Peak TV's Unapologetic Jewish Woman Samantha Pickette, 2022-12-19 Peak TV's Unapologetic Jewish Woman: Exploring Jewish Female Representation in Contemporary Television Comedy analyzes the ways in which contemporary American television—with its unprecedented choice, diversity, and authenticity—is establishing a new version of the Jewish woman and a new take on American Jewish female identity that challenges the stereotypes of Jewish femininity proliferated on television since its inception. Using case studies of streaming, cable, and network comedy series from the past decade written and created by Jewish women, including Broad City, Crazy Ex-Girlfriend, The Marvelous Mrs. Maisel, among others, this book illustrates how this new Jewish woman has been given voice and agency by the bevy of Jewish female showrunners interested in telling stories about Jewish women for wider audiences.

From Shtetl to Stardom Michael Renov, Vincent Brook, 2016-12-15 The influence of Jews in American entertainment from the early days of Hollywood to the present has proved an endlessly fascinating and controversial topic, for Jews and non-Jews alike. From Shtetl to Stardom: Jews and Hollywood takes an exciting and innovative approach to this rich and complex material. Exploring the subject from a scholarly perspective as well as up close and personal, the book combines historical and theoretical analysis by leading academics in the field with inside information from prominent entertainment professionals. Essays range from Vincent Brook's survey of the stubbornly persistent canard of Jewish industry control to Lawrence Baron and Joel Rosenberg's panel presentations on the recent brouhaha over Ben Urwand's book alleging collaboration between Hollywood and Hitler. Case studies by Howard Rodman and Joshua Louis Moss examine a key Coen brothers film, A Serious Man (Rodman), and Jill Soloway's groundbreaking television series, Transparent (Moss). Jeffrey Shandler and Shaina Hamermann train their respective lenses on popular satirical comedians of yesteryear (Allan Sherman) and those currently all the rage (Amy Schumer, Lena Dunham, and Sarah Silverman). David Isaacs relates his years of agony and hilarity in the television comedy writers' room, and interviews include in-depth discussions by Ross Melnick with Laemmle Theatres owner Greg Laemmle (relative of Universal Studios founder Carl Laemmle) and by Michael Renov with Mad Men creator Matthew Weiner. In all, From Shtetl to Stardom offers a uniquely multifaceted, multimediated, and up-to-the-minute account of the remarkable role Jews have played in American movie and TV culture.

Horrible White People Taylor Nygaard, Jorie Lagerwey, 2020-11-24 Examines the bleak television comedies that illustrate

the obsession of the white left with its own anxiety and suffering At the same time that right-wing political figures like Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white fragility spread across television screens. American and British programming that featured the abjection of young, middle-class, liberal white people—such as *Broad City*, *Casual*, *You're the Worst*, *Catastrophe*, *Fleabag*, and *Transparent*—proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left, obsessed with its own anxiety and suffering, are complicit in the rise and maintenance of the far right—particularly in the mobilization, representation, and sustenance of structural white supremacy on television. Nygaard and Lagerwey examine a cycle of dark television comedies, the focus of which are “horrible white people,” by putting them in conversation with similar upmarket comedies from creators and casts of color like *Insecure*, *Atlanta*, *Dear White People*, and *Master of None*. Through their analysis, they demonstrate the ways these non-white-centric shows negotiate prestige TV's dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis. Through the lens of media analysis and feminist cultural studies, Nygaard and Lagerwey's book opens up new ways of looking at contemporary television consumption—and the political, cultural, and social repercussions of these “horrible white people” shows, both on- and off-screen.

The Fractured Jew Joel West, 2022-05-02 Historically Judaism has been called both a nation and a religion, yet there are those Jews who eschew the religious and national definitions for a cultural one. For example, while TV's Mrs. Maisel is ostensibly a Jew, the actor playing her is not, and Mrs. Maisel's actions are not always Jewish. In *The Fractured Jew* Joel West separates Judaism into phenomenological and performative, starting with popular portrayals of Jews and Judaism, in today's media, as a jumping-off point to understand Judaism and Jewishness, not from the outside, but from the emic, internal, Jewish point of view.

Canadian Readings of Jewish History Daniel Maoz, Esti Mayer, 2023-03-11 This book takes the reader through a genealogical embodied journey, explaining how our historical context, through various expressions of language, culture, knowledge, pedagogy, and power, has created and perpetuated oppression of marginalised identities throughout history. The volume is, in essence, a social justice initiative in that it shines a spotlight on elitist forms of knowledge, and their attached privileged protectors. As such, the reader will unavoidably reflect on their own pre-conceived meanings and culturally inherent notions while engaging with these pages, and in so doing open a third space where new forms of knowledge that may transcend time and space can evolve into endless possibilities. It is these possibilities of expanding the nuanced meanings of evolving knowledge, fluid lifestyles, and of a dynamic connection to humanity and God, which make this book contextually relevant in our post-modern landscape. It un-situates philosophies which have traditionally been unknowingly situated, and, in so doing, propels the reader to re-interpret discourse and recreate taken-for-granted “universal truths.”

An Orphan in New York City Seymour Siegel,2000-08-14 An Orphan in New York City is about survival. During the Great Depression families who suffered loss of income, loss of health, and loss of life sought frantically for ways to survive. Social Security, Housing and Urban Development, Public Assistance, and Public Health programs available today were limited or non-existent back then. All extended family members helped out as much as they could. When this was not enough, the only choice was to break up the family. Benevolent Jews had established orphanages to care for children left homeless or in poverty. The largest of these orphanages was the Hebrew Orphan Asylum, better known as the HOA or The Home, located between 136th to 138th Streets on Amsterdam Avenue across from the Lewisohn Stadium of the City College of New York City. From 1929 to 1939 the HOA housed more than one thousand boys and girls at a time. The Hebrew Orphan Asylum was

referred to as a city within a city as it was basically self-contained. Not only where there the essentials of residential life--dormitories, a kitchen, a dining room, an infirmary, a dental clinic, and a laundry--but also a public school 192, a synagogue, and a religious school. Then too there were a bakery, a shoe shop, a tailor shop, a barber shop, a clothing store, a candy store, a woodworking room, a sewing room, a photography studio and darkroom, a boys scout room, a band room, a choir room, athletic fields and playgrounds. There was a Reception House, the Main Building, the Warner Brothers Gymnasium (state of the art at that time), and buildings for boilers for heating. It had its own transportation system and a fire engine. There were military bands and drill squads, fraternities and sororities, as well as baseball, basketball, and football teams that competed with other orphanages and the junior varsity at City College. Orphans, half orphans, and children from broken families began their shared institutional lives at the Reception House where they were isolated for two weeks to assure they did not bring any contagious disease or illness into the institution. The author was one of those with a family destroyed by alcoholism and poverty who had to leave his family at the age of nine and begin an orphan's life. He writes: Having seen, from my top-floor perch in the Reception House, children who were playing on the huge field below, and having listened to the marching band and watched the military drills, I was looking forward to moving to the Main Building. But when I finally got there I felt lost in the labyrinth of hallways and doorways, and among the masses of children who were coming and going. Outside, in the courtyard, were more than 100 children talking, shouting and playing together. One of my first memories there is of hearing a short rotund man suddenly shout above that babble of voices: All Steeeeeeeeeeeel! All Still. What that meant only became clear when, as I watched, most of the children froze in their places and stopped talking. One child did not freeze. The man with the powerful voice strode over to him and slapped him so hard across the face that the child fell down. In the years that I would be in the orphanage, that and similar examples made me obey the All Still! and always appear to be following commands, rules, and regulations, even when I wasn't obeying. What I witnessed there, day after day, also reinforced my hopeless and helpless feeling that there were immense forces beyond my control: my father's rage, my separation, my placement in an institutional environment, and the subsequent abuse in that environment. I wept within myself, and there was no adult at the institution to comfort me, not the first day nor the last. For his own healing, Dr. Siegel has written a book about his decade during the depression years in the Hebrew Orphan Asylum

The American Jewish Chronicle ,1916

Jewish Emancipation in a German City Shulamit S. Magnus, 1997 This work seeks to understand how, in nineteenth-

century Germany, Jews and non-Jews shaped and experienced Jewish emancipation, a process whereby Jews were freed from ancient discriminatory laws and, over the course of decades, became citizens. Unlike most other works on German Jewish emancipation, this book examines how so fundamental and dramatic a transformation in the relation of Jews and non-Jews was experienced by the people who lived it, how economic, social, political, and ideological forces interacted to bring about change, and how accommodation actually occurred. The book focuses on Cologne, the most populous and economically powerful city in the Rhineland. Jews, excluded since 1424, returned under French Revolutionary rule, but Napoleonic legislation in 1808 compromised their equality and gave city elders an opportunity to reassert Cologne's historic control when the territory passed to Prussia in 1814. A long struggle between municipal and state authorities ensued, with the city hostile to Jewish rights but ultimately losing its bid to exercise local sovereignty over the Jews. The 1840s saw the advent of the railway age, and Cologne's economic and political climate was transformed. The city soon became the center for Rhenish liberal advocacy of Jewish rights, led by regional entrepreneurs in association with Jewish bankers. The author demonstrates, however, that Jewish emancipation was not simply conferred on Jews from above or engineered by financial mavericks in the community. Rather, it occurred as part of a broad societal transformation and as the result of the efforts and behavior of ordinary Jews, whose voices the author records. The book reveals how such Jews responded to the lure of equality and the pressures of continued discrimination in their business and private lives, and shows how their response fostered a new, positive perception of Jews as honorable people deserving of civic inclusion. It also illustrates how Jews, enjoying unprecedented success and acceptance, fought not only for individual rights but for the right of organized Judaism to achieve a secure place in society.

Collectivization and Social Engineering: Soviet Administration and the Jews of Uzbekistan, 1917-1939 Zeev Levin, 2015-06-29 Zeev Levin seeks to provide a comprehensive picture of government efforts to socialize the Jewish masses in Uzbekistan, a process in which the central Soviet government took part, together with the local, republican and regional administrations and Soviet Jewish activists. This research presents a chapter in the history of the Jews in Uzbekistan, as well as contributing to the study of the socialization process of the Jewish population in the USSR in general. It also contributes to the study of relations among political and government bodies and decision makers. The study is based on archival documents

and provides a unique glance at the implementation of Soviet nationalities policy towards Bukharan Jews while comparing it to other national minority groups in Uzbekistan.

Scorpions Noah Feldman, 2011-01-26 A history of the careers and constitutional visions of four U.S. Supreme Court Justices appointed by Franklin Roosevelt. A tiny, ebullient Jew who started as America's leading liberal and ended as its most famous judicial conservative. A Klansman who became an absolutist advocate of free speech and civil rights. A backcountry lawyer who started off trying cases about cows and went on to conduct the most important international trial ever. A self-invented, tall-tale Westerner who narrowly missed the presidency but expanded individual freedom beyond what anyone before had dreamed. Four more different men could hardly be imagined. Yet they had certain things in common. Each was a self-made man who came from humble beginnings on the edge of poverty. Each had driving ambition and a will to succeed. Each was, in his own way, a genius. Hugo Black, William O. Douglas, Felix Frankfurter, and Robert Jackson began as close allies and friends of FDR. But the quest to shape a new Constitution led them to competition and sometimes outright warfare. *Scorpions* tells the story of these four great justices: their relationship with Roosevelt, with each other, and with the turbulent world of the Great Depression, World War II, and the Cold War. It also serves as a history of the modern Constitution itself. Praise for *Scorpions* "Smart and engaging." —New York Times Book Review "Full of high-stakes intellectual drama." —Washington Post "A first-rate work of narrative history that succeeds in bringing the intellectual and political battles of the post-Roosevelt Court vividly to life." —Publishers Weekly

The Elections in Israel 2009 Michal Shamir, 2017-07-28 The elections to the 18th Knesset (legislature of Israel) were held on February 10, 2009, almost three years after the elections to the 17th Knesset and approximately twenty months before the original date set for them to be held. The elections are best understood in the context of the wars that were at each end of Ehud Olmert's government tenure, corruption scandals involving the prime minister, and the failure of Tzipi Livni, the newly elected head of the ruling center party, Kadima to form a new coalition following Olmert's resignation. The election campaign of 2009 began with the resignation of Ehud Olmert in the shadow of his corruption scandals and issues of integrity and clean government. This was followed by the world financial crisis, which directed attention towards the economic dimension and performance of the candidates. On the face of it, the campaign was cut short when military action began in Gaza. Still, the election was on the minds of candidates, and the question of who can best ensure security prevailed in the campaign. It

became personalized and focused on the candidates: the two candidates who had once headed the government and aspired to return, Benjamin Netanyahu and Ehud Barak, and the chairperson of Kadima, Tzipi Livni, who was running for the first time as head of a party. The Elections in Israel 2009 will be of particular interest to those concerned with comparative politics and elections in an open society. This volume is the latest in the series begun in 1969.
