El sueño de vivir sin trabajar Daniel Fridman, 2019-11-20 El sueño de vivir sin trabajar nos revela un mundo que, contra lo que sugiere la frase, no está hecho de fórmulas mágicas para enriquecerse ni de fantasías de ocio las veinticuatro horas. El sociólogo Daniel Fridman se zambulló durante años en el ámbito de la autoayuda financiera, un género popular que ganó notoriedad con *Padre rico, padre pobre*, el best seller de Robert Kiyosaki, y con el juego de mesa *Cashflow*. En torno a ellos se organizaron seguidores que empezaron a encontrarse en foros virtuales y en seminarios y talleres, para aprender las técnicas básicas de las finanzas a fin de transformarse en inversores. Lejos de considerarlos una muestra de exotismo, Fridman descubre en esos grupos las claves para entender, desde otro lugar, el neoliberalismo. El autor explica que para estos grupos no solo se trata de adquirir destrezas técnicas –controlar ingresos y egresos, aprender sobre compra y venta de divisas o sobre inversiones inmobiliarias–, sino de moldearse a sí mismos –sus emociones y deseos, su capacidad de ejercer autocontrol y correr riesgos– como única manera de salir adelante. La meta es dejar de trabajar y vivir de sus inversiones, y para eso deben modificar esa especie de pecado original que es la mentalidad de empleado y asumir que su bienestar económico solo depende de ellos. Así, Fridman sostiene que el emprendedorismo es visto cada vez más como una condición del yo que pueden poseer tanto el fundador de una gran empresa como un desempleado que vende comida a domicilio o una conductora de Uber. Sin importar cuál sea su actividad o clase social, el individuo se ve exigido a transformarse en un empresario de sí mismo y a descartar los contextos económicos que lo condicionan y que estructuran la desigualdad social. Sin duda, este libro es un aporte extraordinario para comprender el neoliberalismo desde abajo, algo que en general queda afuera del radar. Porque los modos en que calculamos dicen mucho de quiénes somos y quiénes deseamos ser.

Ello lo motiva a escribir, siendo ya profesional, sus vivencias destinadas a los estudiantes que, como él, tienen que emigrar de su ciudad natal.

Alma y vida Diego Borinsky, 2012-07-01 La vida de este símbolo de River escrita por el secretario de redacción de El Gráfico. Un repaso por su carrera futbolística, sus pensamientos y la opinión de sus colegas. «Recuerdo de Matías su placer

por competir, evidente al comprobar que, al hacerlo, disponía de un porcentaje muy alto de sus cualidades. Tantos años de crecimiento profesional y personal en los grandes equipos de las mejores ligas no impidieron que, cada vez que me tocara verlo entrenar y jugar, se hicieran visibles en él la misma frescura y entusiasmo de los jóvenes que se forman en las divisiones menores de cualquier club de nuestro país. Generaba aceptación, afecto y respeto, sin excepciones, en los grupos que integraba. Era querido por todos, sin esforzarse por conseguirlo». Marcelo Bielsa «Como jugador no era muy pegador, pero corría por todos. Salí de acá, le tenía que decir en las prácticas, porque no me la dejaba tocar. Muchos se sorprenden ahora porque saca a las figuras en algunos partidos, pero el que conoce al Pelado sabe que le puede errar, porque todos nos equivocamos, pero por el lado de la personalidad y las bolas y de estar seguro de lo que quiere, no lo vas a agarrar nunca en off side». Historia de la Tierra Santa Matías Rodríguez Sobrino, 1853

Edición crítica de Cautiverio y trabajos de Diego Galán Diego Galán, Matías Barchino, 2001 Cautiverio y trabajos de Diego Galán son las memorias de un joven manchego llamado Diego Galán Escobar que en 1589, con apenas catorce años partió ... Sin más fundamento que ver mundo, fue capturado por los turcos y, tras vivir diez años con ellos como cautivo en Argel y Constantinopla, escapó y logró regresar sano y salvo a su tierra gracias a su esfuerzo personal, sorteando los múltiples peligros del camino y sufriendo enormes penalidades. Manteniendo y defendiendo su fe con valor, Diego vivirá y narrará su cautiverio como una suerte de viaje iniciático y de formación personal.

Metallica - Furia, Sonido y Velocidad Matías Recis, Daniel Gaguine, 2017-12-05 Esta es la historia de Metallica, uno de los fenómenos más importantes del metal. Con más de 100 millones de discos vendidos, esta banda originaria de Los Ángeles simboliza como ninguna la pasión por el sonido y la locura del metal. El libro traza un recorrido cronológico por su trayectoria biográfica, sus discos, videoclips, anécdotas y curiosidades de esta magnífica banda. Sus letras son analizadas por dos especialistas musicales que además completan el libro con un singular apéndice en el que se detalla los instrumentos, efectos y amplificadores utilizados en cada período y disco de este poderoso grupo. Un periodista anglosajón escribía hace dos semanas que 'Death Magnetic es el equivalente musical a la invasión rusa de Georgia, un repentino acto de agresión de un gigante dormido'. Es un sugerente y provocativo símil: pero el metal o heavy no es sinónimo de violencia, aunque sus coordinadas estéticas invitan a pensar lo contrario; y desde esta perspectiva reivindicativa Metallica es un ejemplo de extraordinaria buena música. Esteban Linés en La Vanguardia, sobre Death Magnetic Es el único grupo de la historia del metal que trepó hasta lo más alto de la cima y se codea con U2, Madonna, AC/DC y los Rolling Stones, en esa primera liga del rock gigante. Es un monstruo visceral, tan humano que casi nunca falla. Casi. Rolling Stone Metallica ha sido la banda de referencia del thrash metal durante varios años junto a Anthrax, Slayer y Megadeth. Con más de 100 millones de discos

vendidos, nueve Grammys, dos premios MTV y una estrella en el Paseo de la Fama de la revista Kerrang!, su música ha sido considerada como el sonido de un nuevo estilo de vida. El espíritu rebelde e inconformista del grupo se complementaba con el furioso y visceral sonido del Marshall a todo volumen. El origen de la banda en Los Ángeles se produce cuando Lars Ulrich publica un anuncio en la revista Recycler solicitando un guitarrista para tocar a la manera de Diamond Head.

La virtud de los pasos liberados Matías Ferreyra, 2022-01-03 Cuando salimos o entramos hacia cualquier lado, no siempre sabemos a dónde vamos. Pero partir, justamente, sin tener idea ni querer saber el porqué de nuestros pasos compromete a la misma libertad. La compromete a hacerse presente para enorgullecerse de sí misma, al ser definida de manera exacta, sin enmiendas ni acoples. Y al emerger, sin importar particularmente desde dónde, ya vamos hacia algo que puede estar dotado o no de designios necesarios e incorpóreos. Este libro está repleto de viajes, por más que sea uno solo a fin de cuentas. Las subdivisiones que produce paso a paso provocan y engendran decenas de nuevos viajes, donde las pausas son tan importantes como las mismas reflexiones que las producen. Es una invitación pues, con mensajes dispares pero simples, propone, al mismo tiempo, la participación de una pseudolocura, también dividida entre todos los puntos de vista que encontramos cuando legitimamos los modos de la libertad. Esa misma libertad que está abrazada a todos los posibles destinos, que son tantos como decidamos o tan pocos como no dejemos ser.

Apuntes para una psicopatología basada en la relación Jorge Tizón, 2019-05-13 Actualmente la psicopatología se encuentra en una encrucijada. TDAH, TEA, TLP, depresión, esquizofrenia, etc., son conceptos fundamentales de la psicopatología clásica y, al mismo tiempo, muestras de su grave crisis teórica y epistemológica. ¿Hay que entender esos y otros conceptos de la forma habitual o podemos pensar en otras formas de comprender el sufrimiento psicológico y psicosocial humano? ¿Existen bases suficientes como para desarrollar una psicopatología basada en las relaciones interpersonales, en las emociones, en la comunidad, en la solidaridad? Apuntes para una psicopatología basada en la relación se ha dividido en cuatro volúmenes parcialmente independientes: 1. Psicopatología general; 2. Relaciones dramatizadas, atemorizadas y racionalizadoras; 3. Relaciones emocionalizadas, intrusivas, actuadoras y operatorias y 4. Las relaciones paranoides, la des-integración psicótica y la inestabilidad emocional límite. En este tercer volumen, Relaciones emocionalizadas, intrusivas, actuadoras y operatorias, se redefinen los modos y organizaciones de la relación que en la psicopatología tradicional y en la psicopatología biocomercial se suelen denominar trastornos bipolares, psicopatía y trastornos psicosomáticos.

El momento de la luna Santiago Matías López, 2021-11-23 El destino de dos mundos está en juego y todo depende del Hechicero del Dragón. El Momento de la Luna se acerca y con él la batalla que terminará con la guerra que ha azorado

Elementium durante catorce años. Ahora que sabe que es el Hechicero del Dragón, Calvin Stone se encuentra entre la espada y la pared, puesto que de él depende evitar que Elementium caiga en manos del Emperador y el Hechicero Oscuro; de lo contrario podría morir en el intento. Tras fracasar en el rescate de sus padres del Reino de la Oscuridad y darse cuenta de quién es el Hechicero Oscuro en realidad, Calvin sufre una crisis de identidad que le impide seguir adelante. Por este motivo, en compañía de su Worf, su Unit Beast, se abre camino hasta el Reino de la Tierra en busca de respuestas, sin anticipar lo que dichas respuestas implicarían. Mientras sus aliados se preparan para la inminente batalla en el peligroso Reino del Océano, Calvin emprenderá un viaje a través del tiempo y los confines de Elementium para descubrir la verdad sobre su verdadero origen.

Diarios de Campaña José Martí, 2023-05-06 Las seis y media de la mañana serían cuando salimos de Montecristi el General, Collazo y yo, a caballo para Santiago: Santiago de los Caballeros, la ciudad vieja de 1507. Del viaje, ahora que escribo, mientras mis compañeros se sanean, en la casa pura de Nicolás Ramírez, solo resaltan en mi memoria unos cuantos árboles, —unos cuantos caracteres, de hombre o de mujer —unas cuantas frases. La frase aquí es añeja, pintoresca, concisa, sentenciosa: y como filosofía natural. El lenguaje común tiene de base el estudio del mundo, legado de padres a hijos, en máximas finas, y la impresión pueril primera. Una frase explica la arrogancia innecesaria y cruda del país: —“Si me traen (regalos, regalos de amigos y parientes a la casa de los novios) me deprimen, porque yo soy el obsequiado.” Dar, es de hombre; y recibir, no. Se niegan, por fiereza, al placer de agradecer. Pero en el resto de la frase está la sabiduría del campesino: —“Y si no me traen, tengo que matar las gallinitas que le empiezo a criar a mi mujer.” El que habla es bello mozo, de pierna larga y suelta, y pies descalzos, con el machete siempre en puño, y al cinto el buen cuchillo, y en el rostro terroso y febril los ojos sanos y angustiados.

El retrato de la joven de los ojos negros Matías Ig. Martínez Armero, 2022-02-16 A Pedro López Garnica, un amante de la pintura que tiene la extraña capacidad de trasladarse al pasado cuando observa las imágenes plasmadas en un cuadro, en una de sus visitas al Rijksmuseum de Ámsterdam, le llama la atención el retrato de una joven pintado por un pintor anónimo que los expertos consideran de la escuela de Siena, al inicio del Quattrocento. El retrato, por su estilo, es sorprendente, como si lo hubiera ejecutado un pintor contemporáneo. Pedro López Garnica cierra los ojos y entra en la vida del pintor anónimo que se adelantó a su tiempo y que fue olvidado por la historia.

Los jueves de rendición Matías Crowder, 2020-06-19 El pequeño pueblo de Los Álamos, escondido en el Delta, guarda un secreto. En 1977, en plena dictadura militar, un terror del que no se habla cae del cielo al río cada jueves a la madrugada y estremece la vida de esta remota aldea dispersa entre los canales y la selva. Más de veinte años después, Abelino Torcuato, obsesionado por desenmarañar un pasado inexplicable, se arma de un grabador y vuelve de la gran ciudad a su pueblo natal en busca de respuestas. Las voces de los habitantes de Los Álamos se combinan en un rompecabezas que, poco a poco, va develando la historia de los llovidos. Matías Crowder aborda narrativamente uno de los capítulos más oscuros de la historia de nuestro país: los vuelos de la muerte y la despiadada actuación de los grupos de tareas de la dictadura. Desde los ojos de un niño que sueña con el miedo, de una madre viuda que busca un nuevo comienzo, de un pianista olvidado, de un hombre obsesionado y despechado y de los habitantes de un pueblo recóndito donde la selva y el agua están vivos se construye una trama sombría que refleja la historia de la Argentina en una época de terror y violencia.
