Betty Broderick. The True Story. Pat Dwyer, 2024-12-21 What really did happen to Betty Broderick? This book explores that avenue. Her case is quite a story.

Until the Twelfth of Never Bella Stumbo, 2014-01-07 After a nasty divorce battle, Betty Broderick killed her ex-husband and his new wife.

Until the Twelfth of Never Bella Stumbo, 2016-01-04 They were two of the most notorious and controversial murder trials of the last twenty-five years, splitting American public opinion in half. Before dawn on November 5, 1989, Betty Broderick got into her car and drove over to the house in San Diego of her lawyer ex-husband, Daniel T. Broderick III, and his new wife, Linda. Arriving at 5:30 a.m., she used a key that she had obtained from one of her children to enter the house by a back door and climbed the stairs to Dan and Linda's bedroom. Five shots rang out in the dark, three hitting their targets. Linda died instantly. Dan lingered on for several minutes. As he tried to call for help, Betty stamped on his hand and tore the phone from the wall. The prosecution claimed it was as about as clear a case of premeditated murder as anyone could imagine. Betty claimed she had gone over to the house to talk to Dan - or maybe to commit suicide in front of him - but when someone shouted, 'Call the police', she got flustered and started firing. Betty Broderick was acquitted of first degree murder in her second trial but found guilty of second degree murder. To some, Betty Broderick is virtually the patron saint of the sanctity of marriage, executing her abusive, cheating husband and his 'nineteen year old college dropout of a Polack whore' (actually Linda was twenty-eight, a college graduate and a professional paralegal). To others, Dan Broderick suffered his wife's abuse of him for fourteen years of marriage, left her well provided for and then married the love of his life, only to be continually stalked for seven years, to have Betty repeatedly incite his children to kill him and Linda, to find her driving her car through the front door of his new house, and then to be murdered in the coldest of blood. Bella Stumbo's account of the Dan, Linda and Betty Broderick affair is encyclopedic and definitive, and 'Until the Twelfth of Never' was a runaway international bestseller when it was first published twenty years ago, as well as winning an Edgar Award. Bello Stumbo herself died in 2002, so was not alive to cover Betty Broderick's parole hearing in 2010, a short account of which is included

Black Widow Betty Broderick Amy Clauson,2021-06-19 A True Crime anthology focused on the black widows of society. At first, the marriage seemed to be fitting of a storybook fairy tale, but relationship troubles pushed both man and woman to the edge of sanity. Unfortunately for Elisabeth Anne Betty Broderick's former husband and new wife, it ended in murder.In the early morning hours of November 5, 1989, the calm of a seemingly typical Sunday morning was shattered by the ringing of gunfire. The shooting occurred in the home of one of Marston Hill's most prominent medical malpractice attorneys, Daniel Broderick III. By the time police respondents arrived at the scene of the crime, there appeared to be no evidence of forced entry. However, what waited for them in the bedroom would be something that would be etched in their minds forever.The 44-year-old lawyer was lying in a pool of blood on the floor with a bullet hole in his back. His new wife, 28-year-old Linda Kolkena-Broderick, was found spread on top of the couple's bed with wounds in her head and chest, the bedsheets and pillows drenched in her blood.There was only one suspect, Daniel's ex-wife Betty Broderick.

Dirty John ,

Betty Broderick Betty Broderick, 2015-04-03 What do you do when you have struggled loyally for years beside your husband, living in financial hardship as you bring up your joint children virtually as a single mother, working toward the good times that you can see coming for all of you, only to discover that your husband is committing adultery and is planning to leave you? Worse, he aggressively denies his affair, denouncing you as crazy to your face and to everyone you know, while he schemes to walk off with everything you have worked so hard for as he is reborn into a new life with a star-struck younger woman, as pretty as you once were, who will enjoy everything you have invested in - your financial security, your home-life and even your children. Worse still, he is a notoriously hard-ball lawyer with every intention of crushing you in any way he can, of erasing you from his life, of reducing you to nothing, so that he can move on as if you never existed. Daniel T. Broderick III's relentless harassment of his discarded wife, Betty, made her increasingly crazy as he and his girlfriend - then

second wife - Linda Kolkena Broderick piled on the pressure, until one day, on November 5, 1989, at her wits' end and believing herself to be acting in self-defense, she confronted them in the early hours of the morning and in a panic shot them both dead. A multitude of onlookers has absolved Betty for what she did. Many even admire her, especially if they have suffered similar fates to hers. One juror at her trial openly questioned why she had taken so long to kill Dan under such extreme provocation. Now, twenty-five years into a thirty-two year to life prison sentence for her second-degree murder of Dan and Linda Broderick, Betty has reluctantly decided to give her personal account of what led up to that fatal and fateful day, when all three of their futures came violently and abruptly to an end.

Letters From Prison, Voices of Women Murderers Jennifer Furio, 2007 Written by incarcerated women, these incredibly personal, surprisingly honest letters shed light on their lives, their crimes - and the mitigating circumstances. Author Jennifer Furio, a prison reform activist, subtly reveals the biases if the criminal ju

Women Criminals Vickie Jensen, 2011-11-10 A unique, two-volume study that examines female crime and the women who commit it. The two-volume *Women Criminals: An Encyclopedia of People and Issues* addresses both key topics and key figures in women's crime. The first volume provides topical essays about areas critical to the understanding of female criminals, such as the definition of women's crime, explanations of women's criminality, ethnic and age diversity in female criminals, and responses of the criminal justice system. The second volume comprises biographical entries profiling women who are obviously criminals, such as Aileen Wuornos and Myra Hindley, and also women who were victims of circumstance, unjust laws, or narrowly applied definitions of crime, such as Rosa Parks, Harriet Tubman, and Sophie Scholl. In addition to highlighting the breadth of women's criminality, these portraits provide a holistic, multifaceted understanding of the dynamics of women's crime and why it occurs, connecting the individual stories to the larger social-scientific perspectives. Care has been taken to include the women's own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality.

Hell Hath No Fury Bryna Taubman, 2025-06-25 Dan Broderick was one of California's most successful attorneys; his wife, Betty, a beautiful socialite. But when Betty discovered Dan's hidden life, the façade of LaJolla's golden couple was shattered. What followed was a vicious five-year battle that finally ended in a shocking double-murder. A Harvard Law School graduate, Dan manipulated the law to strip Betty of everything she loved: her home, her friends--even her children. When she frantically tried to fight back, he had her committed to a mental hospital. His new wife, Linda, even sent the once-beautiful Betty wrinkle cream ads and weight loss pamphlets. Consumed by hatred and thoughts of revenge, Betty's rage exploded on the night of November 5, 1989. Before the sun rose the next day, Dan Broderick and his gorgeous new wife were dead--their bullet-riddled bodies wrapped in the blood-soaked sheets of their bed. *Hell Hath No Fury* is a shocking story of wealth, passion, revenge, and a woman driven to murder.

The Murder Mystique Laurie Nalepa, Richard Pfefferman, 2013-02-07 Although they account for only ten percent of all murders, those attributed to women seem especially likely to captivate the public. This absorbing book examines why that is true and how some women, literally, get away with murder. Combining compelling storytelling with insightful observations, the book invites readers to take a close look at ten high-profile killings committed by American women. The work exposes the forces that underlie the public's fascination with female killers and determine why these women so often become instant celebrities. Cases are paired by motive—love, money, revenge, self-defense, and psychopathology. Through them, the authors examine the appeal of women who commit murders and show how perceptions of their crimes are shaped. The book details both the crimes and the criminals as it explores how pop culture treats stereotypes of female murderers in film and print. True crime aficionados will be fascinated by the minute descriptions of what happened and why, while pop culture enthusiasts will appreciate the lens of societal norms through which these cases are examined.
