In Government Gangsters (2023), Patel draws on his experiences to highlight corruption within government agencies and offer reforms to defeat the Deep State.

Government Gangsters Kash Pramod Patel,2023-09-26 “A brilliant roadmap highlighting every corrupt actor, to ultimately return our agencies and departments to work for the American People...we will use this blueprint to help us take back the White House and remove these Gangsters from all of Government!” —Donald J. Trump The highest levels of government have been infiltrated by an anti-democratic Deep State that can be defeated by refocusing our national security mission and relentlessly defending the truth. A sinister cabal of corrupt law enforcement personnel, intelligence agents, and military officials at the highest levels of government plotted to overthrow a president. Even after they failed, they continue to secretly pull the levers of power without any accountability to the American people. This isn't the synopsis of a fictional spy thriller. This is what is actually happening in the United States government. In Government Gangsters, Kash Patel—a former top official in the White House, the Department of Defense, the Intelligence Community, and the Department of Justice—pulls back the curtain on the Deep State, revealing the major players and tactics within the permanent government bureaucracy, which has spent decades stripping power away from the American people and their elected leaders. Based on his firsthand knowledge, Patel reveals how we can defeat the Deep State, reassert self-government, and restore our democracy.

The Insider Threat Adam Lovinger,2024-11-19 This stunning whistleblower account reveals how the Deep State weaponizes federal powers against its political enemies and explores the disastrous reality of the Obama Doctrine, which seeks to create a global balance of power by weakening American preeminence and strengthening America's foreign adversaries. During his eight-year reign, Barack Obama transformed the U.S. national security, intelligence, and law enforcement bureaucracies as no other president in history has done, advancing a policy of U.S. diminishment that has undermined our global primacy to this day. In The Insider Threat, Adam Lovinger draws on more than ten years of

experience at the Pentagon to explain how the Obama administration orchestrated this coup. Obama spent his first year in office persuading Americans that the U.S. should step back from its global leadership role to create a new world order based on “balance of power” politics. But what he never said out loud was that this meant Washington would transfer power to its enemies. When his 2009 worldwide “apology tour” proved a debacle, Obama changed tack—to subversion by bureaucratic fiat. He spent the next eight years staging a stealth revolution inside America’s most sensitive government agencies, using ideological infighters to replace America’s strategic objectives with those of China, Russia, and the Islamic Republic of Iran. In return, through a range of acts and omissions described in this book, America’s adversaries helped Obama and Joe Biden win elections, wealth, and prestige. Equal parts George Orwell and Franz Kafka, *The Insider Threat* exposes—for the first time—the secret playbook that Lovinger discovered on his U.S. Department of Defense computer. This file reveals how corrupt senior officials enrich their patrons at taxpayer expense, advance the interests of America’s enemies, undermine core U.S. national interests from within, and make administrative reform impossible. Even longtime Washington insiders will be shocked at the extent of lawlessness that now passes for normal in America’s administrative state.

DEEP STATE EVIL DEEDS Maria O'Neill, 2025-05-06 *DEEP STATE EVIL DEEDS* takes an extensive and sweeping look at illegal and traitorous actions taken by government officials, elected and non-elected individuals. Using alternative news reports, the author illustrates and comments on how the rights of ordinary Americans have been grossly violated. This includes lawsuits and judgments that have been issued under false suppositions and information, for the purpose of accusing and convicting the political opponents of Joe Biden and Kamala Harris---a process that has been termed “lawfare”. The book delves into such diverse topics as the rigged 2020 election, the raid on Mar-A-Lago (the home of President Trump), lawfare

against Trump and the violation of his civil rights, the illegal handling of peaceful January 6th protestors and violence perpetrated against them, COVID vaccinations, the assassination of JFK, and the greatness of America. This book will fill in a lot of blanks for those who have questions about the Biden administration, the Deep State, and the efforts of crooked lawless prosecutors and judges to hand down unjust lawsuits and sentences. Trump has said about the Deep State that if they can come after him, they can come after anyone---and this book proves they have done just that!

PsyWar Robert W. Malone, Jill Glasspool Malone, 2024-10-08 PsyWar: Enforcing the New World Order exposes the history and tactics of modern psychological warfare on the American people and offers a way forward for citizens to resist totalitarian control. PsyWar is when a government coordinates and directs deployment of propaganda, censorship, and psychological operations (psyops) tools in campaigns designed to manipulate public opinion. The authors address critical topics including: Propaganda and Behavioral Control Psychological Bioterrorism Deep State Censorship Surveillance Capitalism Administrative State Objectives Fifth-Generation Warfare PsyWar Tactics Techno-Totalitarianism The New World Order and Global Control Free speech is the most pragmatic tool we have for ascertaining truth. Only by examining all sides of an issue can the truth be chiseled out like a statue out of marble. We must defend all speech—whether untrue, hateful, or intolerable, as that is the only way to protect our right to understand the world. As soon as free speech is restricted, that restriction will be used to sway public opinion. Now is a time when America needs hope. But more than hope, we need to restore our Constitution and Bill of Rights as the foundational documents of our Republic. These documents support and protect our personal sovereignty and are at the core of our fundamental rights as Americans. We must work to make this country great again by restoring our commitment to these foundational principles and ethics.

Heirs of the Revolution Trent Staggs, 2025-07-03 Once a beacon of liberty and self-governance, our Republic has devolved into an oppressive, centralized government as a result of entrenched corruption, civic apathy, and moral decay. In Heirs of the Revolution, Trent Staggs delivers a compelling call to action, reminding us that our hard-won freedoms were entrusted to us by the Founders as a sacred inheritance. It is not too late to turn the tide, but it will take courage and a high level of civic engagement on the principles that made America exceptional. With a blend of historical context, modern-day examples, and actionable solutions, Heirs of the Revolution is a rallying cry for all Americans to reclaim their role as stewards of liberty. Staggs challenges readers to rise to the occasion, safeguard the principles that make America exceptional, and pass on a stronger Republic to future generations.
