Set against the backdrop of the tragic illness that cut his life short at just forty-six years of age, this is a stirring tribute to a singular icon and the lasting legacy he made.

Monsters Rich Cohen, 2013-10-29 The New York Times bestselling gripping account of a once-in-a-lifetime team and their lone Super Bowl championship season. "A solid oral history . . . [Cohen] lays bare his pride and compassion for the warriors who brought glory to Chi-Town for one unforgettable moment." —Entertainment Weekly (A-) Payton, Hampton, McMahon, and Ditka—even the casual football fan recognizes these names, the pillars of the 1985 Chicago Bears: Walter "Sweetness" Payton, the fleet-footed running back; Dan Hampton, the hard-charging defensive tackle known as the "Danimal"; Jim McMahon, the punky quarterback, changing plays on the fly; and Mike Ditka, the hotheaded, mustachioed head coach. In *Monsters*, author Rich Cohen breathlessly recounts the thrilling narrative of their 1985 championship season. It's a story filled with outsized characters and unbelievable-but-true anecdotes gleaned from extensive interviews with the players themselves. It's a story about fathers and sons, love and loyalty, hope and redemption, and pain and joy. It's a story about football, in all its beauty and brutality—the uniquely American sport. These are the 1985 Chicago Bears as only Cohen could

describe them. You'll never see the team, or the game, or your own childhood idols the same way again. "Terrific . . . One of the book's great joys is its successful efforts to tie the threads of the past through the story." —Chicago Tribune "This book—full of soul and searching, and also knock-you-down funny—is not just a great sports book, not just a great Chicago book, but a great book, period." —Dave Eggers

Any Last Words? Joseph Hayden, 2019-07-15 A lighthearted look at the stories behind legendary last words—from heartwarming tales of final moments to hilarious last laughs. Last words are never easy—since, let's face it, they're mostly spoken by people in the worst health of their lives. But even if they aren't eloquent, they can offer a glimpse into the speaker's true self. Some are clever, others are loving, heartbreaking, or occasionally shocking. In *Any Last Words?*, Joseph Hayden explores the last words of more than two hundred actors, athletes, writers, musicians, politicians, intellectuals, criminals, and more. What was the last thing Bogart said to Bacall? What did Marie Antoinette say to her executioner? What were the final thoughts of great thinkers like Charles Darwin and Marie Curie? Or baseball legends like Babe Ruth and Mickey Mantle? Joseph Hayden reveals all these stories and much more in a book that you'll wish would never end.

Choke Sian Beilock, 2010-09-21 Why do the smartest students often do poorly on standardized tests? Why did you tank that interview or miss that golf swing when you should have had it in the bag? Why do you mess up when it matters the most—and how can you perform your best instead? It happens to all of us. You've prepared for days, weeks, even years for the big day when you will finally show your stuff—in academics, in your career, in sports—but when the big moment arrives, nothing seems to work. You hit the wrong note, drop the ball, get stumped by a simple question. In other words, you choke. It's not fun to think about, but now there's good news: This doesn't have to happen. Dr. Sian Beilock, an expert on

performance and brain science, reveals in *Choke* the astonishing new science of why we all too often blunder when the stakes are high. What happens in our brain and body when we experience the dreaded performance anxiety? And what are we doing differently when everything magically clicks into place and the perfect golf swing, tricky test problem, or high-pressure business pitch becomes easy? In an energetic tour of the latest brain science, with surprising insights on every page, Beilock explains the inescapable links between body and mind; reveals the surprising similarities among the ways performers, students, athletes, and business people choke; and shows how to succeed brilliantly when it matters most. In lively prose and accessibly rendered science, Beilock examines how attention and working memory guide human performance, how experience and practice and brain development interact to create our abilities, and how stress affects all these factors. She sheds new light on counter-intuitive realities, like why the highest performing people are most susceptible to choking under pressure, why we may learn foreign languages best when we're not paying attention, why early childhood athletic training can backfire, and how our emotions can make us both smarter and dumber. All these fascinating findings about academic, athletic, and creative intelligence come together in Beilock's new ideas about performance under pressure—and her secrets to never choking again. Whether you're at the Olympics, in the boardroom, or taking the SAT, Beilock's clear, prescriptive guidance shows how to remain cool under pressure—the key to performing well when everything's on the line.

Hurricane Katrina devastated our beautiful coast with her powerful winds, blinding rain and the highest storm surge, ever documented, in the history of the United States. This book is about many of our restaurants, along the coast, that were damaged or destroyed by Hurricane Katrina. Each of these restaurants share the history of how they came to be as well as their personal Hurricane Katrina story. They have also graciously agreed to share some of their most delectable recipes, and believe me you will want to try them all (preferably in their restaurants) Some of our local Mississippi Coast Residents shared their very favorite recipes with us as well. Though not originally from Mississippi, Lee & Linda call the Mississippi Gulf Coast home. Linda writes children's book, as well as adult fiction and Lee is the illustrator. They both enjoyed successful careers in Television and Print advertising, and most recently were employed as Special Project Managers with Books Are Fun, a

Readers Digest Company. Linda's first book, *Awakening Nicholas*, was written under the pen name of Lindsay Delaney; since then she has written the first two installments in her Strawberry Fairy series titled *The Strawberry fairies Save Sandcastle Island* and *The Strawberry Fairies and The Secret Of Mystery Island*. The third installment, *The Strawberry Fairies And The Treasures Of Pirate's Island* will be released soon along with *Willow House*; a mystery that takes place in the city of Ocean Springs, Mississippi.
