El traidor es uno de los trabajos periodísticos más ambiciosos en la trayectoria de Anabel Hernández. Su historia se remonta a enero de 2011, cuando la contactó uno de los abogados de Vicente Zambada Niebla, mejor conocido como Vicentillo, quien enfrentaba un juicio en una corte de Chicago. La intención era compartir con la periodista documentos y hechos que ampliaban y esclarecían varios de los episodios que acababa de dar a conocer en Los señores del narco. Entre los documentos a los que tuvo acceso se encuentran el inquietante autorretrato como payaso que aparece en la portada y los diarios realizados por Vicentillo durante las negociaciones para colaborar con el gobierno norteamericano, los cuales hasta ahora eran secretos. En ellos el capo reconstruyó su historia y la historia de una de las organizaciones de tráfico de estupefacientes más grandes del planeta. A lo largo de estas páginas, la autora se adentra en el Cártel de Sinaloa a través del relato de Vicentillo, quien exhibe de manera descarnada cómo funciona el sistema interno que da vida a la organización criminal, la violencia, las mil formas de traficar droga y la complicidad entre políticos, empresarios y fuerzas del orden. Pero sobre todo devela el perfil de quien durante el último medio siglo ha sido el rey del narcotráfico. Quien nunca ha pisado la cárcel y quien desde su trono ha visto caer a amigos, enemigos, socios, competidores, familiares, empleados del gobierno y hasta sus propios hijos, sin que eso haga mella en su poder, el padre de Vicentillo: Ismael el Mayo Zambada.

Her story dates back to January of 2011, when she's contacted by one of Vicente Zambada Niebla's lawyers, better known as Vicentillo, who was facing charges in a court in Chicago. The intention was to share with the reporter documents and facts that would broaden and clear up various episodes that had just come to light in Los señores del narco. Among the documents to which she had access is the disturbing self-portrait as a clown that appears on the cover and the diaries kept by Vicentillo during his negotiations to collaborate with the North American government, which until now were secret. In them, el capo reconstructed his story and the story of the one of the largest drug-trafficking organizations on the planet. In these pages, the author goes inside the Sinaloa Cartel through Vicentillo's account, who grimly exhibits the internal workings that give life to the criminal organization, the violence, the thousands of way to traffic drugs, and the complicity among politicians, businessmen, and security forces. But, above all, he unveils the profile of the person who, during the last half century, has been the king of drug trafficking. Someone who has never stepped inside a prison cell, who from his thrown has seen his friends, enemies, partners, competitors, family members, government employees, and even his own children fall, without this ever making a dent in his power, the father of Vicentillo: Ismael el Mayo Zambada.

El libro de los seres imaginarios Jorge Luis Borges,2023-05-04 En El libro de los seres imaginarios Jorge Luis Borges, uno de los autores más importantes de las letras hispanas, elabora una sucesión de retratos de animales fantásticos en los que se combinan la fábula y la reflexión. En este libro el escritor plantea un homenaje a los bestiarios medievales. Con ironía, erudición e inteligencia Jorge Luis Borges lleva a los lectores por los pasadizos históricos de la imaginación, revelando formas y seres insólitos que van desde el hipogrifo concebido por los griegos como una mezcla de águila, león y serpiente hasta un monstruo informe solo soñado por Kafka. Este extraordinario viaje por la historia literaria es también una exploración de las obsesiones, los miedos y los anhelos de la humanidad. Reseñas: «Uno de los gigantes de la literatura del siglo XX, Borges ha enriquecido enormemente las texturas del vocabulario propio de nuestras fantasías y especulaciones». Ian McEwan
