Who's to Say What's Obscene? Paul Krassner,2013-12-10 Fans of The Daily Show will appreciate this timely collection of satirical essays by counterculture icon Paul Krassner. With irreverence and an often X-rated wit, Krassner writes with a unique perspective on comedy and obscenity in politics and culture, from Bong Hits 4 Jesus banners to scenes cut out of movies including Borat and Milk. In his essay Don Imus Meets Michael Richards, Krassner examines racism in comedy, from Lenny Bruce to Dave Chapelle, on The Sarah Silverman Show and Curb Your Enthusiasm and in controversial comic strips like The Bookdocks. In his piece The Great Muhammad Cartoon Controversy, he looks at free speech and self-censorship in the face of threats—real and perceived—from religious fundamentalists. Throughout, Krassner riffs about busted public figures, counterculture, free speech, late-night talk shows, censorship, sex and the current state of satire. These are times of repression, says Krassner, and the more repression there is, the more there is for irreverence toward those in authority. Paul Krassner is an author, journalist, stand-up comedian and founder of the freethought magazine the Realist, which he published from 1958 to 2001. He was a co-founder of the Yippies and a member of Ken Kesey's Merry Pranksters. He received an Upton Sinclair Award for dedication to freedom of expression. Krassner was a close friend of Lenny Bruce and the editor of Bruce's autobiography, How to Talk Dirty and Influence People. A prolific writer, his articles have appeared in Rolling Stone, Spin, Playboy and many other venues. He has been a guest on Late Night with Conan O'Brien and Politically Incorrect with Bill Maher and writes regularly for High Times, Adult Video News and Huffington Post.

Black Comedians on Black Comedy Darryl Littleton,2006 Describes the history of Black comedy from slavery through blackface, vaudeville, and the chitlin' circuit, to the present, interspersing commentary and criticism with interviews with Eddie Murphy, Marla Gibbs, and Chris Rock.

Who's Afraid of Post-Blackness? Touré,2011 Now in paperback, one of the most acutely observed accounts of what it is like to be young, Black, and middle-class in contemporary America...told in a distinctive voice that is often humorous...but

always intensely engaging (Orlando Patterson, The New York Times). In this provocative book, writer and cultural critic Tour explores the concept of Post-Blackness: the ability for someone to be rooted in but not restricted by their race. Drawing on his own experiences and those of 105 luminaries, he argues that racial identity should be understood as fluid, complex, and self-determined.

Dictionary of American Regional English: I-O Frederic G. Nature and Human Nature Thomas Chandler Haliburton, 2019-12-09 In his thought-provoking work, *Nature and Human Nature*, Thomas Chandler Haliburton explores the intricate relationship between the natural world and human behavior. Drawing upon his keen observations of the landscape and the socio-political climate of 19th-century Canada, Haliburton employs a blend of anecdotal narrative and sharp wit to engage with themes of morality and the human condition. His literary style, characterized by a conversational tone and vivid imagery, invites readers to contemplate the often overlooked connections between external nature and the internal struggles of humanity, all while reflecting the Romantic ideals prevalent in his time. Thomas Chandler Haliburton, a notable figure in Canadian literature, was deeply influenced by his experiences as a politician, lawyer, and chronicler of Nova Scotia life. His diverse background provided him with rich material to examine the complexities of human character and societal norms. Haliburton's desire to capture the essence of his environment and its influence on human behavior underscores his literary purpose, making this book an essential component of his larger body of work, which often melds humor with serious inquiry. *Nature and Human Nature* is a compelling read for those interested in exploring the profound interplay between environment and identity. Haliburton's insights resonate with modern readers, making his reflections on nature's impact on humanity not only relevant but essential for understanding contemporary issues. This book is highly recommended for scholars and casual readers alike who seek an eloquent examination of the intricate dance between nature and the human spirit.

The Politics and Psychoanalysis of Comedy Robert Samuels, 2023-11-20 This book looks at the political aspects of comedy and how humor is shaped by unconscious social and psychological factors within a particular cultural and historical context. Updating Freud's work on jokes, Robert Samuels argues that any universal model of comedy must take into account the role played by distinct genres, which are themselves determined by particular political psychopathologies. In looking at contemporary comedy, we encounter a structure that is often seen throughout the world: in response to what is experienced

as a Leftist super-ego censoring thoughts and speech and a Libertarian Right which promotes free speech as the ultimate value. Within this dynamic, comedians seeking to make their audience laugh by poking fun at sensitive and taboo subjects, intentionally and unintentionally, these humorists present an alternative to Left-wing political correctness and identity politics. Contemporary comedians then cannot help but to cater to Right-wing politics since the Right is centered on loudly rejecting the cultural dictations of the Left.

Colored Travelers Elizabeth Stordeur Pryor, 2016-10-13 Americans have long regarded the freedom of travel a central tenet of citizenship. Yet, in the United States, freedom of movement has historically been a right reserved for whites. In this book, Elizabeth Stordeur Pryor shows that African Americans fought obstructions to their mobility over 100 years before Rosa Parks refused to give up her seat on a Montgomery bus. These were “colored travelers,” activists who relied on steamships, stagecoaches, and railroads to expand their networks and to fight slavery and racism. They refused to ride in “Jim Crow” railroad cars, fought for the right to hold a U.S. passport (and citizenship), and during their transatlantic voyages, demonstrated their radical abolitionism. By focusing on the myriad strategies of black protest, including the assertions of gendered freedom and citizenship, this book tells the story of how the basic act of traveling emerged as a front line in the battle for African American equal rights before the Civil War. Drawing on exhaustive research from U.S. and British newspapers, journals, narratives, and letters, as well as firsthand accounts of such figures as Frederick Douglass, Harriet Jacobs, and William Wells Brown, Pryor illustrates how, in the quest for citizenship, colored travelers constructed ideas about respectability and challenged racist ideologies that made black mobility a crime.

Northspur Richard Wilson Moss, 2009-06-18 Northspur is a yarn of a young poet and family man in search of truth. On the way, he wrestles with self-doubt, his ego, his uncontrolled male sexuality and his family's expectations. Northspur heralds the stops along the way.

Tap Roots Mark Knowles, 2002-06-03 Tracing the development of tap dancing from ancient India to the Broadway stage in 1903, when the word Tap was first used in publicity to describe this new American style of dance, this text separates the cultural, societal and historical events that influenced the development of Tap dancing. Section One covers primary influences such as Irish step dancing, English clog dancing and African dancing. Section Two covers theatrical influences

(early theatrical developments, Daddy Rice, the Virginia Minstrels) and Section Three covers various other influences (Native American, German and Shaker). Also included are accounts of the people present at tap's inception and how various styles of dance were mixed to create a new art form.
