Handel's Oratorios and Eighteenth-Century Thought Ruth Smith,1995-05-04 In this wide-ranging and challenging book, Ruth Smith claims that the words to Handel's oratorios reflect the events and ideas of their time and have far greater meaning than has hitherto been realised. She explores eighteenth-century literature, music, aesthetics, politics and religion to reveal Handel's texts as conduits for the thought and sensibility of their time. The book thus enriches our understanding of Handel, his times, and the close relationship between music and its intellectual contexts.

Catalogue of Vocal Solos and Duets Arranged in Biblical Order James Laster,Diana Reed Strommen,2003 The second edition of A Catalogue of Vocal Solos and Duets Arranged in Biblical Order serves as a companion volume to A Catalogue of Choral Music Arranged in Biblical Order (Second edition, 1996, and supplement, 2001, both published by Scarecrow Press). It is a necessary tool for the church musician to coordinate music with the scripture readings and/or the sermon topic and a valuable aid to the vocal soloist seeking a work using a particular biblical text. The work serves as a working document for the church musician, soloist, or voice teacher. Titles are arranged in the same order as found in the Bible. Each entry contains title, composer, voice range/type, and publisher information. Two indexes are also included: a title index and a composer index.

These contain many new anecdotes about Handel and his music, exchanges of letters with famous performers (including David Garrick) and engaging reports of concerts, plays, and operas in London, Salisbury, Durham, Madrid, Berlin, and St. Petersburg, all of which contribute to fascinating insights into contemporary eighteenth-century musical life.
