Formalizing Natural Languages: Applications to Natural Language Processing and Digital Humanities Mariana González, Silvia Susana Reyes, Andrea Rodrigo, Max Silberztein, 2023-01-01 This book constitutes selected revised papers of the 16th International Conference on Formalizing Natural Languages: Applications to Natural Language Processing and Digital Humanities, NooJ 2022, held in Rosario, Argentina, in June 2022. Due to COVID-19 pandemic the conference was held virtually. NooJ is a linguistic development environment that provides tools for linguists to construct linguistic resources that formalize a large gamut of linguistic phenomena: typography, orthography, lexicons for simple words, multiword units and discontinuous expressions, inflectional, derivational and agglutinative morphology, local, phrase-structure and dependency grammars, as well as transformational and semantic grammars. The 17 full papers presented were carefully reviewed and selected from 50 submissions. The papers are organized in the following topics: Morphological and Lexical Resources; Syntactic and Semantic Resources; Corpus Linguistics and Discourse Analysis; Natural Language Processing Applications.

Modern Generative AI with ChatGPT and OpenAI Models Valentina Alto, 2023-05-26 Harness the power of AI with innovative, real-world applications, and unprecedented productivity boosts, powered by the latest advancements in AI technology like ChatGPT and OpenAI Purchase of the print or Kindle book includes a free PDF eBook Key Features Explore the theory behind generative AI models and the road to GPT3 and GPT4 Become familiar with ChatGPT's applications to boost everyday productivity Learn to embed OpenAI models into applications using lightweight frameworks like LangChain Book Description Generative AI models and AI language models are becoming increasingly popular due to their unparalleled capabilities. This book will provide you with insights into the inner workings of the LLMs and guide you through creating your own language models. You'll start with an introduction to the field of generative AI, helping you understand how these models are trained to generate new data. Next, you'll explore use cases where ChatGPT can boost productivity and enhance creativity. You'll learn how to get the best from your ChatGPT interactions by improving your prompt design and leveraging zero, one, and few-shots learning capabilities. The use cases are divided into clusters of marketers, researchers, and developers, which will help you apply what you learn in this book to your own challenges faster. You'll also discover enterprise-level scenarios that leverage OpenAI models' APIs available on Azure infrastructure; both generative models like GPT-3 and embedding models like Ada. For each scenario, you'll find an end-to-end implementation with Python, using

Streamlit as the frontend and the LangChain SDK to facilitate models' integration into your applications. By the end of this book, you'll be well equipped to use the generative AI field and start using ChatGPT and OpenAI models' APIs in your own projects. What you will learn Understand generative AI concepts from basic to intermediate level Focus on the GPT architecture for generative AI models Maximize ChatGPT's value with an effective prompt design Explore applications and use cases of ChatGPT Use OpenAI models and features via API calls Build and deploy generative AI systems with Python Leverage Azure infrastructure for enterprise-level use cases Ensure responsible AI and ethics in generative AI systems Who this book is for This book is for individuals interested in boosting their daily productivity; businesspersons looking to dive deeper into real-world applications to empower their organizations; data scientists and developers trying to identify ways to boost ML models and code; marketers and researchers seeking to leverage use cases in their domain - all by using Chat GPT and OpenAI Models. A basic understanding of Python is required; however, the book provides theoretical descriptions alongside sections with code so that the reader can learn the concrete use case application without running the scripts.

Time Management in 10 Minutes a Day Alberto Dianin, Emanuele Venturini, We get to the end of the day and think we didn't accomplish everything we set out to do. It's frustrating and disappointing, but it sets a significant challenge for us at the same time. How do we find the time when we feel like we don't have any? We've studied this topic so much over the past ten years to develop an effective and practical answer that can be implemented by people just starting. In this book, you will find key information to learn how to: -punch laziness and get up to get your goals by understanding the routines of the best successful women and men, -plan your day by learning how to prioritize tasks and make the right choices involving seven techniques that have changed the lives of many people, -manage your space to relieve stress and live with mental order -use the 7 tools that buy you time and happiness every day. Stop listening to those who haven't achieved the results you want to reach and learn the essential techniques that have made the great entrepreneurs and businesswomen of the 21st century successful. Scroll to the top and click the Buy Now button to organize how to achieve your Goals!

Four Key Plays Federico García Lorca, 2019-06-03 In addition to a substantial introduction to the life and works of Federico García Lorca—avant-garde poet, playwright, and soul of Spain's Generation of '27—this collection features vibrant new English translations of four of his plays. The legacy of a dramatic, religious, and social iconoclast whose death made him a martyr of the left in Civil-War Spain and who today is embraced as a gay icon shines through in Michael Kidd's stage-worthy renderings of *Yerma*, *Blood Wedding*, *The House of Bernarda Alba*, and a more experimental play, *The Audience*, a kaleidoscopic exploration of sexual identity and theater.

The Routledge Handbook of Translation, Feminism and Gender Luise von Flotow, Hala Kamal, 2020-06-09 The Routledge Handbook of Translation, Feminism and Gender provides a comprehensive, state-of-the-art overview of feminism and gender awareness in translation and translation studies today. Bringing together work from more than 20 different countries - from

Russia to Chile, Yemen, Turkey, China, India, Egypt and the Maghreb as well as the UK, Canada, the USA and Europe - this Handbook represents a transnational approach to this topic, which is in development in many parts of the world. With 41 chapters, this book presents, discusses, and critically examines many different aspects of gender in translation and its effects, both local and transnational. Providing overviews of key questions and case studies of work currently in progress, this Handbook is the essential reference and resource for students and researchers of translation, feminism, and gender.

Barcelona 2004 - Edges of Experience: Memory and Emergence Lyn Cowan, The stimulating program featured clinical, artistic, historical and other interests and concerns of Jungian Psychology today, with wide-ranging presentations and events. Dante's Divine Comedy Ian Thomson, 2018-08-09 A TLS Book of the Year. 'Erudite and urgent, Ian Thomson's Dante's Divine Comedy is another book that everyone ought to read' Spectator. 'Succinct but wide-ranging, Ian Thomson's richly illustrated exploration of Dante's masterpiece is... fun... ingenious... fascinating' Observer. 'A book worth savouring as a chunky, chatty, richly illustrated guide that brings Dante and his world within our reach' Evening Standard. A lively and wide-ranging exploration of a literary masterwork and its influence on writers, poets, artists and film-makers up to our own time. Dante has no equal as he sings of other-worldly horror and celestial beatitude alike. Yet for all our distance from medieval theology, the Florentine poet's allegorical journey through hell, purgatory and paradise remains one of the essential works of world literature. At least fifty English language versions of the Inferno - the first part of Dante's poem - appeared in the twentieth century alone. If Dante's Divine Comedy speaks to our present condition, it is because it tells the story of Everyman who sets out in search of salvation in this world. Dante composed his great poem in the spoken Italian of his time. He wrote about suffering bodies and human weakness, and about divine ecstasy, in words that have resonated with readers and writers for the last seven hundred years.

Perspectives on Lexicography in Italy and Europe Marina Foschi Albert, Silvia Bruti, Roberta Cella, 2009-10-02

Lexicography is a very special field of research, in which theory arises from concrete problems and practice moulds on theoretical assumptions in a way of working that is at the same time technical and innovative. The volume offers an overview of the main aspects of the state of art of lexicographical research in Europe, with contributions concerning both historical and synchronic dictionaries and a wide spectrum of the main European languages (French, English, German, Italian, Portuguese, Spanish). Several contributions show the beneficial effects deriving from the close connection between modern lexicography and information technology, which in the last few years profoundly changed the way of designing, realising and using dictionaries. An appendix contains some reflections on lexicography and translation, one of the most important functional goals for both monolingual and bilingual dictionaries.

That Mad Ache Françoise Sagan, 2009-05-12 That Mad Ache, set in high-society Paris in the mid-1960's, recounts the emotional battle unleashed in the heart of Lucile, a sensitive but rootless young woman who finds herself caught between her carefree, tranquil love for 50-year-old Charles, a gentle, reflective, and well-off businessman, and her sudden wild passion for 30-year-old Antoine, a hot-blooded, impulsive, and struggling editor. As Lucile explores these two versions of love, she vacillates in confusion, but in the end she must choose, and her heart's instinct is surprising and poignant. Originally published under the title *La Chamade*, this new translation by Douglas Hofstadter returns a forgotten classic to English. In *Translator, Trader*, Douglas Hofstadter reflects on his personal act of devotion in rewriting Françoise Sagan's novel *La Chamade* in English, and on the paradoxes that constantly plague any literary translator on all scales, ranging from the humblest of commas to entire chapters. Flatly rejecting the common wisdom that translators are inevitably traitors, Hofstadter proposes instead that translators are traders, and that translation, like musical performance, deserves high respect as a creative act. In his view, literary translation is the art of making subtle trades in which one sometimes loses and sometimes gains, often both losing and gaining at the same time. This view implies that there is no reason a translation cannot be as good as the original work, and that the result inevitably bears the stamp of the translator, much as a musical performance inevitably bears the stamp of its artists. Both a companion to the beloved Sagan novel and a singular meditation on translation, *Translator, Trader* is a witty and intimate exploration of words, ideas, communication, creation, and faithfulness.

The Discoverers Daniel J. Boorstin, 2011-01-26 An original history of man's greatest adventure: his search to discover the world around him. In the compendious history, Boorstin not only traces man's insatiable need to know, but also the obstacles to discovery and the illusion that knowledge can also put in our way. Covering time, the earth and the seas, nature and society, he gathers and analyzes stories of the man's profound quest to understand his world and the cosmos.

A Chronology of Translation in China and the West Sin-wai Chan,2009 This book is a study of the major events and publications in the world of translation in China and the West from its beginning in the legendary period to 2004, with special references to works published in Chinese and English. It covers a total of 72 countries/places and 1,000 works. All the events and activities in the field have been grouped into 22 areas or categories for easy referencing. This book is a valuable reference tool for all scholars working in the field of translation.

The Reception of P. B. Shelley in Europe Susanne Schmid,Michael Rossington,2008-10-21 The widespread and culturally significant impact of Percy Bysshe Shelley's writings in Europe constitutes a particularly interesting case for a reception study because of the variety of responses they evoked. If radical readers cherished the 'red' Shelley, others favoured the lyrical poet, whose work was, like Byron's, anthologized and set to music. His major dramatic works, *The Cenci* and *Prometheus Unbound*, inspired numerous fin-de-siècle and expressionist dramatists and producers from Paris to Moscow. Shelley was read by, and influenced, the novelist Stendhal, the political theorist Engels, the Spanish symbolist Jiménez, and the Russian modernist poet Akhmatova. This exciting collection of essays by an international team of leading scholars considers translations, critical and biographical reviews, fictionalizations of his life, and other creative responses. It probes into transnational cross-currents to demonstrate the depth of Shelley's impact on European culture since his death in 1822. It will be an indispensable research resource for academics, critics, and writers with interests in Romanticism and its legacies.
