Los derechos humanos y La violencia de género Eva Patricia Gil Rodríguez, José Vicente Mestre Chust, Imma Lloret Ayter, 2007 Los derechos humanos son un hito extraordinario. Este libro explica la historia del concepto de derechos humanos y como hay que continuar promoviéndolos desde la escuela. Desgraciadamente, la violencia de género sale a menudo en los diarios. Este libro describe por qué la violencia de género se ha convertido en un fenómeno cotidiano.

Violencia de Género y Feminicidios en México Julia del Carmen Chávez Carapia, Ariana Lourdes Rodríguez González, 2023-08-17 El feminicidio es una modalidad de la violencia de género que se presenta como una situación extrema, que pone en riesgo la vida de las mujeres llevándolas a la muerte.

Violencias cotidianas, violencia de género Susana Velázquez, 2003 La obra constituye un recorrido exhaustivo por todos los aspectos involucrados en el ejercicio de la violencia sexual. En la primera parte se describen las distintas formas de violencia que padecen las mujeres y los efectos que producen en su salud física y mental, y se analizan los determinantes subjetivos y sociales que encauzan la conducta de algunos hombres hacia el abuso y el comportamiento violento. La segunda parte, centrada en la especificidad del trabajo profesional, enfoca las diversas formas de intervención, los riesgos que supone trabajar en esta área y los resguardos necesarios para el ejercicio profesional.

Psychopathology in Women Margarita Sáenz-Herrero, 2019-07-15 This book examines sex and gender differences in the causes and expression of medical conditions, including mental health disorders. Sex differences are variations attributable to individual reproductive organs and the XX or XY chromosomal complement. Gender differences are variations that result from biological sex as well as individual self-representation which include psychological, behavioural, and social consequences of an individual's perceived gender. Gender is still a neglected field in psychopathology, and gender differences is often incorrectly used as a synonym of sex differences. A reconsideration of the definition of gender, as the term that subsumes masculinity and femininity, could shed some light on this misperception and could have an effect in the study of health and disease. This second edition of Psychopathology clarifies the anthropological, cultural and social aspects of gender and their impact on mental health disorders. It focuses on gender perspective as a paradigm not only in psychopathology but also in mental health disorders. As such it promotes open mindedness in the definition and perception of

symptoms, as well as assumptions about those symptoms, and raises awareness of mental health.

Violencia de género Julia del Carmen Chávez Carapia, Ariana Lourdes Rodríguez González, 2025-04-22 Con Violencia de género iniciamos una serie de colaboraciones que el Centro de Estudios de la Mujer difundirá con la finalidad de ofrecer elementos de análisis para los estudios de género. Pretendemos aportar elementos tanto teóricos como metodológicos para realizar investigaciones sociales con tal enfoque. El material enfatiza que la violencia representa una construcción social y cultural con antecedentes en el orden patriarcal que se reproduce mediante las relaciones de poder-dominación, así como la relación mandato-obediencia en donde la mujer queda en una situación de subordinación y dependencia. Así, con Violencia de género se advierte sobre situaciones particulares de la vida cotidiana que deben cambiar para cuestionar las prácticas habituales y en su lugar, desarrollar alternativas de convivencia que revaloren la igualdad. Por ello, se hace una revisión de los aspectos teóricos, el marco normativo y los aspectos jurídicos que inciden en la violencia de género. A partir de ahí, se ensayan algunos elementos de análisis sobre situaciones particulares. Por último, se ofrece una bibliografía especializada que nos permite contar con un acervo especializado del tema que nos ayuda a orientar la investigación social, siempre desde una perspectiva de género y con una visión feminista.

Los feminismos como herramientas de cambio social Esperança Bosch Fiol, Universitat de les Illes Balears, 2006 Volumen que reúne las ponencias y comunicaciones que se expusieron en el IV Congreso Internacional de AUDEM: los feminismos como herramientas de cambio social. En este segundo volumen se reúnen las ponencias y comunicaciones que se expusieron en el IV Congreso Internacional de AUDEM: los feminismos como herramientas de cambio social. El objetivo primordial de este congreso fue analizar el papel que los feminismos han de desempeñar en los tiempos de cambio que vivimos y cuál puede ser la aportación que a ese cambio puede realizar la investigación feminista que actualmente viene desarrollándose de manera muy activa en las universidades. El volumen incluye los trabajos correspondientes a las sesiones plenarias y de comunicaciones tituladas "Violencia contra las mujeres", los correspondientes a las sesiones de comunicaciones denominadas "La construcción del pensamiento feminista" y a la sesión plenaria "La transmisión del pensamiento feminista", para finalizar con un texto de la entonces presidenta de AUDEM relativo al futuro de los Estudios de las mujeres, Feministas y de Género.

Bodies in Crisis Barbara Sutton, 2010 Born and raised in Argentina, Barbara Sutton examines the complex, and often hidden, bodily worlds of diverse women in that country during a period of profound social upheaval. Based primarily on women's experiential narratives and set against the backdrop of a severe economic crisis and intensified social movement activism post-2001, Bodies in Crisis illuminates how multiple forms of injustice converge in and are contested through women's bodies and suggests that social policy, economic systems, cultural ideologies, and political resistance are ultimately

fleshly matters.

Gender Approaches in the Translation Classroom Marcella De Marco,Piero Toto,2019-04-08 This volume examines strategies for embedding gender awareness within translation studies and translator training programmes. Drawing on a rich collection of theoretically-informed case studies, its authors provide practical advice and examples on implementing gender-inclusive approaches and language strategies in the classroom. It focuses on topics including, how to develop gender-inclusive practices to challenge students' attitudes and behaviours; whether there are institutional constraints that prevent trainers from implementing non-heteronormative practices in their teaching; and how gender awareness can become an everyday mode of expression. Positioned at the lively interface of gender and translation studies, this work will be of interest to practitioners and scholars from across the fields of linguistics, education, sociology and cultural studies.

Gendered Violence at International Festivals Louise Platt,Rebecca Finkel,2020-03-24 Gendered Violence at International Festivals is a groundbreaking collection that focusses on this highly important social issue for the first time. Including a diverse range of interdisciplinary studies on the issue, the book contests the widely held notion that festivals are temporal spaces free from structural sexism, inequalities or gender power dynamics. Rather, they are spaces where these concerns are enhanced and enacted more freely and where the experiential environment is used as an excuse or as an opportunity to victim blame and shame. In this emerging and under-researched area, the chapters not only present original work in terms of topics but also in theoretical and methodological approaches. All of the chapters are cross- or interdisciplinary, drawing on gender, sexualities, cultural and ethnicity studies. Studies from a range of highly regarded academics based around the world examine the subject by looking at examples from a wide range of destinations, including Spain, Argentina, Nigeria, Zimbabwe, Australia, Canada and the UK. This significant book progresses understanding and debates about gendered festival experiences and emphasises the symbolic and physical violence often associated with them. This will be of great interest to, undergraduate and postgraduate students and academics in the field of Events Studies. It will also be of use to practitioners or non-profit workers in the festival industries, including festival management organisations and planning committees.

Psicología de la violencia Tomo II Marco Eduardo Murueta,Mario Orozco Guzmán,2014-01-01 El tomo dos de este texto plasma las condiciones de violencia que rigen instituciones como la familia, la escuela y el ámbito laboral, así como las que llegan a surcar de miedo, incertidumbre y desconfianza las relaciones de pareja. La institución es escenario de ejercicio de poder violento, que la fragiliza y desgarrar. La violencia circula a menudo con aquiescencia o consentimiento de aquellos que la sufren y también de sus testigos. La violencia institucional como la que circunda relaciones cifradas supuestamente en el amor y en la igualdad de género se nutre del silencio. Es decir, es violencia que ni se relata ni se delata. Los trabajos no sólo

exploran las modalidades de incidencia de la violencia, algunas de ellas inadvertidas, no reconocidas por quienes son parte de su circuito devastador, también ofrecen posibilidades de prevención e intervención. En este sentido son abordajes que integran una lectura psicológica exhaustiva y diversificada del fenómeno de la violencia así como estrategias creativas de atención multidimensional.

Valores y lectura Santiago Yubero Jiménez, Pedro C. Cerrillo Torremocha, Elisa Larrañaga Rubio, 2004 La lectura para nosotros posee un valor por sí misma pero, además, las lecturas están impregnadas de valores que el autor transporta a su texto. Sabemos que es el lector quien activa el significado de una historia, dando forma a su contenido, quien da vida a partir de sí mismo a los personajes y a los hechos que otro 'el escritor' le ofrece. Por ello nos parece tan importante realizar estudios sobre cuál es el contenido de los textos, qué características tienen los valores que están incluidos en ellos y, no nos parece menos importante, comprender los complejos procesos que tienen lugar cuando un lector analiza los valores contenidos en un texto o, simplemente, cuando sus propios valores entran en relación con los que el libro que lee les ofrece. En esta línea de reflexión se encuentra el libro que el lector tiene en sus manos, que recoge distintos estudios realizados por investigadores del CEPLI.

La muerte nuestra de cada día Alzualde, Carlos, Antillano, Andrés, Armas, Marelia, Ávila, Keymer, Briceño-León, Roberto, Escorcía, Laura, Fernández-Shaw, José Luis, Gabaldón, Luis Gerardo, García, Kayre, González, Roneisy, Hanson, Rebecca, Llorens, Manuel, Ortiz, Luz, Sánchez, Francisco, Sepúlveda, Chelina, Souto, John, Zapata, Manuel, Zubillaga, Verónica, 2021-11-30 La violencia que desde hace décadas se vive en Venezuela, que se ha recrudecido en los últimos años, es una problemática de investigación, pero también, y más profundamente, un drama que afecta la vida de los venezolanos. La misión de la Red de Activismo e Investigación para la Convivencia (Reacin) hermana el trabajo investigativo con los esfuerzos del activismo. Los autores, todos investigadores, al reunirse en Reacin buscan potenciar tanto el registro, el análisis y la denuncia, así como la construcción de alternativas a la violencia que se ha instalado en el país. Este libro, que es uno de los frutos de esta iniciativa colaborativa y prospectiva, presenta investigaciones centradas en la violencia armada y militarización de la seguridad ciudadana en la Venezuela post Chávez, realizadas por un equipo de investigación diverso conformado por psicólogos, sociólogos y dos abogados, investigadores de amplia trayectoria en su país. Esta obra presenta los hallazgos de investigaciones empíricas recientes, de una llamativa riqueza metodológica, que registran y analizan, desde

la perspectiva de las vivencias de la gente, las transformaciones en la violencia en Venezuela en el periodo post Chávez. Periodo en el que se ha hecho evidente una progresiva y expansiva militarización del país, particularmente en el área de la seguridad ciudadana, y más grave aún la violencia del Estado hacia su población. Uno de los aspectos más sólidos del texto es su vocación por presentar evidencias sobre temas complejos aunados a una aguda sensibilidad y compromiso con el país.
