

Second Place Is First Loser

Jeff Ross

The Dictionary of Modern Proverbs ,2012-05-22 You can't unring a bell. It takes a village to raise a child. Life is just a bowl of cherries. We sometimes think of proverbs as expressions of ancient wisdom, but in fact new proverbs are constantly arising. This unique volume is devoted exclusively to English language proverbs that originated in the twentieth and twenty-first centuries. The most complete and accurate such collection ever compiled, The Yale Book of Modern Proverbs presents more than 1,400 individual proverbs gathered and researched with the help of electronic full-text databases not previously used for such a project. Entries are organized alphabetically by key words, with information about the earliest datable appearance, origin, history, and meaning of each proverb. Mundane or sublime, serious or jocular, these memorable sayings represent virtually every aspect of the modern experience. Readers will find the book almost impossible to put down once opened; every page offers further proof of the immense vitality of proverbs and their colorful contributions to the oral traditions of today.

Crackback John Coy,2010-02-01 In his gripping debut novel, acclaimed picture book author John Coy presents the high stakes world of high school football, where doing what it takes to win doesn't always mean doing the right thing. When Miles Manning, a successful high school football player, discovers his teammates are using steroids--and one of them is his best friend--he's faced with a tough decision: Is he willing to do what it takes to win? Football is his life, and his family, especially his dad, is pinning its hopes on him. It's a lot of pressure for a high school junior to bear. This gripping look into the world of high school boys and athletes--and their struggle to be the best--is provocative and searingly honest.

The 100 Most Pointless Things in the World Alexander Armstrong,Richard Osman,2012-10-11 The world is full of pointless things. From rail replacement bus services to chip forks. From war to windchimes. From people who put cushions on beds to people who read the bit they write about the book on amazon. Look around you right now. Just about the only thing that isn't pointless is you. You look amazing. Join Alexander Armstrong and Richard Osman, the hosts of BBC1 quiz show Pointless as they take you on a journey through The 100 Most Pointless Things in the World. Filled with play-along quiz questions and unlikely facts, their hilarious collection of musings on some of the most pointless things found in everyday modern life is the perfect blend of the obscure, the fascinating and the downright silly.

Above All Else Jeff Ross,2014-03-01 Del plays striker on his high school soccer team, the Cardinals, and they've gone

almost three seasons undefeated. To Del, it's just a game, but some of the players think winning is all that matters. When an ugly tackle results in a major loss for the Cardinals against their main rival, the Rebels, things get heated between the teams. That night, one of Del's teammates has his ankle broken by an unknown assailant, leaving him unable to take part in the playoffs. As Del tries to figure out which of the Rebels' players is responsible for the attack, his coach brings in a substitute player, and he's actually really good. Is it just a coincidence, or did someone finally take the above all else mentality too far? This short novel is a high-interest, low-reading level book for middle-grade readers who are building reading skills, want a quick read or say they don't like to read!

Greatness Don Yaeger, 2011-10-24 GREATNESS is a motivational book whose target audience is found in business and self-help. It is a life book, aimed at inspiring others to achieve their personal and professional best. Opening with an in-depth discussion of the nature of Greatness-what it is, what it is not, and why it is worth pursuing-each subsequent chapter of the book consists of a detailed story illustrating one aspect of Greatness with examples from the sports greats that Don has interviewed over the years. This will be followed by a discussion and other related examples. There are also practical tips and plans for assisting the reader in implementing new habits, routines, practices, and philosophies of Greatness into his or her daily life. As each characteristic is outlined, the reader is challenged to look for areas in his or her professional and personal lives that can be improved by embracing these lessons. As Don often says during his speeches, Though these characteristics are culled from some of the greatest winners in sports, not a single one requires you to be able to touch your toes! These iconic figures in sports have provided a classroom for us to learn about their pursuit of Greatness. You don't have to be good at sports - heck, you don't even have to like sports - to benefit from their lessons. It is the strong belief of those who Don has talked to over the years that greatness is available to all of us. Not in the same way or on the same field, mind you. But we all have the capacity to achieve greatness if we'll give the same dedication to these characteristics as do the winners presented and interviewed in GREATNESS.

Shutout Jeff Ross, 2019-01-29 Alex Paterson is the number-one goalie on his high-school hockey team. Alex is thrilled that his team has made the playoffs. But when graffiti that apparently can be traced back to Alex is found on the walls of the school, and a photo of Alex at a party with a beer in his hand starts making the rounds, he is suspended from the team, and his reputation as a good kid is put in doubt. Alex knows he's innocent. The problem is, he cannot figure out who would want to frame him. Or why. Is it the other goalie who wants all the glory for himself? Or someone from a rival team looking for an advantage? With everyone assuming the worst about him, it's up to Alex to find out who is behind it all, not only to clear his name, but to save the season. This short novel is a high-interest, low-reading level book for middle-grade readers who are building reading skills, want a quick read or say they don't like to read!

Baseball's Funnymen Lew Freedman, 2017-01-05 From Nick Altrock to Casey Stengel, Dizzy Dean to Satchel Paige, Bill

Veeck to Bob Uecker, baseball has always admired the clever. This book tells the stories of some of the players, coaches, managers and broadcasters who had the most fun in the Major Leagues and made fans laugh out loud (or shake their heads in disbelief). The author recounts tales both famous and little known that capture the character of unusual and offbeat players, unique and engaging personalities and the succession of eccentrics who were officially dubbed Clown Prince of Baseball.

The Mag and Clara Balefire Mysteries ReGina Welling, Erin Lynn, 2019-08-23 The Mag and Clara Balefire Mysteries feature older female sleuths navigating small-town murder and mayhem with humor, a side of magic, and a double dose of snark. New town, fresh spells... and a suspiciously high body count. Meet Mag and Clara Balefire—witches, sisters, and reluctant amateur sleuths. When they move to the coastal town of Harmony, Maine, they're hoping for quiet lives filled with antiques and essential oils—not corpses and coven politics. Too bad Harmony has other plans. Murder Above the Fold One dead welcome wagon greeter, one very magical antique shop, and two witches determined to prove the murder wasn't an accident—even if it means exposing their powers. Murder on the Backswing A cranky mailman is bludgeoned to death, and Mag was the last one seen arguing with him. Now the sisters have to find the killer before Mag ends up behind bars. Murder Below the Waterline A canoe race, a national TV crew, and one very inconvenient murder. With magic interfering in the weather and secrets swirling beneath the surface, the sisters are in over their heads—literally. ☐☐☐☐ “If you love magic, murder, and two sisters with razor-sharp banter, start this series immediately. Cozy mystery perfection!”

The Complete Mag and Clara Balefire Mysteries ReGina Welling, Erin Lynn, 2025-05-29 From bestselling mother-daughter duo ReGina Welling and Erin Lynn comes the full-length Mag & Clara Balefire mystery series—a blend of sharp-witted sleuthing, magical misfires, and sisterhood that runs deeper than any spell. Five books. Zero time for retirement. Mag and Clara Balefire thought Harmony, Maine would be a quiet place to settle down. Instead, they find themselves at the center of a series of murders, magical disturbances, and small-town secrets no charm can fix. Includes: Murder Above the Fold Murder on the Backswing Murder Below the Waterline Haunted by Murder Middle Age Before Beauty ☐☐☐☐ “This series is like watching your favorite characters grow while the stakes—and the magic—keep getting smarter. Honest, funny, and a little wicked in all the right ways.”

The Nvidia Way Tae Kim, 2024-12-10 [L]oaded with fascinating details about Huang's unusual leadership style and maniacal work habits. —Ben Cohen, Wall Street Journal The definitive look at the most remarkable business story of this era. —Morgan Housel, New York Times best-selling author of *The Psychology of Money* and *Same As Ever* A deeply reported business history of the chip-designer Nvidia—from its founding in 1993 to its recent emergence as one of the most valuable corporations in the world—explaining how the company's culture, overseen by cofounder and CEO Jensen Huang, has powered its incredible success. Nvidia is the darling of the age of artificial intelligence: its chips are powering the generative-

AI revolution, and demand is insatiable. For all the current interest and attention, however, Nvidia is not of our time. Founded more than three decades ago in a Denny's in East San Jose, for years it was known primarily in the then-niche world of computer gaming. In fact, the company's leather-jacketed leader, Jensen Huang, is the longest-serving CEO in an industry marked by near constant turmoil and failure. In *The Nvidia Way*, acclaimed tech writer Tae Kim draws on more than one hundred interviews—including Jensen (as he is known) and his cofounders, the two original venture capital investors, early former employees, and current senior executives—to show how Nvidia played the longest of long games, repeatedly creating new markets and outmaneuvering competitors, including the original semiconductor giant, Intel, which now finds itself well behind the upstart. Kim offers revelations at every step, among them: An authoritative, myth-busting account of Nvidia's founding in 1993. How Nvidia managed to overcome early missteps that would have killed most start-ups. The benefits of Nvidia's flat organizational structure, which allows even low-level employees to contribute to the direction of the company. How Jensen's obsession with solving the Innovator's Dilemma—the problem of an entrenched market leader falling to smaller, nimbler companies—drove him to reinvent his approach to corporate strategy. How Nvidia saw the coming AI wave sooner than anyone else, and how it bet its future on a technology that had not yet arrived. A rare view into Nvidia's distinct culture and Jensen's management principles, *The Nvidia Way* is a book for our moment as well as an instant classic of business history, with enduring lessons for entrepreneurs and managers alike.

Friends Watching Friends Katherine Dillion, 2009-10-02 *Friends Watching Friends: American Television in Egypt* is a media study on the impact and influence of American television in Egypt. Based on personal and small group interviews and research from 2004–2006, the work includes ways that Egyptian women view the influence of American television in their daily lives as well as showing ways that Egyptians use the media to develop their ideas about Americans. Using the sitcom *Friends* as a focal point, the study probes commonalities about humor between Egyptian and American women that make *Friends* particularly appealing as an international text. Additionally, using an ethnographic approach, the research examines relevant social trends in employment, relationships, and the economy. It celebrates a diversity of opinions among Egyptian women and gives voice to those who want to share their views with others internationally and who have a strong tie to their own culture and heritage.

Betting on the Maverick Cindy Kirk, 2015-09-15 HOW LUCKY CAN YOU GET? Rust Creek Ramblings You heard it here first: Good ol' boy Brad Crawford left that raucous Fourth of July card game with legal possession of Boyd Sullivan's Leap of Faith Ranch. Never mind that Brad took advantage of an old man under the influence. The handsome and cocky Crawford has always had a me first philosophy. Now we've learned that Boyd's long-absent daughter Margot Sullivan has returned to Rust Creek Falls and is living with Brad at the Leap of Faith! It seems unthinkable that the strong-willed, sassy rodeo rider would allow Brad to take advantage of her. So just what is going on behind those weathered fences? Place your bets, savvy readers.

Could the right woman finally have reformed Brad the cad?

Project Management: It's All Bollocks! Susie Palmer-Trew, Peter Taylor, 2019-12-05 Welcome to Project Management: It's All Bollocks! where two people who vaguely know each other and barely like each other will pick over the sadly inadequate body of knowledge that is project management today, and generally challenge just about everything, eliminating that which you don't need to bother to learn about, or should already know, leaving you only with the parts that will give you the results you want. This book is a shakedown of project management, the profession, the myths it creates and promotes, its great ideas and ambitions and a few rosey bits that we're just not convinced about. The project management profession continues to grow and mature, but is at risk of excluding those who don't fit the mould. There is a mystique out there that only certificated project managers can be project managers. This is nonsense. The project management skill set is accessible to anyone, and how you choose to access it and put it to use should remain the decision of the individual. There shouldn't be a right or wrong choice. This book is targeted at those 'projects as usual project managers' who will drive most of the change inside organisations tomorrow and beyond, and who really need help to do that. The authors offer up a selection of seven cracking ideas, that when applied to a project environment will ultimately result in you being a good manager of projects in this modern world of business complexity.

Kiss of the Marlin Mark Fiorito, 2011-12 What would you be willing to do to change your life's direction? That's the question that Casey Doran, a man of perpetual inaction and rigid standards, is faced with. His ordinary life is upended after a whimsical intervention south of the border leads him on a new path of self-discovery and earthly enchantment. He comes to realize along the way that love has many faces, and even more important, that playing it safe can be the most dangerous of all. *Kiss of the Marlin* is a romantic fantasy that blends human desire with a sense of wonderment where secret wishes can come true. This is Mark Fiorito's second novel. He has also authored *The Run*, several screenplays, and a collection of poetry. Mark was raised in New Jersey and now divides his time between San Diego and Louisville with his wife, Joan.

Misreading Scripture with Western Eyes E. Randolph Richards, Brandon J. O'Brien, 2012-07-31 Brandon O'Brien and Randy Richards shed light on the ways that Western readers often misunderstand the cultural dynamics of the Bible. Identifying nine areas where commonplaces of modern Western thought diverge with the text, the authors ask us to reconsider long-held opinions about our most beloved book.

Ron Shandler's 2019 Baseball Forecaster Brent Hershey, Brandon Kruse, Ray Murphy, Ron Shandler, 2019-01-15 The industry's longest-running publication for baseball analysts and fantasy leaguers, Ron Shandler's 2019 Baseball Forecaster, published annually since 1986, is the first book to approach prognostication by breaking performance down into its component parts. Rather than predicting batting average, for instance, this resource looks at the elements of skill that make up any given batter's ability to distinguish between balls and strikes, his propensity to make contact with the ball, and what

happens when he makes contact—reverse engineering those skills back into batting average. The result is an unparalleled forecast of baseball abilities and trends for the upcoming season and beyond.

The Cars of Trans-Am Racing: 1966-1972 David Tom, 2020-04-23 The legendary history of the pony car wars comes to life in this softcover edition of *The Cars of Trans-Am Racing*. The SCCA Trans-Am Racing Series launched in 1966 and was designed to showcase a new class of sporty domestic cars racing on road courses. Each major automotive manufacturer participated heavily in the Trans-Am Series, and in a few short years, it became the ultimate American automobile showdown. When the modified muscle cars of the series were seen performing well on the country's finest tracks, fans wanted a model of their own in the driveway. These pony cars boasted a new look and style not seen before, and their all-around performance eclipsed anything accomplished by production-based American GT cars up to that point. This softcover edition of *The Cars of Trans-Am Racing* is unique in that it focuses on the cars used in this legendary series. These vintage Mustangs, Camaros, Challengers, Barracudas, Firebirds, Cougars, and Javelins all are extremely popular with collectors and enthusiasts today. Seeing them in their "full-competition" versions when they were new will bring back many fond memories for those who were fans of this series. In addition, enthusiasts who enjoy these cars today look to the Trans-Am Series cars for styling inspiration and performance hints as part of the growing Pro Touring trend. Many of these historic cars have been restored to race-ready condition. Additional insight and interviews from the original builders and the teams that maintained the cars provide an insider's viewpoint never before seen in print.

Cross-Shaped Leadership John A. Berntsen, 2008-11-07 For Lutheran pastor John Berntsen, the cross is about more than the crucifixion on Good Friday. It is shorthand for the whole drama of salvation--God's decisive act of reconciling the world to God's own self. The cross is dying and rising with Christ, but at a deeper level it is the story of the world's resistance to grace. Those who lead are subject to the cross no less than others. In contrast with the current fashion for visionary or purpose-driven leaders, cross-shaped leaders are not primarily the providers of master plans, nor are they master builders. Cross-shaped leadership is provisional, contextual, and fallible--open-ended ministry that has the character of a pilot project. It is always under construction and revision. Our moment-by-moment functioning in ministry is subject to countless deaths and resurrections, few of which are heroic or glorious. But Berntsen offers good news within this potentially dismal perspective. He writes, Once we've accepted the truth that ministry is hard, even impossible--once we've stopped living in denial of this reality, or perhaps whining about it--it becomes the truth that sets us free. We cease being gloomy servants, weighed down by our resentful conviction that we are all alone in our work--the closet atheism born of the worry, 'If I don't do it, nobody will'--and instead become joyful coworkers of a strong, wise, and consoling Lord. With optimism, humor, and deep empathy, Berntsen's *Cross-Shaped Leadership* offers hope and challenge in the midst of the rough and tumble of parish practice.

Neymar - the authorised biography Mauro Beting ,Ivan Moré, Neymar Jr. rejected, at the age of 13, a millionaire offer to leave Brazil that many would consider too good to refuse. When he chose to stay, his talent and simplicity assured him the respect of fans of all teams and the idolatry of Santos' fans. Irreverent and unique, today the player accumulates achievements and fans in all four corners of the world. And, like few athletes of his generation, managed to bring the excitement back to the football fields and brought up the true meaning of the word 'family' - and also the word 'FATHER'! In this illustrated book, father and son retell the trajectory of Juninho. From a tragic accident at four months of age, through his difficult childhood, the rapid progress through the youth ranks of Santos, his father's overprotection, the backstage of the world of football, the second refusal of an offer from an European Club in 2010, the excitement of his titles and awards, and his relationship with his son, Davi Lucca. The book also contains previously unpublished revelations about the player's transfer to Barcelona and his plans for the future. A truly indispensable read!
