El Tiempo en un Análisis Norberto Ferreyra, 2022-08-02 En el siguiente texto, producto de la enseñanza que practicamos en la Escuela Freudiana de la Argentina, podrán encontrar la pista para situar cómo juega la dimensión del tiempo en la experiencia de un análisis y su articulación con las estructuras clínicas. Si hay algo que le debemos a la genialidad de Freud, es la advertencia respecto de las leyes que rigen dentro del sistema inconsciente. Con el descubrimiento del inconsciente, quedan cuestionados el PNC aristotélicos y una concepción del tiempo en tanto lineal. La ausencia de contradicción, el carácter atemporal y la sustitución de la realidad exterior por la psíquica, son su fundamento. A partir de allí, nos interrogamos cómo construye el analizante su tiempo de hablar, en correlación a su neurosis, ya sea porque se adelante, se demore, o suspenda su acto. Sea porque el tiempo quedó congelado en una imagen, o porque no hay tiempo, la referencia a lo temporal es ineludible. La transferencia supone que el analizante puede tomar su palabra y hacerse de un tiempo para decir de las marcas de su trauma, allí donde lo contingente devino determinación. Para aquellos interesados en una lectura seria acerca de cómo opera en la transferencia la función de espera que da lugar al surgimiento de un decir en tanto acontecimiento, los invitamos a la lectura de este ebook, que tiene mucho para decir al respecto. María Gabriela Correia.

Constancia del psicoanálisis, 1996 Este libro aparece al mismo tiempo que el Décimo Coloquio de la Fundación, Escritura y psicoanálisis, y en él se reúnen textos aparecidos en coloquios anteriores y dos artículos inéditos. Testimonio de un trabajo, que revela su seriedad en su serialidad, realizado en México por un grupo de psicoanalistas convocados por la obra de Freud y por la enseñanza de Lacan, con el fin de no cesar de escribir acerca de lo que el psicoanálisis descubre con respecto a temas como: los tiempos modernos, el dogmatismo y la calumnia, aforismos sobre la transferencia, entre otros.

Invencción de la nación en Borges y Marechal Mariela Blanco, 2020-12-29 El libro compara las poéticas de Borges y Marechal a partir de sus apropiaciones y polémicas con el nacionalismo. La investigación surgió de una inquietud: ¿por qué Borges abandona tan abruptamente su programa criollista? Al mismo tiempo, ¿por qué el Adán Buenosayres retoma este proyecto colectivo de un grupo de poetas cuando ya está acabado? El objetivo de esta mirada es poner en diálogo dos

sistemas estéticos que por momentos entran en clara conjunción, mientras que en otros se oponen rotundamente, a veces de manera explícita, otras, en clave de polémica oculta. Se estudian las confluencias y disyunciones desde sus inicios vanguardistas hasta las más álgidas disyunciones durante el peronismo, abordando algunos de sus textos más relevantes, tanto poéticos, narrativos como ensayísticos. A través del análisis discursivo de sus textos, la autora demuestra que ambos escritores inventan literariamente la nación a través de sus ficciones, aunque sus proyectos divergen en la representación de la tensión entre individuo y cuerpo social: mientras Borges defiende en su escritura la libertad del individuo por sobre toda institución social, Marechal orienta sus representaciones hacia una búsqueda de armonía entre el individuo y las instituciones sociales a través de la figura del líder. Estas páginas proponen una nueva lectura de dos de los más destacados escritores argentinos, reponiendo las variables ideológicas que incidieron en sus contextos de producción y configuraron sus itinerarios como escritores faro de la literatura argentina.

Borges, un escritor en las orillas Beatriz Sarlo, 2019-11-20 La gloria literaria de Borges ha llegado a un punto en que genera más admiradores que lectores. Este libro trabaja en la dirección contraria, proponiendo claves de lectura que impulsan a recorrer los textos borgeanos sin reverencias. Con su estilo habitual, que resulta accesible aun cuando hable de cuestiones complejas, Beatriz Sarlo cuenta que el punto de partida de su libro es la extrañeza que experimenta al ver las obras de Borges en los anaqueles de las librerías europeas, convertido en un grande entre los grandes, sin nacionalidad, y la sensación de que en ese proceso de triunfal universalización algo se pierde o se diluye: ese algo, que atraviesa todos sus textos con tanta intensidad como la erudición y las referencias librescas, es la ciudad que él amó, Buenos Aires, la tradición de la literatura gauchesca (desde el Martín Fierro hasta Don Segundo Sombra), el dilema sarmientino entre civilización y barbarie, su relación con poetas y escritores marginales, como Evaristo Carriego y Macedonio Fernández, o con los consagrados, como Leopoldo Lugones. Dosificando la admiración y la distancia, Sarlo construye una pieza maestra de la crítica, que permite leer por primera vez a Borges o volver a sus textos con más recursos, con una mirada ampliada capaz de advertir el conflicto permanente que ponen en escena entre la apuesta cosmopolita (visible en las citas, las apropiaciones, las traducciones, la red de libros reales o imaginarios que pueblan sus acciones) y el destino sudamericano que sella la suerte de los compadritos, los orilleros, los duelos cuerpo a cuerpo. Ese suelo inestable, entre dos orillas, define la propia posición de Borges como el escritor genial que accede al canon occidental desde un país periférico. Borges, un escritor en las orillas es, por todo esto, un libro indispensable para seguir leyendo el corpus borgeano más allá de los homenajes.

AMOR Y SEXO EN LA LITERATURA LATINA Rosario Moreno Soldevila, Juan Martos, 2018-04-05 En este libro se exploran motivos y tópicos amatorios de la literatura latina y su pervivencia, se estudian diversos momentos de la relación amorosa, así como los vínculos entre el sexo y otros temas como el matrimonio, la relación clientelar o la violencia y la prostitución. Entre los temas tratados aquí se pueden encontrar algunos dedicados a ciertos tópicos que sobrepasan el marco de la Antigüedad y llegan hasta nuestros días, como es el caso de los regalos de amor (Laguna Mariscal). Reviste un curiosísimo interés la presencia de los pájaros en la literatura, fundamentalmente, pero no solo, a propósito del amor (Librán Moreno). Existen motivos universales, como la siempre conflictiva relación entre amor y matrimonio, centrada aquí en el universo de la comedia latina (López Gregoris), o el amante que se convierte en esclavo de la persona amada (Estévez Sola) y el desamor (Bellido Díaz). Y aunque todo esto adquiere matices propios y diferenciados en el mundo antiguo, otras relaciones, como la clientela, que llega a suponer prestaciones insospechadas (Tello Lázaro), serían inconcebibles fuera del mundo romano. Las pesquisas del motivo de la heroína castigada con la prostitución (Martos Fernández) se extienden hasta la literatura cristiana y el final de la Antigüedad, mientras que otros capítulos abordan directamente la influencia de la cultura clásica tanto en la traducción de ciertos autores singularmente embarazosos en el caso de Marcial (Fernández Valverde) como en el desarrollo de textos eróticos a partir del estudio e imitación de los clásicos (Martos Montiel).

A través de este libro, la licenciada Mónica Dreyer nos ofrece una serie de herramientas y ejercicios prácticos que nos permitirán abordar este desafío a partir de la Programación Neurolingüística. Asimismo, nos muestra una mirada diferente sobre los vínculos en el ámbito educativo y el modo de resolver los conflictos.

La poesía de Jorge Luis Borges Vicente Cervera Salinas, 1992

Mitos e identidades en el teatro español contemporáneo, 2016-08-09 Con un telón de fondo internacional de desorientación generalizada, han triunfado en el ámbito español, durante las últimas temporadas teatrales, espectáculos comprometidos con la indagación sobre la identidad humana. Uno de los caminos elegidos por los escritores dramáticos ha sido la recreación de mitos, a los que dotan de una nueva configuración para dar respuesta a los problemas y dudas del ser

humano contemporáneo. En este volumen se reúnen seis trabajos originales, de María-José Ragué-Arias, Diana M. de Paco Serrano, Pilar Nieva de la Paz, Ma Francisca Vilches de Frutos, Wilfried Floeck y Anita Johnson, especialistas en la materia, que ofrecen un panorama sobre la manera en la que destacados autores dramáticos han recreado en lengua española algunos de estos mitos.

Los límites del texto Alfredo Alonso Estenoz,2013-04-01 ¿Cómo leeríamos el Quijote si supiéramos ahora que su autor real fue un escritor francés de principios del siglo xx? La interrogante, planteada por Jorge Luis Borges en su famoso cuento “Pierre Menard, autor del Quijote”, aparece como una constante en la obra del argentino. Propagador de la idea de una literatura sin autores o sin la circunstancia biográfica, Borges creía, sin embargo, que el nombre del autor es constitutivo de la manera en que leemos su obra. De ahí, por ejemplo, que la cuestión de la “verdadera” identidad de Shakespeare siga discutiéndose entre los críticos, como si la aclaración fuera imprescindible para entender su obra o el misterio que constituye la aparente contradicción entre la grandeza de esta y la escasez de datos biográficos. Este libro examina la cuestión de la autoría en varios cuentos de Borges y se detiene en temas como la relación entre el (re)nombre de autor y el mercado de lectura, el problema de la expresión de uno mismo, la biografía y las auto-representaciones tanto en la ficción como en la imagen pública. “Este libro hace un aporte fundamental a los estudios de la autoría en Borges, mostrando con inteligencia y originalidad cómo Borges crea a ‘Borges’ y cómo sus creaciones son personajes en busca de su autor. Alfredo Alonso Estenoz demuestra la importancia de Borges para los authorship studies, a la vez proponiendo nuevas lecturas de textos centrales como ‘El inmortal’, ‘Examen de la obra de Herbert Quain’, ‘El Sur’ y Evaristo Carriego. A la vez, muestra la ‘abierta contradicción’ entre las sucesivas representaciones que Borges hace de sí mismo. Elegante y audaz, este libro será esencial para futuros estudiosos de Borges”.
