The Conflict of the Ages Teacher Edition I-III Michael J. Findley, Mary C. Findley , science, history, homeschool, evolution, young earth creation, ancient manuscripts

The Conflict of the Ages Teacher III They Deliberately Forgot: The Flood and the Ice Age Michael J. Findley, Mary C. Findley, Includes full student text, review questions, vocabulary, and answer keys. The worldwide Flood is one of the most discounted records in the Scriptures. Yet it is supported around the world by historical accounts. Take a look at feasibility studies on the safety and the stocking of the Ark. The Geologic Column ought to prove that fossils reveal the age of the earth. They show progression from simple to complex organisms over millions of years. But do they? Take a look at living fossils. Meet the extinct creature found only in the oldest layers but more complex than later life forms. Consider the real conditions that surrounded the Flood and the Ice Age.

Seder Olam Rabbah Chaim Joseph Milikowsky, 1982

Trans Biblical Joseph A. Marchal, 2025-04-08 Trans Biblical provides some of the most exciting new scholarly work in trans biblical interpretation to help us better understand our Bibles, our bodies, and one another in a fraught and fractious world. Trans Biblical: New Approaches to Interpretation and Embodiment in Scripture offers a collection of wide-ranging essays exploring key issues animating trans biblical interpretation from a variety of angles and emphases. Contributors, who themselves represent a range of gender identities, answer the question what makes a biblical reading trans, or a trans reading biblical? in diverse and exciting ways. They also promote new ways of thinking about gender variation in the ancient world while more sensitively and critically addressing ongoing debates about gender and embodiment. This collection is a helpful entrée into how biblical readers and interpreters can make new, more creative, reflexive, and accountable connections to influential texts and traditions. It represents a historic effort to situate, expand, and elaborate on the current trajectories of trans biblical interpretation. Gender variance is as old as stories about creation, and biblical texts are more variable than we have been trained to see. They disrupt present-day assumptions of a simple and stable gender binary, often deployed against trans, nonbinary, and gender nonconforming people. Taking us from Genesis through the Gospels and epistles and into rabbinic and early Christian scriptural engagement, Trans Biblical sharpens our awareness of what is in these texts and builds up our capacities for what can be done with our encounter with biblical texts and traditions. In short,

the work of the scholars gathered in this one, convenient collection meets an important, even urgent, need by providing a range of entry points and approaches to biblical texts and traditions in a contextually and theoretically nuanced fashion.
