## SparkNotes

**If I Stay by Gayle Forman Summary & Analysis** Michael Williams, 2017-02-21 On a snowy day, Mia and her mother, her father, and her little brother, Teddy, decide to go for a morning drive. Another car crashes into theirs, causing serious injuries for the entire family. When Mia awakens, she finds herself detached from her body, which is barely holding on. She finds the bodies of her mother and father, who died from the crash. She also finds the body of herself, who is on the brink of death. Mia realizes that she is having an out of body experience, and follows her physical body to the hospital. She watches her extended family rush to take care of her, while her best friend Kim and her boyfriend Adam struggle to reach the hospital. Through her stay at the hospital, Mia reflects on her life, reminiscing about the development of her relationship with Adam, the development of her passion and talent for playing the cello, and the obstacles of being a teenager who feels out of place no matter where she goes. Mia goes back and forth between deciding whether to stay with her remaining family, as well as Adam, or whether to leave to be with her parents and Teddy, who have all passed on. Her decision is almost made up to leave, until Adam finally reaches the room where her body is being held. He begs her to stay, and in that moment, she sees how her whole future would go on if she was to stay. And in that moment, she makes her biggest decision. Will she stay or will she go?

Summary and Analysis Where She Went (If I Stay, Book 2) Booksense, 2014-08-23 Notice: This is not the actual book Where She Went by Gayle Forman. Do not buy this Summary & Analysis if you are looking for a full copy. This is a Summary & Analysis Where She Went by Gayle Forman. It had been three years since Mia Hall dumped her high school sweetheart Adam Wilde, and he still had no idea why. Mia was the lone survivor in a car crash that killed both of her parents and her younger brother. She had to get cosmetic surgery and leg surgery. Although she survived, as soon as she was conscious, she made the decision to leave Oregon. She was tired of the sympathetic looks after five months of getting an overload of it while she healed from surgery. Her luck at being accepted to Juilliard came just in time. Where She Went is a sequel to Gayle Forman's If I Stay and though can be read independently, the problem is, it is so focused on Adam and Mia's troubled romance that character development is lacking for almost all of the characters. This might make the If I Stay a worthy read. After a troubling interview with a reporter who looked into Adam's past, the rock star was forced to make some tough decisions. Should he finally deal with his relationship issues with Mia, stick to groupies or cement his newer relationship with

actress Bryn? This Analysis helps to decipher every aspect increasing your understanding of the book more than ever. Before leaving town one night for a huge concert, he made the impulsive decision to see Mia perform live. Three years later, he finally dealt with the emotions he'd had bottled up in his music and his dating life. Temperamental and confused, he knew his decisions would affect the state of the band, his celebrity life and his music. But is his happiness more important than his career? This Analysis of Where She Went fills the gap, making you understand more while enhancing your reading experience.
