Development Banks and Sustainability in the Andean Amazon Rebecca Ray, Kevin P. Gallagher, Cynthia A.

Sanborn, 2019-10-10 This book explores what development banks, governments, and communities have learned in the last decade of careful negotiation between social and environmental protections in the Andean Amazon, and the pressures of a surging infrastructure and development boom. While mega-dams, highways, and ports are filling up the pipelines of planners, the national governments of Andean and Amazon-basin countries and major development banks have enacted ambitious social and environmental protections. The book traces the development of social and environmental protections after years of struggle by affected communities, going beyond official policies to discover how these reforms work in practice, and ultimately whether they are enough to stem the risks of infrastructure mega-projects. As Chinese public banks play an increasingly important role in the region, the book also demonstrates that there is a risk of governments undercutting their own standards. By contrast, this book shows that making infrastructure work for everyone involved requires mutually reinforcing networks of support and accountability among communities, governments, and development banks. This book, led by an expert multi-disciplinary, international team, will be of considerable interest to researchers in the fields of development and development economics, geography, anthropology, and ecology, as well as practitioners in development banks and in government regulatory and foreign aid agencies.

Relations Between Cultures George F. McLean, John Kromkowski, 1991

Territorio de la memoria: Arte y patrimonio en el sureste español María del Mar Albero Muñoz, Manuel Pérez Sánchez, 2014-12-05 Estos estudios son una selección de aquellos presentados y discutidos en el I Congreso Nacional de

Jóvenes Historiadores, reunión científica celebrada en Murcia en febrero de 2014. Allí, y bajo las premisas del debate y el intercambio del conocimiento, se plantearon estas visiones en torno a un territorio y una memoria, de la aguda necesidad que experimentan los pueblos de poseer una conciencia clara de su patrimonio histórico y cultural como arma fundamental para combatir toda clase de engaños, manipulaciones y tópicos, tan frecuentes en estos últimos tiempos. Este primer congreso tuvo como objetivo investigar aspectos diversos del patrimonio histórico artístico del levante español, particularmente en la zona de Murcia, pero el propósito de los organizadores ha sido y es no circunscribirse exclusivamente a áreas locales, sino dar una mayor amplitud de miras a los trabajos que constituyan las aportaciones de los futuros congresos. La idea de convocar a jóvenes investigadores que, recién terminada su licenciatura de Historia del Arte, intentan hacer sus primeras armas en el campo de la investigación artística, nos parece excelente e imprescindible, tanto más cuanto que las circunstancias actuales hacen difícil ver publicados esos trabajos que a veces por excesiva bisoñez parecen a algunos carecer de interés, lo cual puede ser cierto; pero cuando a estos jóvenes investigadores se les cierra desde el principio el camino, corren el peligro de abandonar definitivamente un camino para el cual han recibido ya una buena formación que en el futuro puede convertirse en una auténtica madurez intelectual que conducirá a publicaciones de alto calado.

Concise World Atlas DK, 2013-04-02 Find out all about our world today with the new edition of this classic reference atlas. From the defining boundaries of the Balkan states to the icy terrain of Antarctica, more than 400 maps created with the latest digital mapping techniques and satellite data are combined to bring you Earth in more detail than ever before. Genocide and Millennialism in Upper Peru Nicholas Robins,2002-05-30 Exploring one of the least studied genocides in post-conquest South America, Robins calls into question many of the central assumptions currently held by genocide scholars. Victims of genocide usually lack the organization and weaponry to battle their enemies. During the 1780-1782 Great Rebellion in Peru and Upper Peru (now Bolivia), however, the Indian revolutionaries faced the better-organized and armed loyalist army. Whereas genocidal policies are usually characterized by centralized leadership, the Great Rebellion was highly fragmented and confederational in nature, undercutting the widely-held assumption that only the State is capable of committing genocide. The Rebellion is one of the rare cases when the victims of genocide emerged victorious. Focusing on the events occurring in the region south of La Paz, Robins examines how a native millennial movement evolved into an Indian-led attempt at genocide, dealing an unprecedented challenge to Spanish rule in the Americas. In the eyes of the rebels, this revolt fulfilled prophecies of an inevitable, divinely assisted, and long-awaited return of native rule. Just like at the dawn of the colonial period, this new era was to be born of pachacuti, or cataclysm. But this time the Spanish interlopers and their culture would be targeted for destruction.

Mexico ,1907

Priest-Indian Conflict in Upper Peru Nicholas A. Robins,2007-06-25 This detailed volume offers an unprecedented exploration of incendiary conditions that stoked The Great Rebellion of 1780-1782 in Upper Peru (Bolivia). That revolt claimed tens of thousands of lives and traumatized imperial psyches for decades to come. It was, in effect, one of the most devastating political and human disasters in Latin American colonial history. Using extensive archival research, Nicholas Robins delves into the fractious relations between Indian communities and their clergy and the role that such tensions played as a major causal factor of the rebellion. Among the grievous economic and social issues were the use of forced Indian labor, land encroachment, colonial relations with native leaders, and collection of Indian tithes and first fruits. Powerful case

histories offer rare insights into the daily exercise of power in colonial Andean villages. Compelling archival evidence provides a riveting portrait of clerical abuse in rural villages and reveals how Indian peoples challenged and resisted ruling powers with varying degrees of success. Robins' substantial documentation is enriched by a wealth of often colorful detail, making it an excellent choice for studies in Colonial Latin American history and indigenous Latin American communities.

The Dominicans in the Americas and the Philippines (c. 1500–c. 1820) David T. Orique, Rady Roldán-Figueroa, Cynthia Folquer, 2024-08-06 *The Dominicans in the Americas and the Philippines (c. 1500–c. 1820)* is part of a renewal of interest in the global history of the Dominican Order. Many of the essays were carefully selected among some of the papers presented at the III International Conference on the History of the Order of Preachers in the Americas, a gathering that stands in continuity with the conferences of Mexico (2013) and Bogotá (2016). This book, the contributors of which are active researchers specializing in the history of the Order of Preachers in Latin America, is organized in four parts: Women and the Order of Preachers; "Benditos Bienes": Libraries and Material Patrimony; Missions, Devotional, and Daily Life; and The Order of Preachers and Their Writings. Contributions deal with different subfields including art history, gender studies, history of the book, and intellectual history more broadly. Additionally, it contains a chapter examining the historiography of the Order of Preachers in Latin America. Covering the time range from 1510 to the early nineteenth century, the book fills a gap in the historiography of the Order of Preachers in the Americas, especially in English-language scholarly literature. Students of Latin American history, the history of Christianity, and the history of global Catholicism will surely find the volume to be of great interest.

Mary in Our Life Nicholas Joseph Santoro, 2011-08-12 *Mary In Our Life: An Atlas of the Names and Titles of Mary, The Mother of Jesus, and Their Place in Marian Devotion* presents the 1,969 names, titles, and appellations used to identify the Blessed Virgin Mary over the centuries in terms of their history and related events. Within these titles and their history can be seen the official and private attitudes and prejudices of the times; government pressures, conflicts, and interdictions; internal problems within the Catholic Church; and startling examples of dedication, devotion, and piety. Taken together, Marian titles are a real-life story of the Catholic faith.

The Captivating Realm of Kindle Books: A Comprehensive Guide Revealing the Benefits of Kindle Books: A World of Ease and Versatility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for particular titles in bookstores. E-book devices, stylish and portable, effortlessly store an extensive library of books, allowing readers to indulge in their favorite reads anytime, everywhere. Whether commuting on a bustling train, lounging on a sun-kissed beach, or just cozying up in bed, Kindle books provide an unparalleled level of convenience. A Literary Universe Unfolded: Discovering the Wide Array of E-book Beln De La Paz Beln De La Paz The Kindle Shop, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every reader's taste and preference. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the E-book Store offers an exceptional variety of titles to discover. Whether looking for escape through engrossing tales of fantasy and exploration, delving into the depths of past narratives, or broadening one's understanding with insightful works of scientific and philosophy, the E-book Store provides a doorway to a literary universe brimming with endless possibilities. A Revolutionary Factor in the Literary Landscape: The Persistent Impact of Kindle Books Beln De La Paz The advent of Kindle books has certainly reshaped the bookish landscape, introducing a paradigm shift in the way books are published, disseminated, and read. Traditional publication houses have embraced the digital revolution, adapting their approaches to accommodate the growing need for e-books. This has led to a surge in the availability of E-book titles, ensuring that readers have access to a vast array of literary works at their fingertips. Moreover, Kindle books have equalized access to literature, breaking down geographical barriers and providing readers worldwide with equal opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now engross themselves in the captivating world of literature, fostering a global community of readers. Conclusion: Embracing the E-book Experience Beln De La Paz Kindle books Beln De La Paz, with their inherent ease, versatility, and wide array of titles, have certainly transformed the way we encounter literature. They offer readers the freedom to explore the boundless realm of written expression, anytime, anywhere. As we continue to navigate the ever-evolving online landscape, E-book books stand as testament to the lasting power of storytelling, ensuring that the joy of reading remains accessible to all.
