William Williams, Jacob Cloyd Tressler

The Woman Who Ran Sam Baker, 2016-01-28 'Clever and gripping with an ending so tense I was holding my breath'
Claire Douglas, author of *The Sisters*

Reading and Interpreting the Works of the Brontë Sisters Naomi Pasachoff, 2017-07-15 The literary output of the Brontë sisters was small, but their novels remain immensely popular more than 150 years after their deaths. Each sister wrote a novel that challenged the ideas of the day on what was fit to print: Charlotte's *Jane Eyre* by examining the interior life of a young girl; Emily's *Wuthering Heights* by overturning the conventions of the novel, even while making use of traditional literary forms; Anne's *The Tenant of Wildfell Hall* by depicting a husband's alcoholism and debauchery. This guide, which roots the writers' work in their unusual upbringing and describes and challenges the so-called Brontë myth, aims to provide both first-time readers and long-time Brontë enthusiasts with a deeper understanding of their work and the reasons it continues to engross readers today.

The New Woman's Film Hilary Radner, 2017-01-20 With the chick flick arguably in decline, film scholars may well ask: what has become of the woman's film? Little attention has been paid to the proliferation of films, often from the independent sector, that do not sit comfortably in either the category of popular culture or that of high art--films that are perhaps the corollary of the middle-brow novel, or smart-chick flicks. This book seeks to fill this void by focusing on the steady stream of films about and for women that emerge out of independent American and European cinema, and that are designed to address an international female audience. The new woman's film as a genre includes narratives with strong ties to the woman's film of classical Hollywood while constituting a new distinctive cycle of female-centered films that in many ways continue the project of second-wave feminism, albeit in a modified form. Topics addressed include: *The Bridges of Madison County* (Clint Eastwood, 1995); the feature-length films of Nicole Holofcener, 1996-2013; the film roles of Tilda Swinton; *Rachel Getting Married* (Jonathan Demme, 2008); *Blue Jasmine* (Woody Allen, 2013); *Frances Ha* (Noah Baumbach, 2012), *Belle* (Amma Asante, 2013), *Fifty Shades of Grey* (Sam Taylor-Johnson, 2015) and Jane Campion's *Top of the Lake* (Sundance Channel, 2013-).

We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage.

Democracy Henry Adams, 2024-11-24 THIS BOOK, First published anonymously, March 1880, and soon in various unauthorized editions. It wasn't until the 1925 edition that Adams was listed as author. Henry Adams remarked (ironically as usual), The wholesale piracy of *Democracy* was the single real triumph of my life. it was very popular, as readers tried to

guess who the author was and who the characters really were. ON the first of December, Mrs. Lee took the train for Washington, and before five o'clock that evening she was entering her newly hired house on Lafayette Square. She shrugged her shoulders with a mingled expression of contempt and grief at the curious barbarism of the curtains and the wall-papers, and her next two days were occupied with a life-and-death struggle to get the mastery over her surroundings. In this awful contest the interior of the doomed house suffered as though a demon were in it; not a chair, not a mirror, not a carpet, was left untouched, and in the midst of the worst confusion the new mistress sat, calm as the statue of Andrew Jackson in the square under her eyes, and issued her orders with as much decision as that hero had ever shown. Towards the close of the second day, victory crowned her forehead. A new era, a nobler conception of duty and existence, had dawned upon that benighted and heathen residence. The wealth of Syria and Persia was poured out upon the melancholy Wilton carpets; embroidered comets and woven gold from Japan and Teheran depended from and covered over every sad stuff-curtain; a strange medley of sketches, paintings, fans, embroideries, and porcelain was hung, nailed, pinned, or stuck against the wall; finally the domestic altarpiece, the mystical Corot landscape, was hoisted to its place over the parlour fire, and then all was over. The setting sun streamed softly in at the windows, and peace reigned in that redeemed house and in the heart of its mistress. I think it will do now, Sybil, said she, surveying the scene.

Democracy Henry Adams, John Hay, Clarence King, 1908 The theme of Henry Adams' first novel Democracy, published anonymously in 1879, concerns corruption in Washington. It examines the corruption in government service during an era that closely resembles the second Grant administration... - Publisher description.

Patriots Steve Sohmer, 2022-08-30 "Patriots is a miracle of suspense, a mined labyrinth of electrifying politics, terror, and philosophy, which will rank with the classics of storytelling." —Richard Condon, author of The Manchurian Candidate As dawn breaks on Veterans Day, the American president grapples with the responses—both good and bad—to the announcement of his post-Cold War disarmament initiative, a plan based on nuclear deterrence and reduced troop strength. From an airfield in New York, a Vietnam War hero takes to the skies in a stolen fighter jet armed with Patriot missiles, setting course for Cuba. His actions put in motion by coded phrase known only to a select few. And on an air force base in Washington, DC, one intel officer realizes that only she can put together the pieces of a treasonous conspiracy, one in which shocking acts of deception, betrayal, and assassination will plunge the country into chaos—and pit two superpowers against each other in the ultimate showdown . . . In Patriots, Steve Sohmer puts you into the cockpit of a rogue warplane, around the table in the tense White House Situation Room, and into the minds of men and women willing to sacrifice it all for love and loyalty.

Rose Petals and Gun Powder Jean E. Dugas, 2010-02 This encompassing tale of matter-bending storytelling begins on the lip of the Gulf of Mexico, 1947. Sampson 'Apocalypse' Baker and Edison Thomas, polar opposites and WWII veterans, were not born under the star of luck. Their nomadic lives led as mercenary handymen --traveling the US in a patchy 1938 Ocean Blue LaSalle sedan outfitted with an Allison Liberator engine and the remnants of useful armor plating --have found their way through a partially sealed aqueduct discovered during a supernatural storm. Moments after their unorthodox arrival, they wander out from the decaying tunnel and discover a lost yet grand metropolitan island set out to sea, one haunted by the remains of humans fused to buildings and set free to feed; ravens who see these newly arrived combatants' activities and seemingly both help and hinder their progress; villains who defy the laws of both mortality and physics; and a mysterious woman who literally has the curse of death embalmed in her fingertips, never knowing the touch of human contact while carrying with her the most beautiful desires ever known to life. All are among the denizens of Static City, unwilling fallout from 'The Accident' --an event upon the island of measured unfolding origin that changed all they knew forever. *Rose Petals and Gunpowder*, an intricately spun fictional novel combining carefully crafted elements of action, adventure, emotional interaction with larger-than-life characters, science fiction and suspense transport the reader into a

world of tilted reality, changing what they think is possible through creative and risk-taking writing. This work by the author is the newest of a series of non-linear novels --currently the fourth completed --competing to be a fresh offering for the discerning adult audience seeking a fulfilling reading experience. This title joins the previously published *Twisted Delirium: The Infinite Dream*.

Legacies F. Paul Wilson, 2008-12-30 Dr. Alicia Clayton has inherited the family home, a place that holds such dark memories for her than she wants it razed. But someone will go to any lengths - even murder - to prevent that. She hasn't enough to go to the police, so she turns to an urban mercenary known as Repairman Jack.

Ten From Infinity Paul W. Fairman, 2020-04-14 Excerpt: There was nothing unusual about the traffic accident victim with a broken leg until intern Frank Corson found he had two heartbeats. He thought that strange, but not as strange as passing the identical man in the street a few minutes later. One by one eight identical strangers are discovered, five dead, and each with two hearts. Eight artificial creatures, identical in every respect down to the fingerprints, and none of them human. They claim they are the vanguard of an alien invasion. And there are two more on the loose. To stop the destruction of the human race, we must stop the... *Ten From Infinity*.
