The Surviving Object Jan Abram, 2021-09-27 In this book, Abram proposes and elaborates the dual concept of an intrapsychic surviving and non surviving object and examines how psychic survival-of-the-object places the early m/Other at the centre of the nascent psyche before innate factors are relevant. Abram's clinical-theoretical elaborations advance several of Winnicott's key concepts. Moreover, the clinical illustrations show how her advances arise out of the transference-countertransference matrix of the analyzing situation. Chapter by chapter the reader witnesses the evolution of her proposals that not only enhance an appreciation of Winnicott's original clinical paradigm but also demonstrate how much more there is to glean from his texts especially in the contemporary consulting room. The Surviving Object comprises 8 chapters covering themes such as: the incommunicado self; violation of the self; the paradox of communication; terror at the roots of non survival; an implicit theory of desire; the fear of WOMAN underlying misogyny; the meaning of infantile sexuality; the 'father in the nursing mother's mind' as an 'integrate' in the nascent psyche; formlessness preceding integration; a theory of madness. The volume will appeal to psychoanalysts and psychoanalytically-informed psychotherapists of all levels who are inspired by clinical psychoanalysis and the study of human nature.

AT THE MIDNIGHT HOUR Alicia Scott, 2012-07-16 A Child's Keeper Elizabeth Guinness had her work cut out for her. Her precocious young charge quoted morbid statistics twenty-four hours a day, desperately seeking just one ounce of his father's affection. But brilliant scientist Richard Keaton seemed incapable of love—especially after the murder that had left

Andrew motherless and Richard the prime suspect.... Though everyone believed Richard to be guilty, Liz knew she couldn't blindly trust either the rumors or her attraction to her intensely private employer. But she was hell-bent on unlocking his heart's demons and reuniting his fractured family—until she realized that getting involved just might get her killed....

The Loving Room Richard Toner, 2001-03-22 A dream of Baby Boomers is to walk away from their current jobs and open a luxury bed-and-breakfast inn, according to recent surveys. Like the one Bob Newhart had on TV. For the Toners-Dick, Joan and their son Daniel-this wasn't just a dream. In 1991, they bought an inn in Lenox, Massachusetts. The book Toner has written discloses a rocky adventure, a real-life anthology of the humorous events, poignant incidents, and frustrating confrontations that they encountered. At the heart of the narrative is the Inn, which acts as a focal point for the family. The three very independent and headstrong adults who go into business together learn very quickly that compromise and consideration are not only the keys to kindred harmony, but also the keys to financial success. What eventually emerges from a crucible of anger, resentment and bitterness, is a sense of esteem, each individual for the other, and the development of an open and mature love that hadn't existed previously. Would they do it again? Our immediate response, the author says, is an unqualified, yes Despite the hard times and the occasional tears, it was the adventure of a lifetime.

Set Apart Jan Martin, 2025-05-20 One clear Spring night: Thursday, April 11, 1996, 10:10 PM, our whole world exploded; one defining moment and all our lives would change. Our son told us he was gay. The news in and of itself was disturbing, but learning to live and love with this information was life changing in ways we never expected. We were devoted Mormons but our church didn't want to learn to live and love with us. This book is about how our family learned to cope, and how our church didn't. This is a story about one family and what family means to us. A deep dive into doctrine and the science regarding homosexuality.

The Decade of Letting Things Go Cris Mazza,2024-10-15 The Decade of Letting Things Go is a book of linked essays containing still-relevant experiences that take place after the age of becoming socially and/or professionally invisible, as Cris Mazza searches for the elusive serenity of self-acceptance among a growing list of losses. Mazza's story contains many of life's expected losses: pets, parents, old mentors, and symbols of enduring natural places, as well as the loss of identities—child, student, partner, “successful” author. Some of her late-life experiences aren't so easily categorized: having a mentally ill neighbor try to get her to come outside and fight; unpacking the complicity in thirty-year-old #MeToo incidents; “hooking up” with a “boy” from her teenaged past; struggling to accept that lifelong sexual dysfunction will never wane; realizing a deeply trusted mentor from forty-five years ago might be declining into dementia; plus a lifelong attachment to a childhood wound of having a “preferred child” as a sibling. Ultimately there is also the apparent loss of hope in ever finding contentment in the mark one makes in the world or in ever forming an identity that brings this abstract contentment—except that these have no expiration dates, and the exhausted author, at the end, is ready to keep looking.

Your Child's Strengths Jenifer Fox,2008-02-28 With this groundbreaking work, renowned educator Jenifer Fox argues against the flawed and maddening paradigm that fixing kids' weaknesses is the way to achieve success. Rather, Fox promotes focusing on kids' natural inclinations in three interdependent areas: Activity Strengths, Relationship Strengths, and Learning Strengths. Pairing inspiring firsthand accounts of success with practical workbook tools, alongside an outline of the award-winning strengths-based Affinities curriculum Fox has implemented in her own school, *Your Child's Strengths* is a user-friendly and indispensable guide for parents, teachers, and administrators alike.
