Apollinaire and the International Avant-Garde Willard Bohn, 1997-01-01 This literary history examines Guillaume Apollinaire's reception and influence in the Western hemisphere during the early twentieth century. It identifies and reconstructs major literary and art historical paths of development, about which surprisingly little is known. In particular, it discusses Apollinaire's reception and formative influence in North America, England, Germany, Spain, Argentina, and Mexico, and includes important documents by Apollinaire himself that have not appeared in print until now. Bohn brings together a worldwide network of writers, artists, and critics to reveal the role and centrality of Apollinaire as the icon of Parisian modernism, cult figure of the avant-garde, poet with a new series of techniques, esthetician of the New, innovator of modern culture, and literary and cultural arbiter of his generation. This is Rezeptionsethik in its most intense form. It is the definitive reference book for checking on who had any dealings with Apollinaire, the man or his work, and French modernism in English, German, Spanish or Catalan linguistic and cultural domains in both the Old and New Worlds. Bohn's translations from the various languages he commands are superb and prove that he is always working from source material. His text is simply a tour de force, a virtuoso performance. -- Seth L. Wolitz, University of Texas, Austin Given the centrality of French poetry for European and New World poetry since Baudelaire, one simply cannot overstate Apollinaire's role in the evolution of the most advanced poetry written throughout Europe and North and South America since circa 1900. However, no one before has tracked his impact on avant-garde circles outside France with so much attention to the specifics involved. Bohn has emerged as the dean of Apollinaire studies in North America; thus everything he has to say about the poet has the ring of absolute authority. -- Robert W. Greene, State University of New York, Albany

Poema del Otoño y otros poemas Rubén Darío, 2019-11-11 El libro 'Poema del Otoño y otros poemas' de Rubén Darío es una obra que recopila la esencia del modernismo hispanoamericano y su lirismo innovador. En estos poemas, el autor logra fusionar la musicalidad y la belleza del lenguaje con temáticas profundas como la búsqueda de la identidad y el paso del tiempo. Darío utiliza un estilo rico en imágenes sensoriales y metáforas, lo que concede a sus versos una gran profundidad emocional y estética. El contexto literario en el que se sitúa esta obra está marcado por la transición del romanticismo hacia el modernismo, caracterizado por la búsqueda de nuevas formas de expresión y la renovación de la poesía en lengua española. Rubén Darío, considerado el máximo exponente del modernismo, fue un poeta nicaragüense que revolucionó la literatura de habla hispana a finales del siglo XIX y principios del XX. Su experiencia personal, marcada por el exilio y la pérdida, así como su profundo conocimiento de las corrientes literarias europeas, influyeron en su producción poética. Su deseo de encontrar una voz auténtica y universal lo llevó a experimentar con la métrica y el ritmo, lo que se refleja en 'Poema del Otoño y otros poemas'. Recomendando encarecidamente 'Poema del Otoño y otros poemas' a aquellos que deseen explorar las complejidades del alma humana a través de la poesía. La riqueza lírica y la innovación estilística de Darío invitan al lector a una reflexión profunda sobre la vida, el amor y la naturaleza efímera del tiempo, siendo un clásico imprescindible en la literatura hispanoamericana.

Poemas Para Mirar Antología, 1998-10

Del vanguardismo a la antipoesía Federico Schopf, 2000

The Poetic Avant-garde Beret E. Strong, 1997 The Poetic Avant-Garde compares three avant-garde groups active in the era between the world wars: those surrounding Jorge Luis Borges, W.H. Auden, and Andre Breton. These groups were composed of poets and writers who made use of the avant-garde's characteristic modes of self-expression: the publication of small journals, unorthodox attention-getting tactics, and interaction with the mainstream press. However, their differing aesthetic, social, and political agendas illustrate the surprisingly broad range of avant-gardism in the interwar era. Strong looks at the choices these three groups made when their radical goals collided with the forces of social and political change in the 1920s and 1930s, highlighting the disparity between their rhetoric and their actual achievements. The book focuses on the avant-garde's struggle to reconcile contradictory imperatives: a desire to be radically new while also finding an audience.

Verde Y Poesía Y Otros Poemas Claudio Serra Brun, 2021-04-09 Esta Primera Edición de Verde y Poesía, de Claudio Serra Brun, es la concreción feliz de un viejo anhelo del Autor, de unir Poesía y Naturaleza en Armonía, y que data de su primer viaje por la Patagonia Argentina, en 1971, con un grupo de compañeros de estudio de Química Industrial en el ENET No 1 Otto Krause de Buenos Aires. En la magistral narración La araña, el ave y el lobo marino, el autor relata el descubrimiento, en ese viaje iniciático, de una dimensión nueva en su concepción de la realidad: La toma de conciencia

ecológica, holística, que con el tiempo se convertirá en faro iluminante de comprensión y análisis de la sociedad industrial que vivimos y que nos afecta a todos, en todas partes del mundo. Allí se muestran las verdades del amor y el cuidado de la naturaleza, que les brindó el personaje, el biólogo Máximo García, en su laboratorio de la Reserva Faunística de Punta Loma, en la Península de Valdés, provincia de Chubut, Argentina. En este libro, Verde y Poesía y Otros Poemas, el Autor ha separado los poemas por su temática y por su momento temporal de redacción, Forman la segunda parte del libro: Los Poemas de la Oficina, una Primera Selección de Poemas Inéditos (1970-2020), Los Poetas y la Guerra, Memorias y Homenajes , y Escritos de Internet. Esta última recoge artículos y programas de radio escritos desde los primeros tiempos de la entrada de Internet en España, en 1990. Este nuevo libro de ClaudioSerraBrun, ejemplifica la actividad continuada del Autor en pos de la comunión por el Arte, de España y América. Hace más de cuarenta años que escribe una línea de unión entre ambos mundos, compuesta de poesía y pensamiento común, que une a España con Hispanoamérica, y, por su raigambre y temática, a toda Europa con América toda. En la amplia variedad de motivos poéticos que nos presenta en Verde y Poesía, ClaudioSerraBrun nos invita a repensar la poesía como linterna antigua y eterna, capaz de iluminar todas las facetas de la cultura. Nada más apropiado para condensar el futuro de la poesía en el pensamiento moderno, que el aforismo de nuestro Autor, repetido desde siempre en todas sus manifestaciones públicas: Un minuto de Poesía cada día, puede cambiar el mundo. Al terminar el recorrido de Verde y Poesía de ClaudioSerraBrun, con el corazón lleno de emociones y visiones perennes, solo nos queda augurar larga vida a la Poesía, y el triunfo de la Armonía y la Paz en el mundo. Gracias por todo ello. Pedro Bertrán. Noviembre 2020, Valencia, España.

Breve historia de la literatura argentina Martín Prieto,2011-09-01 La obra, guiada por criterios claros y comprometidos, da cuenta de los principales textos, autores, movimientos, tendencias y géneros que dibujan el corpus literario argentino en forma sucinta pero rigurosa y funcional. Este libro ofrece al lector una historia informativa, descriptiva, explicativa, crítica y valorativa de la literatura argentina, desde las crónicas escritas sobre el territorio que más de tres siglos después ocupará la República Argentina hasta la producción literaria actual. La decisión de condensar todos estos contenidos en un volumen requiere necesariamente exclusiones y recortes. Escrita por un solo autor -un especialista con perspectivas y juicios sólidos y

definidos-, goza de una unidad y una coherencia que la hacen un útil instrumento para un público amplio, no restringido a los expertos, objetivo al que apunta también su lenguaje claro y despojado de tecnicismos. Dejando de lado otros criterios, esta Breve historia elige poner el eje en el valor literario de los textos -ya resida éste en su dimensión estética, su novedad o su proyección-, constituyendo así un instrumento decisivo para conocer, valorar y disfrutar la literatura argentina.

Laboratorios de lo nuevo Rose Corral,Anthony Stanton,James Valender,2018-09-11 Esta obra se propone no sólo reavivar el interés por un aspecto de la investigación literaria que no siempre ha estado presente en las actividades de las universidades, sino también, y sobre todo, invitar a cotejar la suerte corrida por las revistas modernas y de vanguardia editadas en un mismo periodo, los años veinte, en cuatro países distintos: México, Argentina, Uruguay y España. El enfoque comparativo enriquece los estrechos marcos nacionales en que han sido por lo general analizadas y permite explorar los múltiples diálogos que se entablaron en sus páginas. Además de ser un material fascinante en sí para el lector actual, estas revistas ofrecen un venero, una mina para todo investigador de la época. Constituyen la memoria plural de un mundo en el cual todavía podemos reconocernos.

El modernismo arruinado David Wallace,2010 Este trabajo reconoce la huella que ha dejado en su propio quehacer escritural la lectura de diversas teorías, que arrancan desde la teoría literaria posestructural hasta la Estética e Historia del Arte. Reconoce, además, la importancia de la autorreflexividad, intransitividad y puesta en abismo en la materialización de la propia escritura ensayística.

The Cambridge Companion to Latin American Poetry Stephen M. Hart,2018-03-15 The Cambridge Companion to Latin American Poetry provides historical context on the evolution of the Latin American poetic tradition from the sixteenth century to the present day. It is organized into three parts. Part I provides a comprehensive, chronological survey of Latin American poetry and includes separate chapters on Colonial poetry, Romanticism/modernism, the avant-garde, conversational poetry, and contemporary poetry. Part II contains six succinct essays on the major figures Sor Juana Inés de la Cruz, Gabriela Mistral, César Vallejo, Pablo Neruda, Carlos Drummond de Andrade, and Octavio Paz. Part III analyses specific and distinctive trends within the poetic canon, including women's, LGBT, Quechua, Afro-Hispanic, Latino/a and New Media poetry. This Companion also contains a guide to further reading as well as an essay on the best English translations of Latin American poetry. It will be a key resource for students and instructors of Latin American literature and poetry.

Rediscovering Rubén Darío through Translation Carlos F. Grigsby,2024-06-13 A long overdue examination of Rubén Darío's multilingual work and influences alongside the contexts and politics of canonization in world literature. Rediscovering Rubén Darío through Translation addresses the peculiar obscurity of Darío by asking these questions: How can one of the

most important writers of a major world language be almost entirely unknown in the English-speaking world? How is it that other writers of the same language (e.g., Lorca or García Márquez) achieve widespread recognition in the anglophone world, while he remains unnoticed? What role does translation play in this? What can it tell us about the way in which world literature is articulated? Carlos F. Grigsby approaches Darío's oeuvre through translation. In doing so, he explores not only the place of Darío in the translation of Spanish American literature into English, but also the place of translation in Darío's own writing. The result is a double-sided painting, as it were: the recto is titled "Translation in Darío" and the verso "Darío in Translation." This book challenges the field of world literature by revealing some of the biases present in its representation of Spanish American literature. It adopts a multilingual framework – chiefly using English, Spanish, French, and to a lesser degree Latin and Catalan – in analyzing Darío's writing alongside that of his contemporaries. As a result, it reveals the multilingualism of Darío's own writing, opening new avenues for the study of his work and of Spanish American modernismo more generally.
