Origin & Antiquity of the Cult of Lord Jagannath Avinash Patra, 2011-06-23 In the Rig-Veda, 10.155.3, there is mention of a Daru (log of wood) floating in the ocean. Vedic prayers have indicated for taking shelter in the Daru. In spite of the fact that Acharya Sayana, the noted commentator on the Vedas, has categorically interpreted the hymn with Jagannath as the Daru floating at the sea shores, some scholars have refuted this interpretation under the argument that the hymn deals with âAlaxmi Stavaâ of Arayi.

Narasingha - The Legend of Padma Purusha (Konark Secrets - Book 2) Bhuban Patra,2023 Kalinga is entering its

golden period at the beginning of the 13th century. The kingdom has already established itself as a maritime superpower, and now it has to make its mark with its monuments that were built over a few centuries. The temple building spree had already begun many years ago, and after the successful construction of the Lingaraj temple and Jagannath temple, the grandest monument on earth was to be built. Book two is the story of Narasingha Deva, the King of Kalinga and the constructor of this grand sun temple built in Mundira. The monument is considered one of the most magnificent and among the most mysterious temples of Bharat. The King narrates this tale, as he had experienced it in his lifetime. The book describes his journey about how from an inquisitive prince, he became one of the powerful monarchs of Bharat. This book covers the many battles fought between Kalinga and the Bengal Kings and why King Narasingha was known as the greatest builder of Bharat. . The book will also answer all questions on the existence of the sun temple built at Mundira which is now known as Konark. Was this temple just a grand monument, or were there secrets behind its construction? Why was an unusual technique used for its creation when tried and tested methods were already there? Did it hold some secret within itself? What is Bishnu Maharana's birth secret? Who was Silpy? This book unfolds all these secrets.

The Cult of Jagannatha Jose Carlos Gomes da Silva, 2010-01-01 The Cult of Jagannatha: Myths and Rituals offers a new approach to Orissan ethnography. In sharp contrast with dominant explanations, centred on tribal influences and the history of aryan-isation, this book provides extensive evidence on the importance of religious orthodoxy. The transition from the coastal to the inland regions of Orissa is characterised by sharp demographic and sociological discontinuities. Such regional differences are probably a reflection of aryan-isation. Ethnological accounts have most commonly relied on the historical reconstruction of this process. It has been assumed that native communities exercised a decisive influence on the traditions that flourished in the delta plain, especially those related to its vital centres-the city of Puri and the temple of Jagannatha. Myths and rituals show that sacrificial symbolism is at the core of Puri's religious system. Explicitly associated with an inaugural asvamedha (the Vedic horse sacrifice), the building of the great temple is still seen as a transformation of the brick-fire altar. These correlations are further supported by an impressive web of orthodox representations, both Vedic and Hindu. This acknowledgement of orthodoxy takes us back to the so-called singularities of local traditions. How to interpret the iconographic specificity of Puri's deities? What status should be attributed to the Sudra ritualists of the great temple? The present book provides new answers to these old questions. Puzzling as it may appear, the strangeness of Orissan ethnography is a particular, yet extremely coherent expression of Indian traditions.

Travel, Space, Architecture Jilly Traganou, Dr Miodrag Mitrasinovic, 2012-11-28 Travel, Space, Architecture defines a new theoretical territory in architectural and urban scholarship that frames the processes of spatial production through the notion of travel. By aligning architectural thinking with current critical theory debates, this book explores whether dissociating culture from place and identity, and detaching the idea of architecture from both, can reframe our understanding of spatial

and architectural practices. The book presents seventeen key case studies from a diverse range of perspectives including historical, theoretical, and praxis-based, and range from interrogations of architectural travel and notions of belonging and nationhood to challenging established geopolitical hierarchies.

Lost Childhood Anilava Roy, 2018-12-12 People of our generation, in the age bracket of 40 to 60, are the last of the generation who had a childhood which would never come back. It was simple and had a lot of happiness around small things. It was carefree and adventurous in contrast to today's generations who will never experience the childhood which we did despite the advancement of technology and the improvement in the standard of living. The small joys in life are no longer there, and even after having everything in life, it does not seem enough. The idea of this book is to bring forth the childhood which many of our generations would be able to relate to and savour. The book also highlights, to today's generation, as to what they are missing in their childhood. It may bring out some of those aspects in their childhood. This book is not a simple memoir of childhood. It is an attempt to capture the childhood of a child of a middle-class family who travelled through 8 cities, lived in around 10 houses and studied in around 8 schools. It is also about the various incidents, cities and its foods.

But they still dare to dream. In CityZen, we feature Madhusmita Nayak and her inspiring story as she goes about breaking the proverbial glass ceiling. Often, one's passion can be poles apart from their chosen profession. Perhaps nobody exemplifies this better than Manas Ranjan Samal. An officer of the Odisha Administrative Service (OAS), Samal is passionate about philately, or collecting stamps. Twenty-one years after he chose this hobby, he is still going strong. He is our third CityZen for this edition. Amidst all the restrictions it brought upon us, one positive habit that Covid reinforced is that of reading.
