Rainbow Body Kurt Leland, 2016-01-01 If you've ever had questions about the inconsistencies between chakra systems or wondered where the names, colors, locations, and other associations came from #8212 you'll find the answers here, along with 24 tables and 28 black-and-white illustrations showing how the Western chakra system developed from the mid-19th through the 20th century, many from rare and forgotten sources. Based on the teachings of Indian Tantra, the chakras have been used for centuries as focal points for healing, meditation, and achieving a gamut of physical, emotional, and spiritual benefits, from improved health to ultimate enlightenment. Contemporary yoga teachers, energy healers, psychics, and self-

help devotees think of the chakra system as thousands of years old. Yet the most common version in use in the West today came together as recently as 1977. Never before has the story been told of how the Western chakra system developed from its roots in Indian Tantra, through Blavatsky to Leadbeater, Steiner to Alice Bailey, Jung to Joseph Campbell, Ramakrishna to Aurobindo, and Esalen to Shirley MacLaine and Barbara Brennan.

Les Clés de l'ésotérisme - Chakras Eric Marson, Roberta Vernon, 2021-03-08 Les chakras sont les centres énergétiques du corps humain : ils sont le siège de nos fonctions internes et les garants de notre bonne santé et de notre ouverture aux autres. Qu'ils se bloquent ou qu'ils perdent leur alignement et c'est alors un flot de sentiments négatifs, de dysfonctionnements et d'affections en tous genres qui nous assaille ! Fort heureusement, nous pouvons agir sur eux et corriger leur déséquilibre, notamment grâce à des pratiques holistiques telles que la guérison par les cristaux, les couleurs, les astres ou encore les huiles essentielles. Après un tour d'horizon exhaustif et approfondi de chacun des chakras (les sept chakras majeurs et les principaux chakras mineurs), la guérisseuse Roberta Vernon nous apprend à identifier et à restaurer l'énergie des chakras bloqués ou affaiblis.

The Archetype Diet Dana James, 2018-06-05 Discover your unique female archetype to combat emotional eating, lose weight, and become your happiest, healthiest you. In working with thousands of women who wanted to lose weight and change the shape of their bodies, leading nutritionist and functional medicine practitioner Dana James observed a striking trend: no matter how diligent they were in sticking to their diet and exercise plans, old behavioral patterns and self-doubt sabotaged their efforts. In *The Archetype Diet*, James helps readers escape the seemingly endless psychological tug-of-war that is hampering their ability to care for themselves and explains which hormones cause you to store body fat on your belly, thighs and hips, and what to eat to change it. A revolutionary, holistic approach to weight loss, this book guides in readers in discovering which of four archetypes they embody: · The Nurturer is always there to care for others. She is kind and compassionate, but this can come at the expense of her own self-care. · The Wonder Woman bases her self-worth on her accomplishments. She is ambitious and driven, but her work often takes precedent over her diet. · The Femme Fatale is sensual, strong, and alluring but can become obsessed with her looks to the point that she develops an unhealthy relationship with food. · The Ethereal is spiritual and intuitive, but highly sensitive to her environment so she tends to eat to numb her reactions to the world. By becoming attuned to your archetype, James shows how you can alter your diet to help feed your unique body chemistry while simultaneously examining how your sense of self-worth shapes your behaviors—including what you eat—in ways that may be working against your goals. Offering recipes, a ten-day meal plan, and a step-by-step psychological intervention, *The Archetype Diet* will put you on the path to becoming leaner, stronger, and more attuned to your feminine fire and energy.
