Fantasy, Online Misogyny and the Manosphere Jacob Johanssen,2021-10-21 Nominated for the 2022 Gradiva®

Award! This book presents the first in-depth study of online misogyny and the manosphere from a psychoanalytic perspective. The author argues that the men of the manosphere present contradictory thoughts, desires and fantasies about women which include but also go beyond misogyny. They are in a state of dis/inhibition: torn between (un)conscious forces and fantasies which erupt and are defended against. Dis/inhibition shows itself in self-victimization and defensive apathy as well as toxic agency and symbolic power and expresses itself in desire for and hatred of other bodies. The text draws on the psychoanalytic thinkers Klaus Theweleit, Elisabeth Young-Bruehl, Jessica Benjamin and Wilhelm Reich to present detailed analyses of the communities within the so-called manosphere, including incels, Men Going Their Own Way (MGTOW), alt-right YouTubers and NoFap users. Drawing on wider discussions about the status of sexuality in contemporary neoliberal technoculture since the sexual revolution of the late 1960s, it illuminates how sexuality, racism and images of the white male body shape the fantasies and affects of many men on the internet and beyond. Integrating a unique theoretical framework to help understand how today's increase in online misogyny relates to the alt-right and fascism, *Online Misogyny and the Manosphere* is an important resource for academics in a variety of fields including psychoanalysis, media and communication studies, internet studies, masculinity research and more.

Year's Best Fantasy David G. Hartwell, Kathryn Cramer, 2001-07-03 The first in a new series, this companion volume to the popular Year's Best SF includes an outstanding collection of short stories, previously published only in magazines, by bestselling fantasy authors including Terry Goodkind, George R.R. Martin, Michael Moorcock, Robert Sheckley, and others.

Gender and Sexuality in Contemporary Popular Fantasy Jude Roberts, Esther MacCallum-Stewart, 2016-06-03 This book explores the ways in which contemporary writers, artists, directors, producers and fans use the opportunities offered by popular fantasy to exceed or challenge norms of gender and sexuality, focusing on a range of media, including television episodes and series, films, video games and multi-player online role-play games, novels and short stories, comics, manga and graphic novels, and board games. Engaging directly with an enormously successful popular genre which is often overlooked by literary and cultural criticism, contributors pay close attention to the ways in which the producers of fantasy texts, whether visual, game, cinematic, graphic or literary texts, are able to play with gender and sexuality, to challenge and disrupt received notions and to allow and encourage their audiences to imagine ways of being outside of the constitutive constraints of socialized gender and sexual identity. With rich case studies from the US, Australia, UK, Japan and Europe, all concentrating not on the critique of fantasy texts which duplicate or reinforce existing prejudices about gender and sexuality, but on examining the exploration of or attempt to make possible non-normative gendered and sexual identities, this volume will appeal to scholars across the social sciences and humanities, with interests in popular culture, fantasy, media studies and gender and sexualities.

Fantasy and Myth in the Anthropocene Marek Oziwicz, Brian Attebery, Tereza Dedinová, 2022-02-24 The first study to look at the intersection of the discourse of the Anthropocene within the two highly influential storytelling modes of fantasy and myth, this book shows the need for stories that articulate visions of a biocentric, ecological civilization. Fantasy and myth have long been humanity's most advanced technologies for collective dreaming. Today they are helping us adopt a biocentric lens, re-kin us with other forms of life, and assist us in the transition to an ecological civilization. Deliberately moving away from dystopian narratives toward anticipatory imaginations of sustainable futures, this volume blends chapters by top

scholars in the fields of fantasy, myth, and Young Adult literature with personal reflections by award-winning authors and illustrators of books for young audiences, including Shaun Tan, Jane Yolen, Katherine Applegate and Joseph Bruchac. Chapters cover the works of major fantasy authors such as J. R. R. Tolkien, Terry Pratchett, J. K. Rowling, China Miéville, Barbara Henderson, Jeanette Winterson, John Crowley, Richard Powers, George R. R. Martin and Kim Stanley Robinson. They range through narratives set in the UK, USA, Nigeria, Ghana, Pacific Islands, New Zealand and Australia. Across the chapters, fantasy and myth are framed as spaces where visions of sustainable futures can be designed with most detail and nuance. Rather than merely criticizing the ecocidal status quo, the book asks how mythic narratives and fantastic stories can mobilize resistance around ideas necessary for the emergence of an ecological civilization.
