Clearing the Fog James C. Jackson, 2023-05-09 “An essential guide” (Mark Hyman, author of *Young Forever*) to navigating life with the cognitive and mental health impairments that often accompany Long Covid. Early in the Covid-19 pandemic, the shocking mortality figures obscured the fact that death is not the only adverse outcome of the virus. Today, as many as 30 percent of Covid-19 survivors still experience symptoms long after their acute illness has passed, with cognitive and mental health problems especially prominent. For long haulers, this struggle with Long Covid has irrevocably changed their lives. Many have lost their ability to work, attend school, and look after their children. They often feel misunderstood and dismissed by others. Their once-full lives are now filled only with doctors' appointments that seem more and more futile. In *Clearing the Fog*, neuropsychologist Dr. James C. Jackson offers people suffering from Long Covid and their families a roadmap to help them manage their “new normal.” Focusing on cognitive impairment and mental health issues, he shows readers: The ways in which they can manifest and disrupt Suggestions for how and when to seek professional evaluations Science-based treatment options and strategies, Information on navigating health care systems and disability insurance Validation and hope as patients wrestle with their new diagnosis In addition, Dr. Jackson shares his own experience with chronic illness, relating to long haulers with vulnerability and compassion. Through moving stories as well as hands-on guidance, *Clearing the Fog* will help long haulers understand their current situation while offering multiple ways to address it, make sense of it, and move through it with the goal of thriving instead of merely surviving.

The Music Sound Nicolae Sfetcu, 2014-05-07 A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology , theory, music video.

Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

String Theory Ashlyn Kane, Morgan James, 2021-06-29 One of the most anticipated books of summer 2021. — Apple Books For Jax Hall, all-but-dissertation in mathematics, slinging drinks and serenading patrons at a piano bar is the perfect remedy for months of pandemic anxiety. He doesn't expect to end up improvising on stage with pop violinist Aria Darvish, but the attraction that sparks between them? That's a mathematical certainty. If he can get Ari to act on it, even better. Ari hasn't written a note, and his album deadline is looming. Then he meets Jax, and suddenly he can't stop the music. But Ari doesn't know how to interpret Jax's flirting—is making him a drink called Sex with the Bartender a serious overture? Jax jumps in with both feet, the only way he knows how. Ari is wonderful, and Jax loves having a partner who's on the same page. But Ari's struggles with his parents' expectations, and Jax's with the wounds of his past, threaten to unbalance an otherwise perfect equation. Can they prove their double act has merit, or does it only work in theory?

Dance Music Nicolae Sfetcu, 2014-05-09 Dance music is music composed, played, or both, specifically to accompany dancing. It can be either the whole musical piece or part of a larger musical arrangement. Dance music works usually bear the name of the corresponding dance, e.g. waltzes, the tango, the bolero, the can-can, minuets, salsa, various kinds of jigs and the breakdown. Other dance forms include contradance, the merengue, the cha-cha-cha. Often it is difficult to know whether the name of the music came first or the name of the dance. Although dance is often accompanied by music, it can also be presented alone (Postmodern dance) or provide its own accompaniment (tap dance). Dance presented with music may or may not be performed in time to the music depending on the style of dance. Dance performed without music is said to be danced to its own rhythm. An introduction to classical and modern dance including hip hop dance, what is dance, and the dance music (electronic music, rock and roll, disco, house, techno, trance, etc.)

Falling Onto Cotton Matthew E. Wheeler, 2020-09-08 A restaurateur is faced with a choice he thought he'd left behind when his dying uncle, a Milwaukee crime lord, taps him to become the next Don. Haunted by the murder of his fiancée, Chance McQueen—once a musician on the cusp of success but now a restaurateur—knows alcohol and toxic relationships are choices slowly killing his soul. Trying to balance the scales between guilt and redemption, Chance takes under his wing a fatherless teen and mentors him through the dramatic ups and downs of first love and the stutter steps of budding adulthood. But Chance is the last living relative of Don Carmelo, a Milwaukee crime lord, and when Chance's uncle taps him to become the next head of the family, his life spins out of control like an empty scotch bottle kicked down an alleyway. Not sure he can rescue himself; Chance focuses on rescuing Winnie. Awkward, sweet, and soulful, 19-year-old Winnie is suspended in the inertia of waiting for life to begin and not being sure where to start. Navigating first love, parental loss, and trying to find purpose, Winnie knows he must grow up—while Chance is figuring out he's not quite the man he knows he needs to be. With a lover whose secret agenda is to destroy the family, her mobbed-up husband who wants Chance dead, and a hotshot U.S. Attorney poking around, it will take all of Chance's street smarts and the naïve courage of his teen protégée to survive a criminal empire built on murder.

The Big Bang Jed Feuer, Boyd Graham, 2001 long on shtick and historical hilarity, it is staged as a backers' audition for an 83.5 million dollar twelve hour stage history of the world from creation to the present. Eighteen side splitting numbers portraying Adam and Eve, Attila the Hun, the building of the pyramids, Julius Caesar and Columbus, among others, give potential investors a taste of the impending extravaganza. In the process, the opulent Park Avenue apartment borrowed for the occasion is trashed as the two snatch its furnishings to create makeshift costumes while singing and clowning their way through inventive recreations of the past, stopping occasionally for a little supplicating show biz patter--Publisher.

In MY FIRST POPSICLE, Zosia Mamet has curated some of the most prominent voices in art and culture to tackle the topic of food in its elegance, its profundity, and its incidental charm. With contributions from Stephanie Danler on vinaigrette and starting over, Anita Lo on the cultural responsibility of dumplings, Tony Hale on his obsession with desserts at chain restaurants, Patti LuPone on childhood memories of seeking out shellfish, Gabourey Sidibe on her connections with her father and the Senegalese dish Poulet Yassa, Andrew Rannells on his nostalgia for Jell-O Cake, Sloane Crosley on the pesto that got her through the early months of the pandemic, Michelle Buteau on her love for all things pasta, Jia Tolentino on the chicken dish she makes to escape reality, and more, MY FIRST POPSICLE is as much an ode to food and emotion as it is to life.
