DistributionLand Martin V. Higgins CFP, 2014-10-08 If you're retired or on the way, meet Marty Higgins— your guide for the journey through what he calls DistributionLand, a place of lovely landscapes but undeniable dangers. He'll show you how to enjoy this new world—but he wants you to be well-armed. As founder of Family Wealth Management LLC, Higgins is a specialist in helping families to build and preserve their savings to last the rest of their lives and beyond. In DistributionLand, he takes you into retirement territory, where you distribute the gains of your working years. Be warned: You need to adjust to a new set of rules here, or you may not make it, as many have sadly learned. This isn't Accumulation Land anymore, that youthful place where you built for a future far away. You need new strategies to fend off the beasts that lie in wait—among them, taxation, inflation, the cost of medical and long-term care, and an unpredictable market. You need not live in fear. Higgins has the tools that can help you do far more than survive in DistributionLand. He can show you how to create an income that will endure as long as you do, supporting the retirement of your dreams. An important first step is to define those dreams. Marty Higgins has the answers to the questions that he has heard retirees ask during his many years of practice. If you are to sleep well, you need to be confident that your money is secure and that you will be all right, no matter what. But he knows that you want and deserve more than that. You want to explore these new vistas and enjoy this new phase of life to the utmost. With Higgins at your side, you're in for a joyous journey. "We are entering uncharted waters and fortunately Marty Higgins has done the work of a cartographer in Distribution Land that will enable you to both survive and thrive in the times ahead." —Mitch Anthony, Author, *The New Retirement Mentality* "Kudos to Martin Higgins for creating a guidebook to help boomers navigate the largely uncharted territory of Distribution Land. A readable, fun and informative book." —Moshe A. Milevsky, The IFID Centre, York University, Toronto "A must read for anyone within 10 years of retirement or recently retired. I've been a financial advisor for more than twenty-nine years, and I found the content of this book invaluable even at this stage of my career." —Jay Van Beusekom, RHU, LUTCF; President & CEO of Jay Van Beusekom Financial Advisor, LLC

Shift Jeremiah Desmarais, 2017-06-09 Insurance agents and financial advisors are being taught outdated marketing and sales strategies to grow their businesses. Cold calling, seminars, online leads, networking groups and display ads are showing less returns. At the same time, according to Google, every 5 seconds someone is searching for a financial or insurance product to meet their needs, yet most agents are unaware of how to reach this growing market. Shift is a compilation of exclusive, rarely-before-seen techniques, strategies and best practices used right now to increase sales exponentially using digital marketing. These are not taught in magazines, books or courses today simply because most people

won't share them. Jeremiah has used these concepts to train over 100,000 agents in over 51 countries including the US, Canada, Japan, Switzerland, the Caribbean and South Africa. Using his years of success stories and behind-the-scenes access to the frontlines of what's working now, Jeremiah has been part of teams that have generated over two million leads in the insurance space, leading to over \$300,000,000 in commissions paid out. He has documented the most inspiring, entertaining and duplicatable techniques his teams and front line advisors are using TODAY to SHIFT industry thinking to solve these problems.

Magic Words Tim David, 2014-12-02 Years of experience as a magician taught Tim David that real magic is all about words, and the way they influence the minds of the audience. What sets a professional magician apart from an amateur are people skills like communication, influence, and engagement—skills that are also effective in the workplace. By applying seven “magic” words in a business setting, David offers tools for effective and persuasive communication. You will learn: The secret word that Harvard psychologists discovered is the key to unlocking human motivation How one very special word (spoken only inside your mind) mysteriously has a profound positive impact on those around you The number one mistake that managers make during 1-on-1's, and the one simple word that can fix it all What Dale Carnegie dubs “the sweetest sound in any language” How one tiny word can instantly change someone's mind for the better The single word that an in-depth study of thousands of hours of call center recordings revealed as the quickest way to reduce differences and calm people down How the infamous “But Eraser” works and why so many people mess it up The REAL magic behind the word “thanks” The seven words: Magic Word #1 - Because Magic Word #2 - Name Magic Word #3 - If Magic Word #4 - But Magic Word #5 - Absolutely Magic Word #6 - Thanks Magic Word #7 - Help

Tyranny, Inc. Sohrab Ahmari, 2023-08-15 The inside story of how our political class enabled an era of unaccountable corporate might that left ordinary Americans isolated and powerless—and how we can fight back—from the acclaimed author of *The Unbroken Thread* “In *Tyranny, Inc.*, Sohrab Ahmari, one of the leading thinkers of our time, alerts us to one of the greatest threats to freedom.”—Michael Lind, author of *The New Class War* and *Hell to Pay* Over the past two generations, U.S. leaders deregulated big business on the faith that it would yield a better economy and a freer society. But the opposite happened. Americans lost stable, well-paying jobs, Wall Street dominated industry to the detriment of the middle class and local communities, and corporations began to subject us to total surveillance, even dictating what we are, and aren't, allowed to think. The corporate titans and mega-donors who aligned themselves with this vision knew exactly what they were getting: perfect conditions for what Sohrab Ahmari calls “private tyranny”. Drawing on original reporting and a growing chorus of experts who are sounding the alarm, Ahmari chronicles how private tyranny has eroded America's productive economy and the liberties we take for granted—from employment agreements that gag whistleblowers, to Big Finance's takeover of local fire departments, to the rigging of corporate bankruptcy to deny justice to workers and consumers—illuminating how these and other developments have left millions feeling that our livelihoods are insecure. And he shows how ordinary Americans can fight back, by restoring the economic democracy that empowered and uplifted millions of working-class people in the twentieth century. Provocative, original, and cutting across partisan lines, *Tyranny, Inc.* is a revelatory read on the most important political story of our time.

A Practical Guide to Working in Theatre Gill Foreman, 2010-01-11 Live theatre is an exciting, challenging profession - but how is professional theatre actually made? What are the roles and what does each person do? Which pathways lead into the profession? What skills are necessary to each role and how does the job differ according to the size of theatre or company? Written by the Acting Head of the Young People's Programme at the Royal Shakespeare Co. and former Director of Education at the Bristol Old Vic, this is a book for new entrants in the theatre industry needing a behind-the-scenes glimpse into how theatre is made. Each chapter looks in detail at what each role entails, the main people who it involves working alongside and the skills required. Interviews with a number of key practitioners for each role provide authoritative and clear advice and insight for the reader. The book features interviews with all of the following and many more besides: Nick Hytner (National Theatre), Simon Reade (Bristol Old Vic), Mike Shepperd (founder and performer, Kneehigh), Emma Rice (Artistic Director, Kneehigh), Rachel Kavanaugh (Birmingham Rep), Tim Crouch (Writer/Director/Performer), Anne Tipton (Director), Stephen Jeffries (Playwright), David Edgar (Playwright) and Jack Bradley (Literary Manager).

The Organized Mind Daniel J. Levitin, 2014-08-19 New York Times bestselling author and neuroscientist Daniel J. Levitin shifts his keen insights from your brain on music to your brain in a sea of details. The information age is drowning us with an unprecedented deluge of data. At the same time, we're expected to make more—and faster—decisions about our lives than ever before. No wonder, then, that the average American reports frequently losing car keys or reading glasses, missing appointments, and feeling worn out by the effort required just to keep up. But somehow some people become quite accomplished at managing information flow. In *The Organized Mind*, Daniel J. Levitin, PhD, uses the latest brain science to demonstrate how those people excel—and how readers can use their methods to regain a sense of mastery over the way they organize their homes, workplaces, and time. With lively, entertaining chapters on everything from the kitchen junk drawer to health care to executive office workflow, Levitin reveals how new research into the cognitive neuroscience of attention and memory can be applied to the challenges of our daily lives. *This Is Your Brain on Music* showed how to better play and

appreciate music through an understanding of how the brain works. The Organized Mind shows how to navigate the churning flood of information in the twenty-first century with the same neuroscientific perspective.
