

Morris West The Clowns Of God

Ethel R. Nelson

The Clowns of God Morris West,1981-05 Pope Gregory XVII claims to have received a private revelation of the end of the world--an apocalypse coming not in some distant future but at any moment. Is he a madman--as his cardinals suspect--a mystic, or a fanatic grasping for an unholy power?

The Whisper of Spirit Antony F. Campbell,2008-01-29 The Whisper of Spirit is a searching reflection on faith in a God both far above us and personally close to us.--Back cover.

The International Politics of an Embodied God Stephen Chan, OBE,2024-10-02 In a world of violence in which religion seems to play an increasing role, the understanding of the Religions of the Book, Judaism, Christianity, and Islam, is highly important. This book concentrates on these religions, all with common ancestry, that claim their mandates come from a holy text. These religions are embodied in both a text and a political purpose associated with a contentious nationalism and internationalism. Chan indicates their commonalities, especially in the political realm, but also their approaches to conflict with one another, within themselves, and with others who do not have a centralizing Book.

Dignity and Destiny John F. Kilner,2015-01-08 Misunderstandings about what it means for humans to be created in God's image have wreaked devastation throughout history -- for example, slavery in the U. S., genocide in Nazi Germany, and the demeaning of women everywhere. In Dignity and Destiny John Kilner explores what the Bible itself teaches about humanity being in God's image. He discusses in detail all of the biblical references to the image of God, interacts extensively with other work on the topic, and documents how misunderstandings of it have been so problematic. People made according to God's image, Kilner says, have a special connection with God and are intended to be a meaningful reflection of him. Because of sin,

they don't actually reflect him very well, but Kilner shows why the popular idea that sin has damaged the image of God is mistaken. He also clarifies the biblical difference between being God's image (which Christ is) and being in God's image (which humans are). He explains how humanity's creation and renewal in God's image are central, respectively, to human dignity and destiny. Locating Christ at the center of what God's image means, Kilner charts a constructive way forward and reflects on the tremendously liberating impact that a sound understanding of the image of God can have in the world today.

God Within You Father T. Ronald Haney, 2005-08-05 Do you have trouble praying? Do you get easily disconcerted? Aggravated? Depressed? Stressed? Anxious? Do you have low self-esteem? Lack a sense of self-worth and self-acceptance? Do you feel socially inadequate? Are you having problems loving and being loved? Do you feel disillusioned in your marriage? Lonely in your single life? Are you bored with the routine of your daily living and relating? With stories, both inspirational and humorous, references to Scripture, movies, novels, TV programs as well as to religious leaders and the works of spiritual writers, the author draws you into the intimacy of the life of the Trinity dwelling within you and you within the Indwelling Trinity. In this dynamism, the world of mystical experience opens up to you and lures you in.

Pontiff Gordon Thomas, Max Morgan-Witts, 2014-07-01 The story of Paul VI, John Paul I, and John Paul II—and an assassination plot—by the New York Times–bestselling coauthors of *The Day the World Ended*. The Vatican has remained one of the last unexamined mysteries of the modern world. For centuries, pomp and pageantry have hidden from view the dramatic, sometimes sinister, realities that haunt the office of Supreme Pontiff and the men who make up his papacy. Gordon Thomas and Max Morgan Witts now bring their tremendous investigative talent to this most secret of institutions, offering us an unrivaled portrait and day-to-day account of the lives, personalities, and relationships of the three most recent popes: an equally fine account of the hour-by-hour deliberations of the closely guarded conclaves at which two popes were elected in the fateful year of 1978; and a remarkable rendering of the concrete issues facing the institutional papacy—in foreign affairs, economic matters, and the human factor—the highly individual ambitions, loyalties, and hatreds that characterize the men and women who serve the Holy Father. The result is a book that is ahead of the world's headlines, a book that makes headlines of its own. Not only have the authors brought the world of the Vatican into the open, their sleuthing has uncovered several major news stories. *Pontiff* includes a day-to-day account of the assassination attempt by Mehmet Ali Agca upon John Paul II: Agca's history and family, his right-wing political connections, his activities and jailing in Turkey, his escape from jail aided by the KGB, his movements through terrorist training camps in Libya and Syria, and a complete investigation of the Bulgarian connection that led to the shooting in St. Peter's Square. Here, also, is the story of John Paul II's involvement with the creation of Solidarity in Poland, and his almost-daily secret contacts with Lech Walesa, as well as the unprecedented letter to Brezhev threatening his resignation from the papal throne. In addition, owing to the authors' intricate web of connections at the Vatican (including many cardinals), the book contains previously unknown information about the man

entrusted with the Church's money, Paul Marcinkus, and his relationship with the shadowy Michele Sindona. Pontiff is a fascinating revelation of a world previously unknown to us, and an intimate view of a few men in Rome trying to lead an increasingly unwilling world to their own vision of salvation.

The Priest's Woman John Stephen Ayliffe, 2012-10 Keeping the Faith in spite of the Church: True love triumphs against the Catholic Church's most outdated law, a gay priest is hounded by the Vatican's Secret Police, a courageous young journalist takes on Nazi Germany and exposes the Pope who aided Hitler - Composed over three decades my stories from real life are about the struggle between Faith and organised religion, its hierarchical duplicity, shameful denial and lack of justice and compassion. I'd love to be a Catholic, but the Church is in the way, says Jimmy, who wants to make love not war.

Burkitt Cancer Fiber Ethel R. Nelson, 1998 The story of Dr. Denis Burkitt, who was renowned in medical circles for discovering a grotesque cancer in children (Burkitt's lymphoma). For more than 20 years Dr. Burkitt tirelessly traversed the world, skillfully lecturing on the potential for preventing disease through improved nutrition, including the dangerous role of a high-fat diet.

God or Nations William Durland, 2010-05-01 The difficulty in realizing that a truth beyond culture exists is perhaps the greatest single barrier to the life of love. Our culture is permeated by violence, militarism, materialism, patriotism to nation right or wrong, the supremacy of force, racism, sexism. Most people, seeking approval of their peers, never see how destructive these false values are. Here you are challenged to be dissatisfied with this cultural reality; to resist custom, habit, tradition, mores, social environment, even heredity; to act on your own conscience, to reform reality, to return good for evil,

to love your enemy, to serve the oppressed.

Random Musings of a Contented Old Man D. A Secret World A.W. Richard Sipe, 2013-05-24 A Secret World is a valuable contribution to the field of Family Therapy. Looks at the history and origins of celibacy, discusses its role in the priesthood, and considers the psychological aspects of celibacy.

Nuclear Fear Spencer R. WEART, Spencer R Weart, 2009-06-30 Our thinking is inhabited by images-images of sometimes curious and overwhelming power. The mushroom cloud, weird rays that can transform the flesh, the twilight world following a nuclear war, the white city of the future, the brilliant but mad scientist who plots to destroy the world—all these images and more relate to nuclear energy, but that is not their only common bond. Decades before the first atom bomb exploded, a web of symbols with surprising linkages was fully formed in the public mind. The strange kinship of these symbols can be traced back, not only to medieval symbolism, but still deeper into experiences common to all of us. This is a disturbing book: it shows that much of what we believe about nuclear energy is not based on facts, but on a complex tangle of imagery suffused with emotions and rooted in the distant past. Nuclear Fear is the first work to explore all the symbolism attached to nuclear bombs, and to civilian nuclear energy as well, employing the powerful tools of history as well as findings from psychology, sociology, and even anthropology. The story runs from the turn of the century to the present day, following the scientists and journalists, the filmmakers and novelists, the officials and politicians of many nations who shaped the way people think about nuclear devices. The author, a historian who also holds a Ph.D. in physics, has been able to separate genuine scientific knowledge about nuclear energy and radiation from the luxuriant mythology that obscures them. In revealing the history of nuclear imagery, Weart conveys the hopeful message that once we understand how this imagery has secretly influenced history and our own thinking, we can move on to a clearer view of the choices that confront our civilization. Reviews of this book: Nuclear Fear is a rich, layered journey back through our 'atomic history' to the primal memories of monstrous mutants and mad scientists. It is a deeply serious book but written in an accessible style that reveals the culture in which this fear emerges only to be suppressed and emerge again. --Ellen Goodman, Boston Globe

Reviews of this book: A historical portrait of the quintessential modern nightmare...Weart shows in meticulous and fascinating detail how [the] ancient images of alchemy-fire, sexuality, Armageddon, gold, eternity and all the rest-immediately clustered around the new science of atomic physics...There is no question that the image of nuclear power reflects a complex and deeply disturbing portrait of what it means to be human. --Stephan Salisbury, Philadelphia Inquirer

Reviews of this book: A detailed, probing study of American hopes, dreams and insecurities in the twentieth-century. Weart has a poet's acumen for sensing human feelings ... Nuclear Fear remains captivating as history...and original as an anthropological study of how nuclear power, like alchemy in medieval times, offers a convenient symbol for deeply-rooted human feelings. --Los Angeles Times

Reviews of this book: Weart's tale boldly sweeps from the futuristic White City of the 1893 Chicago World's Fair and the discovery of radioactivity in 1896 through Hiroshima and Star Wars... (An) admirable call for synthesis of art and science in a true transmutation that takes us beyond nuclear fear. --H. Bruce Franklin, Science Bestseller

John: The Martyr's Gospel Paul S. Minear, 2003-09-08 This volume makes a contribution to interpretation of this Gospel focusing attention on the Gospel itself as a series of conversations between the early Christian prophet and his immediate audience, the charismatic leaders and their followers in the churches of Judea and Jerusalem before the war with Rome, A.D. 66-70. The context of these conversations is one of great danger, often of martyrdom, which impelled the spirit-guided prophet to address to his charismatic colleagues these messages from the risen Lord. The book analyzes the central thrust of these messages, provoking fresh encounters between modern readers and the ancient author.

Writing in the tradition of Martin Luther King Jr., Dorothy Day, and Mahatma Gandhi, John Dear shares his reflections and theology on the run, from the front lines of the struggle for justice and peace. *Seeds of Nonviolence* inspires us to undertake our own experiments in Gospel nonviolence and to reap a new harvest of peace and justice.
