The Kamikaze Aracelly Contreras Borja, 2024-12-18 Life is like music. Music is like being alive. It has all the stations of life. Music makes us fall in love, shed tears, laugh, and it can also make us want to die, depending on the mood. A world without music would be lifeless. If I had to choose between death and life, for sure I would choose life. No matter how dangerous it can be, I would want to live. Sunday, March 4th, 1945. I am now writing at any time I want. It keeps my mind

busy. Now I play my biwa at any time too. I'm always aware when I hear the American warplanes flying over my island. I spend my nighttime hours sitting by the water, fishing for my next meal. The sea air brings echoes from the nearby American naval base; its inhabitants are having a happy time. I see the large flames dancing up to the sky, the men's silhouettes brightened in a hot orange colour moving around the wood fire, the sound of broken glasses, and the shouts of drunken men. I'm here all alone just looking at them, my heart aching with nostalgia of not having a friend by my side. Or anybody. High school senior Ryan Wilsoms is tired of his mundane life. He complains about his circumstances, manipulates others for his benefit, and does not appreciate his family. When he hears an exciting WWII legend about a Japanese kamikaze who was said to be stranded on Ecuador's Galapagos Islands, he is sure the tale is true, and that it is his destiny to learn more about this young man's life. Soon, Ryan and his friend Diego embark on an adventure to the Galapagos Islands to prove the soldier's existence. Along the way they encounter many difficulties, but they also find extraordinary kindness in ordinary people. Just when they are about to give up, they make a discovery in a cave that changes Ryan's life forever—a journal belonging to the ghost they have been following, Hiro Akiyama. Back at home in Canada, Ryan seeks help translating the diary. As he learns more about Hiro, whose life mirrors his own, Ryan goes on an unexpected journey of self-realization and growth, thanks to the authentic words and hardships of a young soldier from many years ago.

Abandoned by his family, Enoch Bryant now lives in a rundown orphanage with other teenagers just like him. He loves his friends, even if the teachers are terrified of them. Complete Critical Assembly David Langford,2002-10-01 This new collection of essays, commissioned from a range of scholars across the world, takes as its theme the reception of Rome's greatest poet in a time of profound cultural change. Amid the rise of Christianity, the changing status of the city of Rome, and the emergence of new governing classes, Vergil remained a bedrock of Roman education and identity. This volume considers the different ways in which Vergil was read, understood and appropriated; by poets, commentators, Church fathers, orators and historians. The introduction outlines the cultural and historical contexts. Twelve chapters dedicated to individual writers or genres, and the contributors make use of a wide range of approaches from contemporary reception theory. An epilogue concludes the volume.

**First & Then** Emma Mills,2015-10-13 Recommended in John Green's Book Giving Guide for the Holidays 2015 Devon Tennyson wouldn't change a thing. She's happy silently crushing on best friend Cas, and blissfully ignoring the future after high school. But the universe has other plans. It delivers Devon's cousin Foster, an unrepentant social outlier with a surprising talent, and the obnoxiously superior and maddeningly attractive jock, Ezra, right where she doesn't want them--first into her P.E. class and then into every other aspect of her life. With wit, heart, and humor to spare, First & Then is a contemporary novel about falling in love--with the unexpected boy, with a new brother, and with yourself.

**Beauty and Her Beastly Love** Rosetta Bloom,2018-04-06 Sheltered Beauty yearns for love. Captive Beast seeks redemption. Trapped in an enchanted manor together, will they find in each other their hearts' desires? In this grown-up version of Beauty and the Beast, we meet Beauty, a sheltered young woman living in the French countryside with her father. The books her tutor secretly gives her provide the only escape from her cloistered life. Engraved with a beautiful rose, each book breathlessly describes the ways in which men and women lust for and love each other. Beast is a tortured soul trapped in an enchanted manor for the sins of his past. He wants nothing more than redemption. A second chance. When a hapless traveler stumbles upon Beast's home and attempts to steal one of the library's rose-covered books, Beast is intrigued. Even more so when the groveling man tells him he only wanted the book for his daughter, who loves to read them. Beast then does the unthinkable: demands the daughter in exchange for the man's life. Amazingly, the father complies. Beauty is cool to Beast when she arrives, despondent over being trapped with a vile creature, and no hope of knowing the types of passionate, heart-pounding love she's read about in her books. Beast feels desolate when he realizes that proximity to a woman of passion will not help him atone. He fears all is lost. But a glimmer of kindness can spark passion. Will Beauty and Beast find exactly what they wanted is right in front of them? If you enjoy re-imagined fairy tales, red-hot love scenes, and happily ever afters, then you will love Beauty and Her Beastly Love. Grab this installment of the passion-filled fairy tales series today!

*Reading and Writing Pathways through Children's and Young Adult Literature* Alicia Curtin, 2022-07-29 This thought-provoking book will provide masters students, teachers and researchers with a toolkit and theoretical framework for teaching literacy through children's literature. It features innovative ideas for developing student and teacher experiences with literature and popular culture texts in the classroom, providing practical examples and teaching aids throughout. Taking a collaborative approach, Curtin explores how teachers and learners can engage with literature and its authors for the development of literacy in classroom practice. Connecting reader and writer identities and worlds through interviews with and suggested classroom activities from authors themselves, this text combines author, teacher and learner perspectives in the development of creative pedagogies that extend understandings of literacy beyond reading, writing and text. Exploring fairy-tales, comic books and graphic novels, children living in literature (i.e., texts which portray children, their lives and experiences), popular culture, young adult fiction, and non-fiction and digital texts such as blogs etc, this text develops a sociocultural understanding of literacy as a lived and contextually dependent practice where meaning is derived through relationships between people, settings and culture. Different contexts for literacy are explored, including reading and writing strategically (to learn about literacy and literature), widely (for personal purposes) and deeply (to transform understanding) (Short, 2011). This text will be an invaluable resource for teachers, researchers or anyone interested in reading and writing stories. The author interviews will also be of particular interest to older learners themselves as a way to develop their understanding of their own reading and writing practices. Pedagogies can be adapted to any age group, ranging from the early years to young adult.

How to Be a Living Thing Mari Andrew, 2025-07-15 A luminous collection of essays exploring the lessons we can incorporate from the animal world in order to live more fully as humans A shelter cat teaches us that our damaged parts, too, are worthy of love... a captive orca shows us that inconvenience and difficulties are the blessing of a full life... a gorilla teaches the universal language of grief... a group of oysters who prove that magic and science can and do coexist... In *How to Be a Living Thing*, Mari Andrew reflects on the ways animals mirror, challenge, and deepen our experiences as living creatures in the world. Through her personal stories and explorations into the inner world of other creatures, Mari illuminates the opportunities and wonders of being a living thing. Highly-sensitive horses, overly-cautious donkeys, and silly social rats are just a few of the animal teachers who offer us glimpses of the glories and shortcomings of humanity. Heartwarming, funny, and insightful, *How to Be a Living Thing* reminds us that we are perfectly imperfect beings, capable of profound connection with each other and with all other species of the remarkable natural world that surrounds us.

**Researching Children's Popular Culture** Claudia Mitchell, Jacqueline Reid-Walsh, 2005-06-29 The place of childhood in popular culture is one that invites new readings both on childhood itself, but also on approaches to studying childhood. Discussing different methods of researching children's popular culture, they argue that the interplay of the age of the

players, the status of their popular culture, the transience of the objects, and indeed the ephemerality - and long lastingness - of childhood, all contribute to what could be regarded as a particularized space for childhood studies - and one that challenges many of the conventions of doing research involving children.
