We Should All Be Millionaires Rachel Rodgers, 2021-05-04 Are you ready to fill your life with more peace, power, and joy? *We Should All Be Millionaires* details a realistic, achievable, step-by-step path to creating the support, confidence, and plan you need to own your success and become the millionaire the world needs you to be. Only 10 percent of the world's millionaires are women, making it difficult for women to wield the economic power that will create lasting equality. Whatever is stopping you from having seven figures in the bank—whether it's shaky confidence, knowledge gaps when it comes to wealth building tactics, imposter syndrome, a janky mindset about money (it's okay, we've all been there!), or simply not knowing where to begin—this book shows you how to clear every obstacle in your way, show up, and glow up. *We Should All Be Millionaires* will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers—a Black woman, mother of four, attorney, business owner, and self-made millionaire—shares the lessons she's learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you'll learn: Why earning more money is not “selfish” or “greedy” but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you've heard in the past (like “skip your daily latte to save money”) is absolute, patriarchal nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted and start making million-dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers' \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It's time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve — so you can stop just surviving, and start thriving. Let's begin.

**Summary of Rachel Rodgers's We Should All Be Millionaires** Milkyway Media,2021-06-26 Buy now to get the key takeaways from Rachel Rodgers's We Should All Be Millionaires Sample Key Takeaways: 1) Every woman should aspire to be a millionaire at some point. Every woman should have an insight of how it feels to wield economic power. This is how we effect change. This is how we provide for our children. That is how we give back to the world. 2) The data is alarming: women are afraid to ask for the money they deserve and need, and are thus less likely to receive it. They are also afraid of earning more than their partners, and of having a career, implying that they will not be able to meet their family's needs.

Now comes the companion guide to help take that attitude and turn it into action. This one-of-a-kind guide: Summarizes the most important concepts from We Should All Be Millionaires in a brief, succinct way, so these concepts stick firmly in your mind. The Millionaire Mind Thomas J. Stanley,2010-12-03 The New York Times bestseller that gives “readers with an entrepreneurial turn of mind . . . road maps on how millionaires found their niches” (USA Today). The author of the blockbuster bestseller *The Millionaire Next Door: The Surprising Secrets of America’s Wealthy* shows how self-made millionaires have surmounted shortcomings such as average intelligence by carefully choosing their careers, taking calculated risks, and living balanced lifestyles while maintaining their integrity. Dr. Thomas J. Stanley also builds on his research from *The Millionaire Next Door* and takes us further into the psyche of the American millionaire. Stanley focuses in on the top one percent of households in America and tells us the motor behind the engine; what makes them tick. His findings on how these families reached such financial success are based on in-depth surveys and interviews with more than thirteen hundred millionaires. “A very good book that deserves to be well read.” —The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” —Associated Press “A

high IQ isn't necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.”

**The Godwynne Mutiny** Jerri O'Powell,2019-11-01 As the deep sea once gave rise to pirates, so also did deep space . The crew of The Twenty-Wun Stars is one such group of opportunistic souls. This exceptional group of serendipitous, star faring fortune hunters find themselves under the leadership of Captain Jake Wade. The swaggering mojo at which this man moves thru life is literally infectious. The Captain and the crew travel the galaxy, always on the lookout for their next big score, to keep both the ship & rum taps running. This is the first instance where the crew of the Twenty-Wun Stars is introduced as they cross paths with two characters from the I AM Andrean series. The Godwynne Mutiny There was this one time when the crew picked up two stowaways, a rather brilliant average looking bloke named Godwynne and his rather exceptional looking lady friend Miss Becka. Miss Becka was a pretty enough looking lass, but she was a good head taller than her friends and he was at least 6 feet tall. She was a big gal, as strong as she was big if not more so. She had to be every bit of 300 pound and 6 and a half feet tall. If that weren't enough to stand out, she also possessed a pair of breasts that entered the room before she did. Mister Godwynne was a brainy sort but not the scaredy, nerdy kind. He had a mouth on him that even as smooth talking as he was would have got him bopped if Miss weren't at his side, as she almost always was. Miss Becka won't no regular woman. I saw her take a straight cyborg arm jaw punch from Miss Iron Kelly and not even shift her stance. The ancient earth poets Wu-Tang said it first, but Miss Becka won't nothin ta fuck wit. Like I said Mister Godwynne was a brainy sort. He dropped this 2 billion credit score in the lap of the captain and they moved up the food chain. I wish I could say it went off without a hitch, but the gig turned sideways, shots were fired and new enemies were made. Things got a little uneasy after that and I saw something I thought I would never see, a mutiny. My Name is Uncle Dave, that's what the crew calls me anyway. We are a ship of fortune at best and a pirate ship on our worst days, and this is the tale of the Godwynne Mutiny Over three thousand years after the final battle over the soul mankind, between God, Satan, and Nefarious, destroys the earth, a new chapter begins. The resulting hyperspace blast from the earth's destruction flings the last of humanity into the furthest reaches of space on their surviving starships. Over a 300 years passes before these star cast seeds of mankind reclaim the stars, and begin to find each other. The first of the new worlds to find each other and reconnect old humanity on new worlds, would eventually form The Confederation of Republic Worlds. This union would be marked with the erection of the Jara Timekeeping Tower on Jara Prime, broadcasting a synced time throughout the known universe. This is the Jara Era.

*Life and the Ideal* Darrell Jordan, 2018-09-17 These essays are based on the view that every form of life contains its separate ideal; in other words, that in all departments of it there is a something better than we have yet seen or reached. And they are a search for that ideal. The best thing about our universe is that it is an unfinished one; and that we, in our several positions, are called in as co-workers in the finishing of it. In business, in politics, in our social systems; in religion, as it exists in our forms and beliefs, there is a something yet to be attained, an eternal progress which we are to help in realizing. We can never do our best work except in fidelity not only to what is, but to what is yet to be. The topics discussed are various as life is various, but they will be found to be united in this common conception.
