True Event Adaptation Davinia Thornley, 2018-09-26 These essays all—in various ways—address the relationship between adaptation, “true events,” and cultural memory. They ask (and frequently answer) the question: how do we script stories about real events that are often still fresh in our memories and may involve living people? True Event Adaptation: Scripting Real Lives contains essays from scholars committed to interrogating historical and current hard-hitting events, traumas, and truths through various media. Each essay goes beyond general discussion of adaptation and media to engage with the specifics of adapting true life events—addressing pertinent and controversial questions around scriptwriting, representation, ethics, memory, forms of history, and methodological interventions. Written for readers interested in how memory works on culture as well as screenwriting choices, the collection offers new perspectives on historical media and commercial media that is currently being produced, as well as on media created by the book’s contributors themselves.

The Passenger: Rome The Passenger, 2022-02-15 The best new writing, photography, art, and reportage from and about Rome—in the series that’s “like a literary vacation” (Publishers Weekly). If you believe recent chatter about Rome—in the media and by its residents—the city is on the verge of collapse. Each year, it slips further down the ranking of the world’s most livable cities. To the problems faced by all large capitals—hit-and-run tourism, traffic, the divide between elegant, Airbnb-dominated city centers and run-down suburbs—in recent years Rome seems to have added a list of calamities of its own: a string of failing administrations, widespread corruption, the resurgence of fascist movements, rampant crime. A seemingly hopeless situation, perfectly symbolized by the fact that Rome currently leads the world in the number of self-combusting public buses. One might expect mass migration in the face of problems like these—yet the vast majority of Romans don’t think for a second of “betraying” their hometown, and the many newcomers who’ve populated it in recent decades resemble the natives in the profound love that binds them to the city. The largest metropolis in Europe is a place of contradictions and opposites. We think of it as ancient, but it is profoundly modern—it was founded almost three millennia ago, but 92 per cent of its buildings have been built after 1945. To understand Rome and fix its problems, we should start considering it a normal city, not unlike Chicago or Manchester . . . just incomparably more beautiful. This volume is filled with portraits of Rome and thoughts not just on its famous past but its present and future, including: Rome doesn’t judge you by Nicola Lagioia · The soul of the city by Matteo Nucci · 39 memos for a book about Rome by Francesco Piccolo · Plus: a

guide to the sounds of Rome by Letizia Muratori; the feigned unrest and real malaise of the suburbs; the influence of the Vatican; the excessive power of real estate speculators and the rule of gangs; disillusioned trappers; football fans of every age, and much more . . . “A pleasure to read.” —La Repubblica

Seriality Across Narrations, Languages and Mass Consumption Linda Barone, Novella Troianiello, 2019-07-25 The contributions gathered in this volume define and discuss concepts, themes, and theories related to contemporary audiovisual seriality. The series investigated include Black Mirror, Game of Thrones, House of Cards, Penny Dreadful, Sherlock, Orange Is the New Black, Stranger Things, Vikings, and Westworld, to mention just some. Including contributions from social and media studies, linguistics, and literary and translation studies, this work reflects on seriality as a process of social, linguistic and gender/genre transformation. It explores the dynamics of reception, interaction, and translation; the relationship between authorship and mass consumption; the phenomena of multimodality, and intertextuality.

Italian Crime Fiction in the Era of the Anti-Mafia Movement William Farina, 2020-03-03 Over the last three decades, Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity. The origins of the New Italian Epic, as it has been coined by some of its proponents, can be found in the widespread backlash against the Mafia-sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992. Though beginning in the Italian language, this prolific, popular movement has more recently found its way into the English language and hence it has found a much wider international audience. Following a brief, yet detailed, history of the cultural and economic development of Sicily, this book provides a multilayered look into the evolution of the New Italian Epic genre. The works of ten prominent contemporary writers, including Andrea Camilleri, Michael Dibdin, Elena Ferrante, and Massimo Carlotto, are examined against the backdrop of various historical periods. This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti-mafia Italian crime fiction.

Italian Contemporary Screen Performers Luca Barra, Cristina Formenti, Mariapaola Pierini, Francesco Pitassio, 2024-11-29 Bringing together performance studies, celebrity studies, and media production studies, this open access book offers a comprehensive understanding of the multi-layered condition of film and television performers within the contemporary Italian screen media landscape. By focusing on a selection of stars who reached success from 2000 onwards, the collection highlights how the renewal of the Italian media industry in the late 1990s impacted different aspects of Italian screen performers' professional lives, from training to promotion and validation strategies.

The Routledge Companion to Literary Urban Studies Lieven Ameel, 2022-08-10 Over the past decades, the growing interest in the study of literature of the city has led to the development of literary urban studies as a discipline in its own right. The Routledge Companion to Literary Urban Studies provides a methodical overview of the fundamentals of this

developing discipline and a detailed outline of new directions in the field. It consists of 33 newly commissioned chapters that provide an outline of contemporary literary urban studies. The Companion covers all of the main theoretical approaches as well as key literary genres, with case studies covering a range of different geographical, cultural, and historical settings. The final chapters provide a window into new debates in the field. The three focal issues are key concepts and genres of literary urban studies; a reassessment and critique of classical urban studies theories and the canon of literary capitals; and methods for the analysis of cities in literature. The Routledge Companion to Literary Urban Studies provides the reader with practical insights into the methods and approaches that can be applied to the city in literature and serves as an important reference work for upper-level students and researchers working on city literature. Historical Dictionary of Italian Cinema Gino Moliterno, 2020-12-08 Italian cinema is now regarded as one of the great cinemas of the world. Historically, however, its fortunes have varied. Following a brief moment of glory in the early silent era, Italian cinema appeared to descend almost into irrelevance in the early 1920s. A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II. The end of the war, however, initiated a renewal as films such as *Roma città aperta* (Rome Open City), *Sciuscià* (Shoeshine, 1946), and *Ladri di biciclette* (Bicycle Thieves, 1948), flagbearers of what soon came to be known as Neorealism, attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide. Ironically, they were celebrated nowhere more than in the United States, where Italian films consistently garnered the lion's share of the Oscars, with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award. This second edition of *Historical Dictionary of Italian Cinema* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on major movements, directors, actors, actresses, film genres, producers, industry organizations and key films. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italian Cinema.

The Palgrave Handbook of Screenwriting Studies Rosamund Davies, Paolo Russo, Claus Tieber, 2023-07-27 This book provides an overview of the growing field of screenwriting research and is essential reading for both those new to the field and established screenwriting scholars. It covers topics and concepts central to the study of screenwriting and the screenplay in relation to film, television, web series, animation, games and other interactive media, and includes a range of approaches, from theoretical perspectives to in-depth case studies. 44 scholars from around the globe demonstrate the range and depths of this new and expanding area of study. As the chapters of this Handbook demonstrate, shifting the focus from the finished film to the process of screenwriting and the text of the screenplay facilitates valuable new insights. This

Handbook is the first of its kind, an indispensable compendium for both academics and practitioners.

TV Drama in the Multiplatform Era Trisha Dunleavy, Elke Weissmann, 2024-01-16 This edited collection examines a new phase in the creation of transnational high-end drama in television's current multiplatform era. Fuelled by the wider international exposure that internet distribution has brought to TV shows, this phase for high-end drama is one of unprecedented budgets and costs, frequent transnational coproduction and increased cultural diversification. While this drama continues to be facilitated by national broadcasters, fuelling the above trio of influences upon it has been the commissioning activity of multinational subscription-video-on-demand (SVoD) providers. This book showcases leading examples of transnational TV drama, produced outside the US, yet involving collaboration with US-owned SVoDs. It foregrounds some new potentials for drama creation in the context of its strategic importance to providers as different as national broadcasters and multinational SVoDs. This book helps to explain why today's high-end dramas are demonstrating new elements of cultural specificity despite their common objective to engage a diverse international audience.

A European Television Fiction Renaissance Luca Barra, Massimo Scaglioni, 2020-11-29 This book maps the landscape of contemporary European premium television fiction, offering a detailed overview of both the changes in the digital production and distribution and the emergence of specific national and transnational case histories. Combining a media-production approach with a textual and audience analysis, the volume offers a complex, stratified, systemic view of ongoing aesthetic, sociocultural and industrial developments in contemporary European TV. With contributions from leading experts in the field, the book first offers an overview of the industrial, policy and cultural context for the renaissance of European television drama over the past decade, based on original comparative research. This research is then supported by case study chapters from the key contexts within which quality European television is being produced, offering a complex and complete picture of the industry's strengths and limitations, its traditions and trends, its constraints and future perspectives. *A European Television Fiction Renaissance* is a must-read book for TV scholars working across Europe and beyond in the areas of media studies, international communications and television studies, media industries studies, production studies, European studies, and media policy studies as well as for those with an interest in television drama, Netflix, globalisation, pay TV and on demand.

Nordic Noir, Adaptation, Appropriation Linda Badley, Andrew Nestingen, Jaakko Seppälä, 2020-05-06 This book argues that adaptation is an underrecognized yet constitutive element of Nordic noir. In so doing, it reframes the prevailing critical view. Now celebrated for its global sweep, Nordic noir is equally a transmedial phenomenon. *Nordic Noir, Adaptation,*

Appropriation deploys the tools of current adaptation studies to undertake a wide-ranging transcultural, intermedial exploration, adding an important new layer to the rich scholarship that has arisen around Nordic noir in recent years.

Netflix Nostalgia Kathryn Pallister, 2019-04-15 Whether it's "Flashback Friday" or "Throwback Thursday," audiences are hungry for nostalgic film and television, and the streaming giant Netflix serves up shows from the past that satisfy this craving, in addition to producing original contemporary content with nostalgic flavor. As a part of the series "Reboots, Remakes and Adaptations" originated by series editors Dr. Carlen Lavigne and Dr. Paul Booth, this edited volume focuses exclusively on the intersection between the Netflix platform and the current nostalgia trend in popular culture. As both a creator and distributor of media texts, Netflix takes great advantage of a wide variety of audience nostalgic responses, banking on attracting audiences who seek out nostalgic content that takes them back in time, as well as new audiences who discover "old" and reimagined content. The book aims to interrogate the complex and contradictory notions of nostalgia through the contemporary lens of Netflix, examining angles such as the Netflix business model, the impact of streaming platforms such as Netflix on the consumption of nostalgia, the ideological nature of nostalgic representation in Netflix series, and the various ways that Netflix content incorporates nostalgic content and viewer responses. Many of the contributed chapters analyze current, ongoing Netflix series, providing very timely and original analysis by established and emerging scholars in a variety of disciplines. What can we learn about our selves, our times, our cultures, in response to an examination of "Netflix and Nostalgia"?

The Pope, the Public, and International Relations Mariano P. Barbato,2020-06-30 This edited volume engages a long-standing religious power, the Holy See, to discuss the impact of the structural and postsecular transformations of international relations through the emergence of a global and digital public sphere. Despite the legal construction that enables the separation of the Holy See as a distinct legal entity, it is also an instrument for the papacy to represent externally and regulate internally the global and transnational Catholic Church. The Holy See is also the tool that enables the papacy to address a transnational or a global public beyond Catholic adherence – most prominently through journeys that are often at the same time state visits and pastoral journeys. Instead of understanding these hybrid roles as an irregular exemption, the contributions of the book argue that the Holy See should be seen as a certainly special but nevertheless quite normal actor of international and public diplomacy.

Pop-Lit: Essays in Retrospection Subir Dhar,Monikinkini Basu,Swarnendu Dam,2025-08-19 This edited volume offers a comprehensive collection of critical essays that explore the multifaceted role of popular culture in society. Through a variety of theoretical lenses, the essays examine how popular culture, from mass media to everyday cultural practices, shapes societal norms, values, and power structures. Drawing on seminal works from thinkers such as Matthew Arnold, the Frankfurt School, and the Birmingham School, the book traces the evolution of cultural studies and its impact on understanding mass culture. Essays address key topics such as the commodification of culture, the passive consumption promoted by the "culture industry", and the active agency of audiences in interpreting and resisting cultural messages. The volume also highlights how popular culture reflects and challenges dominant ideologies, emphasizing the role of marginalized groups in creating alternative cultural meanings. With its wide-ranging perspectives, this book provides valuable insights into the intersection of culture, politics, and everyday life.

Italian Americans in Film and Other Media Daniele Fioretti,Fulvio Orsitto,2024-03-04 Italian Americans in Film and Other

Media examines the representation of the Italian immigrant experience from D.W. Griffith's *Biograph Italian Dramas* (1908-1913) to the present day. Building on the editors' previous volume *Italian Americans in Film*, this collection broadens their scope to address marginalized aspects of Italian Americanness, including the work of women directors and depictions of same-sex relationships. The book consists of three parts. Part I, "The Immigrant Experience", focuses on feature films and is divided into two sections: "Silent Films" (which analyses some of Griffith's early films and Barker's *The Italian*, 1915), and "Revising Gender Perspectives", which includes chapters focusing on single films – such as Dmytryk's *Christ in Concrete* (1949), De Michiel's *Tarantella* (1995), and Bonifacio's *Amexicano* (2007) – and survey essays that discuss the Italian American 'celluloid closet' and some of Savoca's films. Part II, "Italian Americans in Other Media", offers a wide range of essays informed by different approaches that investigate the immigrant experience in terms of transmediality and transnationality. The types of media examined in this section include television and graphic novels as well as puppetry, Instagram, and Internet memes. Part III contains interviews with Italian American scholars, movie directors, and performers. Together, the contributions to this collection demonstrate the vitality, mutation, and persistence of Italian Americanness in visual media.

Women and Migration in Contemporary Italian Cinema Giovanna Faleschini Lerner, 2022-10-15 *Women and Migration in Contemporary Italian Cinema: Screening Hospitality* puts gender at the centre of cinematic representations of contemporary transnational Italian identities. It offers an intersectional feminist analysis of the ways in which transnational migration has been represented, understood, and constructed in the contemporary cinema of Italy. Drawing on Jacques Derrida's notion of hospitality and in dialogue with postcolonial and decolonial theory, queer studies, and feminist critiques, the six chapters of the book focus on a series of exemplary fiction films from the last twenty years, which both reflect and shape the nation's responses to the growing presence of transnational migrants in Italian society. The book shows how questions of gender, sexual difference, and reproductivity have been central to Italian filmmakers' approaches to stories of mobility and displacement. Gender is also enmeshed in the rhetoric and poetic of hospitality that filmmakers propose as a critical framework to condemn Italian border policies and politics. *Women and Migration in Contemporary Italian Cinema: Screening Hospitality* traces an arc that moves from the embrace of a humanitarian rhetoric of infinite hospitality toward migrants, apparent in films produced in the early 2000s, to a more fluid understanding of Italian identities from a transnational perspective.

After Mass Media Amanda D. Lotz, 2025-04-15 Explores the cultural role of screen storytelling in society With significant evolutions in digital technologies and media distribution in the past two decades, the business of storytelling through screens has shifted dramatically. In the past, blockbuster movies and TV shows like *Friends* aimed first for domestic mass audiences, although the biggest hits circulated globally. Now, transnational distribution plays a primary role and

imagined audiences are global. At the same time, the once-mass audience has significantly fragmented to enable an expansion in the range of commercially viable stories, as evident in series as varied as *Atlanta*, *Better Things*, and dozens of others that are not widely known, but deeply loved by their microaudiences. Delving into the changing landscape of commercial screen storytelling, *After Mass Media* explores how industrial shifts and technological advancements have remade the narrative landscape over the past two decades. Television and movies have long shaped society, whether by telling us about the worlds around us or far away. By examining the internationalization of screen businesses, the rise of streaming services with multi-territory reach, and the stories made for this environment, this book sheds light on the profound transformations in television and film production and circulation. With a keen focus on major changes in the types of screen stories being told, Amanda D. Lotz unravels the industrial roots that made these transformations possible, challenges some conventional distinctions of screen storytelling, and provides new conceptual tools to make sense of the abundance and range of screen stories on offer. Through its comprehensive analysis, *After Mass Media* exposes how contemporary industrial dynamics, particularly the erosion of traditional distribution models based on geography and mass audience reach, have far-reaching implications for our understanding of national video cultures.
