The Lost Ways Claude Davis, 2017-11-10 In The Lost Ways you'll find the long forgotten secrets that helped our ancestors survive famines, wars, economic crises, diseases, droughts, and anything else life threw at them.

The Craft of Church Planting Christian Selvaratnam, 2022-06-30 Drawing on insights from the training practices of the English medieval craft guilds, a global survey of 500 church planters, interviews with artists and church planting trainers and the authors' 30 years of ministry experience, 'The Craft of Church Planting' offers a distinctive and imaginative perspective on the methods used to train future practitioners in the art of church planting. Demonstrating how training for the next generation of church planting leaders might be informed by the historic master-apprentice model, guild learning communities, creativity and an artisan approach to ministry, this book is a vital resource to inform the methods of training for the next generation of church planters.

Journey to Jesus Kent Jorgen Burreson, Rhoda Grever Schuler, 2025-06-03 When many Christian congregations are asking, “How can we draw new members into our midst?” the authors reframe the question: “How can congregations make new disciples and deepen the faith of long-time Christians?” Rediscovery of the early church catechumenate provides a means to form new disciples in today’s culture. Inspiring case studies of four congregations emphasize the contextual flexibility of adult faith formation. Interviews with catechumenal leaders and participants in adult faith formation reveal how a catechumenate that is central to congregational life can energize and orient the people of God toward the mission of God. Opening windows into congregational life, especially at worship, those who had journeyed through the adult faith formation process describe their experiences and the profound changes that took place in them. Adult faith formation is a journey—not a program—of belonging, believing, and behaving that draws people into Christ’s orbit for life. As one participant said, “For the first time I understood what it meant to be a Christian.” Through the adult catechumenate she heard the voice of Christ, calling her to new life and a rich baptismal identity.

The Unshakable Truth Josh McDowell, Sean McDowell, 2011-08-01 The name Josh McDowell promises real-life, on-the-street Christian apologetics. In his first Harvest House book, Josh joins his son Sean to draw on his life’s work and comprehensively address a vital issue: why an entire generation of young Christians—and millions of older believers—is confused about what they believe, why they believe it, and how it’s relevant. The Unshakable Truth is uniquely positioned for younger Christians because it presents apologetics relationally, focusing on how Christianity’s doctrines affect relationships. The authors... ground every assertion in the overarching story of creation, incarnation, and re-creation. distill 12 crucial “faith statements”—for example, “A personal Creator God exists.” explain why each statement is trustworthy, how it applies to real life, and—using examples, stories, and experiences—what its relevance is. A spiritual gold mine for parents, youth workers, pastors—anyone wanting to reveal Christianity’s relevance to today’s life and culture.

For the Love of God Jerry M. Ireland, 2017-03-23 Compassionate missions constitutes a growing focus among evangelical denominations and agencies. Because of this, there exists a growing need to be guided by sound principles and best practices. This edited volume sets forth both the biblical foundations and preferred methods for churches wanting to engage in compassion as part of their missionary efforts. The aim throughout is that compassionate missions would be guided by indigenous principles that help establish autonomous local churches, capable of being salt and light in their communities. The contributors to this volume have over 200 years of missions experience. Through their first-hand knowledge of the challenges and pitfalls faced by missionaries engaging in compassion, these authors set forth foundational principles and practical guidelines related to some of the most pressing issues confronting missionaries today. These include HIV/AIDS, UPGs, human trafficking, orphans and vulnerable children, gender issues, and many more. Pastors, missionaries, missions boards, and educators will find this a valuable resource as the church in the twenty-first century continues to engage in the

Great Commission.

Recovering the Lost Art of Reading Leland Ryken, Glenda Mathes, 2021-03-02 A Christian Perspective on the Joys of Reading Reading has become a lost art. With smartphones offering us endless information with the tap of a finger, it's hard to view reading as anything less than a tedious and outdated endeavor. This is particularly problematic for Christians, as many find it difficult to read even the Bible consistently and attentively. Reading is in desperate need of recovery. Recovering the Lost Art of Reading addresses these issues by exploring the importance of reading in general as well as studying the Bible as literature, offering practical suggestions along the way. Leland Ryken and Glenda Faye Mathes inspire a new generation to overcome the notion that reading is a duty and instead discover it as a delight.

Behaviour: The Lost Modules Jen Foster, 2023-09-02 Oh hey! Thank you for being here. Let me introduce myself. My name is Jen Foster and I am an educator. A few years ago, I started an Instagram account dedicated to teaching. I started by just sharing everything and anything and loving having a community of keen beans like me. But it didn't take me long to spot something quite odd. Scrolling through thousands of teachers' experiences around the world there were two things that stood out like a sore thumb: Behaviour was this huge obstacle in teaching; The guidance around behaviour was either inconsistent, vague or unhelpful. So, I decided to learn everything I could about behaviour. I explored outside the education shelves and bought way too many books about neuroscience, positive psychology, business, and parenting. The more I learnt, the more I reflected on my own practice and my own experiences in schools. I asked educators in my community their opinions on behaviour, and this is what I found out: 93% felt that they had inadequate behaviour training as a trainee teacher 88% feel they have inadequate behaviour training as a qualified teacher So, isn't it about time we shined a spotlight on behaviour? Behaviour: The lost Modules is the book you wish you had read before stepping into a classroom. The book you wish had been required reading on your university reading list. A book that is practical, easy to read and tells you what you need to know about behaviour in primary schools. A book by a teacher for teachers, drawing on common sense, personal experiences and current research.

Rhythms of Reformation Garth Ball, 2025-07-29 Rhythms of Reformation explores how the COVID-19 pandemic exposed the cracks in a Sunday-centric, consumer-driven church culture--and awakened a call to return to Christ's original heartbeat of discipleship. It argues that the pandemic was not a disaster to lament or an interruption to endure, but a catalyst for a profound reformation of the church. Blending personal story with theological reflection, this book follows the author's leadership journey through the pandemic, engaging a broad range of literature to offer insight for navigating Spirit-led seasons of change. These seasons, however, need not be limited to times of crisis; they can become intentional patterns that leaders cultivate--shaping churches continually around the biblical priority of disciple-making. This book is especially helpful for current and emerging church leaders who sense the winds of change but lack a clear blueprint for navigating

them.

Kingdom First Robert Roxburgh, 2025-03-27 We live in difficult times for both the culture and the church. Believers can find fulfillment and assurance by endeavoring to follow the call of Jesus in Matt 6:33 to “seek first God’s Kingdom and His righteousness.” This book is full of stories that indicate ways in which believers can be helped to live as Jesus proposes. Such a life is not easy, and everyone faces struggles, but it is worthwhile. In God’s kingdom believers experience new values, caring community, vibrant worship, and leadership in various forms, which grow out of Christian character. Whatever the chaos of the present world, believers can live truthfully, hopefully, compassionately and with a listening ear to the needs of the world around us.

Servantship Graham Joseph Hill, 2013-10-10 Servantship is essentially about following our Lord Jesus Christ, the servant Lord, and his mission--it is a life of discipleship to him, patterned after his self-emptying, humility, sacrifice, love, values, and mission. Servantship is humbly valuing others more than yourself, and looking out for the interests and wellbeing of others. Servantship is the cultivation of the same attitude of mind Christ Jesus had: making yourself nothing, being a servant, humbling yourself, and submitting yourself to the will and purposes of the triune God. Since servantship is the imitation of Christ, it involves an unreserved participation in the missio Dei--the Trinitarian mission of God. In this pioneering work, sixteen servants describe the four movements of radical servantship. Servantship is the movement 1. from leadership to radical servantship; 2. from shallowness to dynamic theological reflection; 3. from theories to courageous practices; and 4. from forgetfulness to transforming memory. Servantship recognizes, in word, thought, and deed, that whoever wants to become great among you must be your servant, and whoever wants to be first must be your slave--just as the Son of Man did not come to be served, but to serve, and to give his life as a ransom for many.

Working for Justice Ruth Milkman, Joshua Bloom, Victor Narro, 2011-01-15 Working for Justice, which includes eleven case studies of recent low-wage worker organizing campaigns in Los Angeles, makes the case for a distinctive L.A. Model of union and worker center organizing. Networks linking advocates in worker centers and labor unions facilitate mutual learning and synergy and have generated a shared repertoire of economic justice strategies. The organized labor movement in Los Angeles has weathered the effects of deindustrialization and deregulation better than unions in other parts of the United States, and this has helped to anchor the city's wider low-wage worker movement. Los Angeles is also home to the nation's highest concentration of undocumented immigrants, making it especially fertile territory for low-wage worker organizing. The case studies in Working for Justice are all based on original field research on organizing campaigns among L.A. day laborers, garment workers, car wash workers, security officers, janitors, taxi drivers, hotel workers as well as the efforts of ethnically focused worker centers and immigrant rights organizations. The authors interviewed key organizers, gained access to primary documents, and conducted participant observation. Working for Justice is a valuable resource for sociologists and

other scholars in the interdisciplinary field of labor studies, as well as for advocates and policymakers.

The Forgotten Mourners Magdaline Desousa, John's Sister, 2011-12-21 Lacey's Sister, 3/29/13 David's Sister, 10/26/12 Bella, 8/21/12 A sibling loss to suicide is even more unique because the sibling(s) left behind are often forgotten mourning the loss of their brother or sister alone in the shadows of their parents' grief. This book discusses some of the challenges sibling survivors of suicide will face, both individually and as a family unit, including: -- What can I expect during the grieving process as a sibling survivor of suicide? -- How can I set boundaries to take care of myself? -- Will my relationship with my parents change? -- How do I answer questions about my now-departed sibling? -- What can I do to get through the holidays and anniversaries? -- How do I keep my brother or sister alive in my life, without him or her physically present? These questions and more are answered directly from the author's experiences following the loss of her eighteen-year-old brother to suicide in November 2001. Hopefully, her experiences will give sibling survivors of suicide a bit of strength, hope, and peace in navigating the long road to healing ahead.

Life of Christ - Teacher's Manual PDF Dr. Brian J. Bailey, 2020-01-10 Inspired by a series of visions given by the Holy Spirit, Dr. Bailey examines the pre-existence, birth and early years, ministry, crucifixion, and resurrection of Christ as seen in the four gospels. Throughout this work runs the sense of awesome love of the Father in Heaven for His only Son, who took upon Himself the form of a man, fully obeying the will of His Father, even unto the death of the cross. You will be encouraged as you see the fervency with which Christ lived so that we might have abundant life by living according to the pattern He set before us in His own life upon this earth.

Soldiers for Christ - Teacher's Manual PDF Dr. Brian J. Bailey, 2020-01-21 Dr. Brian Bailey presents this commentary on the epistle to the Ephesians, which beautifully portrays Christ as the warrior King, clothed with the armor of God. This same armor is available to us by His grace so that we too may be victorious over the enemy. It is the author's prayer that the readers might enter into these beautiful truths that we might be raised up to "sit together in heavenly places in Christ Jesus." (2:6)

Bellwether David J. Toscano, 2022-05-15 Throughout the early years of the 20th century, Virginia was viewed as a Republican state. Citizens in the Commonwealth had not voted for a Democratic presidential candidate since 1964. In 2000, the GOP had just won the governor's race, held both U.S. Senate seats, and had majorities in both the House of Delegates and the State Senate. By 2020, all of that had been reversed. During that period, Democrats won four of five governors contests, elected two US senators, and voted for Democratic presidential candidates in every year since 2008. In 2019, the

House of Delegates, where Republicans maintained a 68-32 supermajority in 2011, flipped to Democratic control. With it, the state became a Democratic trifecta, where the party controlled all of the state's levers of power. Bellwether tells the story of how this happened from someone who was "in the room at the time." David Toscano began his service in the House in 2006 and became the Democratic Leader of the body in 2011. He examines the special nature of Virginia politics, the demographic changes that underpin much of its shifting political fortunes, and the policies and personalities at the center of the state's dynamics for the last two decades.
