The Manuscript Poems of A. E. Housman Tom Burns Haber, 1955-01-01 The Manuscript Poems of A.E. Housman was first published in 1955. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Poetry lovers everywhere, and devotees of A. E. Housman in particular, will recognize a major literary event in the publication of this volume, for it makes available for the first time some 800 lines of hitherto unpublished poetry by the well-loved author of A Shropshire Lad. This is a significant addition to the Housman treasury because the English poet published a total of only 2216 lines of poetry during his lifetime. Dr. Haber has drawn the material for this volume from the four Housman notebooks in the Library of Congress, where they were deposited in 1940, four years after the poet's death. In an introductory section the editor describes the notebooks themselves and tells in detail the fascinating story of how the manuscripts—erased, canceled and glued fast to mounting sheets — were preserved and deciphered. The notebooks, dated from 1890 to 1925, contain the most valuable manuscript remains of Housman's poetic writings. In the material that is published here for the first time there are included complete poems, fragments of poems, and abandoned lines and stanzas from well-known lyrics. In addition the editor has provided a list of variants which the poet inserted into his printers' copies of A Shropshire Lad and Last Poems. Among the newly published complete poems are some that Dr. Haber believes should be ranked with Housman's outstanding work. In the material that shows the poet's revisions of his own writings, the reader is afforded an intimate glimpse into the creative processes of a poetic genius, a privilege that will be especially appreciated by students and critics. Many explanatory notes are appended to show how Housman's poetry matured from first draft, through final copy, to the printed page.

Marijuana Impaired Youths Kay Wachuku,2004 There are many literatures that offer insight on substance abuse treatment, yet very few have targeted specific treatment protocol for youths. Marijuana is the national youth drug of choice. Our society has a very liberal view of marijuana. As a result, we generally tend to undermine the serious problems of

marijuana addiction among our youths. Marijuana is undoubtedly a major gateway drug to other lethal drugs, but its ability to stymie ambition, productivity, and hope among youths continues to receive second-hand consideration in our national social problems. Many youths abuse marijuana, yet there are no treatment programs specifically targeted to treating marijuana-addicted youths. As medical marijuana movement gathers momentum nation-wide, it is imperative that we prepare for potential consequences of the misconceptions of medical marijuana. A recent CNN poll indicated that 75% of Americans favor legalizing medical marijuana with a view to taxing its sales and using the money to defray medication cost for seniors. This perverse intent to hide a bad motive underneath a good one if allowed to materialize would have far-reaching consequences. Marijuana Impaired Youths is a clinical handbook intended to educate the general public about the implicit and explicit dangers inherent in marijuana use and abuse. The book epitomizes the culmination of twelve years of clinical experience in working with marijuana abusing youths. The main objective of the book is to offer a desktop reference for addiction counselors, mentors, school counselors, teachers and parents for working with youths. The book uses vivid vignettes of real life clinical literary sketches to illustrate the challenge, cognitive damage, discomfiture and distortion a marijuana abusing youth faces. Most importantly, the sketches offer serious professional insight on how to confront and treat youths who abuse marijuana. The ultimate goal of the author is to educate counselors, youth mentors, teachers and parents on the dangers of marijuana.

Anthology of Monographs on Addiction Studies Kay Wachuku, 2002-12-17 Rick Biesada picks up where the mundane Clinton biographers left off . . . or were too timid to delve into. He pulls no punches in his scholarly review of his encounter with Hillary, where he worked as a bouncer in a Chicago bar. Back in the old days . . . when we served alcohol to minors and bred red-blooded American men . . . not little pudgy nerds running around in fanny packs. Angry White Male and the Horse He Rode In On, was inspired in part by the Clinton Impeachment as a tribute to the House Managers. The disgusting bias and contemptuous farce from our elected officials and their parasitic cohorts in the media, showed that our nation would never be great again. The components are no longer there. We've lost our resolve. President Clinton wasn't on trial, our rule of law was on trial and these Jackasses disintegrated the defining moment' of our rule of law. Most citizens don't know about or care about our heritage now that we've evolved into a complacent society of victims. Fortunately, there are a few people still around to protect our freedom and sovereignty. This non-fiction book of political satire and factual history as witnessed by Mr. Biesada, [an education you'll never learn in school] is intended to restore hope and teach generations of Americans, who don't quite understand our heritage to get some order about themselves and hold our elected officials accountable when they violate the public trust.
