They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul Boller, Jr., and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, are blatantly dishonest and falsify the historical record. And others are chillingly vicious, filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America, and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and yet thought-provoking book, *They Never Said It* sorts out a great deal of history and sets it right, going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals, atheists and evangelists, all have at times twisted and even invented the words of eminent figures to promote their own ends. It is the ultimate debunking reference, a perfect complement to handbooks of quotations.

America's Five Most Recent Fake Presidents and Why They Love the Lie Dowling G. Campbell PH.D., 2023-05-02 Freedom and democracy have been competing with tyranny and greed since mankind arrived. During both World Wars, America led in the sacrifice of our soldiers and resources. Ever since, American freedom has been seriously deteriorating. My book America's Most Recent Five Fake Presidents and Why They Love the Lie is an attempt to help restore old-fashioned intelligence, graciousness, along with freedom and democracy. These five fake presidents--Richard Nixon, Ronald Reagan, George H. W. Bush, George W. Bush, and Donald Trump--have all deliberately damaged freedom, intelligence, and liberty almost beyond repair. The first four either started or exacerbated wars and are responsible for the untold deaths of American troops, among others. In addition, each created a trove of lies that conservatives have been hiding for years. The fifth, Donald Trump, has built a web of lies that has captured and killed the truth of freedom for a frighteningly large number of Americans, including a number of conservative politicians. In contrast, the intervening Democratic presidents have been able

to stop the wars started by these Republican presidents and, in many cases, even restored some much-needed financial assistance to those who need it most. One of the numerous illustrations is the fact that Bill Clinton, in addition to bringing the Bosnia War to an end, balanced the budget four times in eight years and left millions of surplus dollars, which Bush 2 squandered away in his first six months, with Republican praise.

Love is not blind Anuroop Sebastian, 2019-02-15 Anuroop Sebastian explores the theme of e;truee; vs. counterfeit, or e;fake,e; love and explains how the reader can identify the real thing by following the example of Jesus. In John 2:24, Jesus rejects the praises of a certain group of people. Their praises appear to be genuine but Jesus knows that they are simply flattering Him. Yet when Mary pours expensive perfume on His feet, he accepts her love (John 12:1-8). Jesus had the ability to discern the true nature of others by listening to their hearts instead of listening to their words or following their actions! The author will show how the Bible gives readers the wisdom to recognize their true friends and safeguard themselves from toxic relationships.

“Fake News” Theology Kenton L. Sparks,2020-02-27 No matter what side you're on or how you look at it, we're living in a world that's filled with fake news and with lots of people who believe it. How do Christians fits into this world? In this book, Kenton Sparks argues that certain approaches to biblical authority, which assume that the Bible is a perfect book, make Christians especially susceptible to the deceptions of fake news and cause us to embrace false understandings of the Bible and, because of this, about natural science, social science, various academic disciplines, politics, morals, ethics, and loads of other things. The resulting damage to faith and Christian witness is significant. Is there a better way to understand and honor biblical authority? Yes. We must restore God as the final authority over our interpretations of Scripture. The path forward for this theological agenda was modeled by Jesus Christ in his interpretations of Scripture. Whereas his contemporaries often followed the letter of the law or something akin to it, Jesus taught that love for God and neighbor provided the proper foundation and destination for healthy readings and applications of the Bible. If love required more radical, internal commitments to the law, Jesus demanded this of his audience; where love required that we set aside the law's violent judgments, he pointed his audience in the opposite direction. In modeling this approach to Scripture, Jesus taught as one with authority and thus showed us that, when we interpret Scripture through the lens of divine love, we give ourselves the best opportunity to read Scripture under the authority of God.

Love and Marriage in Globalizing China Wang Pan, 2014-11-13 As China globalizes, the number of marriages between Chinese people and foreigners is increasing. These Chinese-foreign marriages have profound implications for China's cultural identity. This book, based on extensive original research, outlines the different types of Chinese-foreign marriage, and divorce, and the changing scale and changing patterns of such marriages, and divorces, and examines how such marriages and divorces are portrayed in different kinds of media. It shows how those types of Chinese-foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably, whereas other kinds of Chinese-foreign marriage, especially those where Chinese women marry foreign nationals, are disapproved of, male foreign nationals being seen as having a propensity to infidelity, deception, violence and taking advantage of Chinese women. The book contrasts the portrayal of Chinese-foreign marriage with the reality, and with the depiction of Chinese-Chinese marriage where many of the same problems apply. Overall, the book sheds much light on changing social processes and on current imaginings of China's place in the world.
