A Happy Pocket Full of Money, Expanded Study Edition David Cameron Gikandi, 2015-10-01 It's Not Just About the Money True wealth is not about buckets of cash. True wealth is not about designer clothes. It is not about a new Mercedes. It is not about living in a palatial estate. True wealth, asserts David Gikandi, is about discovering value within yourself and value within other people. It is about a kind of conscious living that incorporates gratitude, a belief in abundance, and the experience of joy. Based on the recent discoveries of theoretical physics and a close reading of inspirational classics of the last century, Gikandi creates a new model for the creation of personal wealth; a new model that shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. Learn to use an internal mantra to build wealth consciousness. Practice conscious and deliberate thoughts and intentions. Decide, define, and set goals you can believe in. Practice gratitude, giving, and faith, and experience abundance and joy in your life. Includes a 16-page study guide--for individuals and group use.

A Happy Pocket Full of Money David Cameron Gikandi, 2011-10-01 A Happy Pocket Full of Money, first self-published in 2001, so impressed Rhonda Byrne, that she asked David Gikandi to become a consultant on The Secret. In A Happy Pocket Full of Money, Gikandi explains that true wealth is not about having buckets of cash, but rather understanding the value within. True wealth flows out of developing wealth consciousness, that incorporates gratitude, a belief in abundance, and an ability to experience joy in life. He explores how recent discoveries in theoretical physics are relevant for the creation of personal wealth and shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. A Happy Pocket Full of Money features: --How to use an internal mantra to build wealth consciousness. --How to be conscious and deliberate about your thoughts and intentions. --How to decide, define, and set goals you can believe in. --How to act on your beliefs and overcome challenges. --How to incorporate gratitude, giving, and faith to experience abundance and joy in life. This inspirational book will change how you view and create money, wealth, and happiness in your life.

A Happy Pocket Full of Money, Expanded Study Edition David Cameron Gikandi, 2015-10-01 This is the book that has served as an entry point to the Law of Attraction for thousands of readers throughout the world. David Gikandi starts with basics. Wealth is not about having buckets of cash--although that might be a by-product of wealth. True wealth

understands the value within. True wealth flows out of developing wealth consciousness. True wealth flows out of internalizing the mantra: I am wealth. I am abundance. I am joy. To help people better understand and utilize this simple system, a 16-page study guide has been added to the original text, making it the ultimate self-help book.

Uncommon Law of Learned Writing 2.0 Chinua Asuzu, 2023-09-10 As lawyers, we must not, in hot pursuit of common law, outrun common sense. The dread of that eventuality prompted this book. Uncommon Law of Learned Writing 2.0 promotes common sense in legal language. Plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people—it's the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese—a dense, verbose dialect known only to lawyers. What then should society do to redress the lawyer-induced obscurity? A Shakespearean character had an alarming proposal: “The first thing we do, let's kill all the lawyers.” Apparently, that proposal was not enthusiastically endorsed, which explains why we're still here. A milder remedy—enrolling lawyers in language classes—has been mooted, which explains why this book is in your hands. Uncommon Law of Learned Writing 2.0 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries. This book is as sweeping and authoritative a treatment of its subject as you can find anywhere.

Decoding the Secret Study Guide Rich Cavaness, Leo Schreven, 2007-06-12 YOU ARE A LIVING MAGNET! You are where you are today because of the Law of Attraction. The Bible teaches us in Proverbs 23:7 that what a person allows to be part of their dominant thoughts then becomes who they are. Thoughts become things! Let Rich Cavaness and Leo Schreven explain for you how The Secret applies to your life from the Creator God's perspective. Until now there has not been a book that has offered all the pieces to the puzzle - now Decoding the Secret addresses the Law of Attraction from a mental, physical, emotional, financial, social and most importantly, from a spiritual standpoint. THIS BOOK WILL ADDRESS THESE IMPORTANT QUESTIONS: * Why do things always seem to go wrong for you? * Why does money seem to avoid you like the plague? * Why is your life a living testament of your dominant thoughts? * How does God work with the Law of Attraction? * Why does your lack of faith and belief prevent God's blessing? * How can you visualize and focus turn dreams into reality? * Why can your tongue be either a miracle or a curse? Using an open-minded approach, explaining clearly how The Secret is very real in our lives and Biblically proven, Rich and Leo, who are living testimonies to the Law of Attraction, will challenge

and convince you that there is a God in the Universe who hears and answers your prayers... Ask, Believe, and Receive!

Deck the Hall Andrew Gant, 2023-10-12 'Christmas carols are sung in church, therefore Christmas carols have always been sung in church. Christmas carols have these words and this tune, therefore Christmas carols have always had these words and this tune. Well, not really. Our carol tradition, like us, is a rich and dynamic mixture. An ecosystem, not a still life.' Written with effervescent charm and professional knowledge, composer and conductor Andrew Gant reveals the fascinating musical and social history behind our favourite Christmas carols. From the Annunciation to Epiphany, the episodes of the Christmas story link the tales and anecdotes behind twenty-seven carols from a variety of traditions and places of origin: those that come from folk song; those we owe to Victorian moralists, and those that are, in fact, French. As Andrew says, 'Some carols were born to Christmas, some have achieved Christmas, and some have had Christmas thrust upon them.' This wonderful, rich musical treat gives us a unique insight into our Yuletide traditions and customs. A delightful gift for anyone who loves to sing, or who just loves Christmas trivia, this is the ideal companion with which to while away those lazy days

between Christmas and New Year. 'Ding dong! This is my kind of Christmas present. A musical Christmas cracker - fascinating and full of interesting surprises.' Gyles Brandreth 'Enlightening and entertaining. You'll never hear or sing these carols in the same way again' Anne-Marie Minhall 'And I thought I knew about Christmas carols.' John Rutter
