Jason Ruiz

Revolution Time Paul G. Varnas,2016-04-15 George Washington has three problems. One is the fact that the British have landed 20,000 troops to fight him on Long Island. The second is that the British navy is at his back, blocking any hope of retreat and the third is that two children, Eddie and Angie, claiming to be from the year 2014 have just been captured and brought to him by Lieutenant Collins. Eddie and Angie do not paint a hopeful picture of the upcoming battle. They claim to be lost, having been accidentally sent there by their eccentric Uncle Sol. Unknown to Washington, a British spy wants to kidnap the children and use them to help the British war effort. The challenge Eddie and Angie face is to stay out of the hands of the British and to find a way to get home. Uncle Sol and his assistant, Vernon, are frantically trying to find the children. The only problem Sol and Vernon have is that they are not sure of the exact time or place the children were sent. Fortunately, Vernon has a plan.

Pacific Automobilmism Gijs Mom,2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world, as the West's media-driven car culture has contrasted with existing local mobilities, from rickshaws in India and minibuses in Africa to cycling in China. In this expansive volume, historian Gijs Mom explores how contemporary mobility has been impacted by social, political, and economic forces on a global scale, as in light of local mobility cultures, the car as an 'adventure machine' seems to lose cultural influence in favor of the car's status character.

Narcomedia Jason Ruiz,2023-10-10 2024 Honorable Mention — The Victor Villaseñor Best Latino Focused Nonfiction Book Award - English, Empowering Latino Futures' International Latino Book Awards Exploring representations of Latinx

people from Scarface to Narcos, this book examines how pop culture has framed Latin America as the villain in America's long and ineffectual War on Drugs. If there is an enemy in the War on Drugs, it is people of color. That is the lesson of forty years of cultural production in the United States. Popular culture, from Scarface and Miami Vice to Narcos and Better Call Saul, has continually positioned Latinos as an alien people who threaten the US body politic with drugs. Jason Ruiz explores the creation and endurance of this trope, its effects on Latin Americans and Latinx people, and its role in the cultural politics of the War on Drugs. Even as the focus of drug anxiety has shifted over the years from cocaine to crack and from methamphetamines to opioids, and even as significant strides have been made in representational politics in many areas of pop culture, Latinx people remain an unshakeable fixture in stories narrating the production, distribution, and sale of narcotics. Narcomedia argues that such representations of Latinx people, regardless of the intentions of their creators, are best understood as a cultural front in the War on Drugs. Latinos and Latin Americans are not actually America's drug problem, yet many Americans think otherwise—and that is in no small part because popular culture has largely refused to imagine the drug trade any other way.

Butterfly Awakens Meg Nocero, 2025-07-30 One woman's dark night leads her on a journey to find her light. *Butterfly Awakens* depicts the story of the extraordinary transformation of a forty-something Italian American attorney as she moves through unimaginable grief and sadness watching her beloved mother lose her battle to breast cancer. This tumultuous life experience shifts her world, causing her to question her life choices and opening her up to her soul's calling. Nocero brings readers along on her journey through a dark night of the soul as she deals with the grieving process, a toxic work environment, and intense stress that results in depression, anxiety, and an acquired somatic nervous disorder called tinnitus.

Through it all, she never gives up, instead looking for the help she needs to start to heal and find her light. In the end, like the metamorphosis from caterpillar to butterfly, this story is a beautiful love letter that honors Nocero's mother's legacy while detailing the awakening of her own. There are many stories about breast cancer and grief, but none are quite like this one. Throughout her tale, Nocero pulls the reader deep into her story through the intensity of her emotions; and in the end, after resigning from her career as a federal prosecutor due to a toxic administration, she searches for the lighthouse she saw in a vision when her mother died. Embarking on a spiritual pilgrimage on El Camino de Santiago in Northern Spain to get to the lighthouse at Cap Finisterre, she sets out to wake up and live again; the butterfly connection and stark honesty of her writing offers readers important lessons learned from moving through grief so that each person can shine their light again.

Exploring the Spiritual in Popular Music Georgina Gregory, Mike Dines, 2021-01-28 This book highlights how the diverse nature of spiritual practices are experienced and manifest through the medium of popular music. At first glance, chapters on Krishnacore, the Rave Church phenomenon and post-punk repertoire of Psychic TV may appear to have little in common; however, this book draws attention to some of the similarities of the nuances of spiritual expression that underpin the lived experience of popular music. As an interdisciplinary volume, the extensive introduction unpacks and clarifies terminology relating to the study of religion and popular music. The cross-disciplinary approach of the book makes it accessible and appealing to scholars of religious studies, cultural studies, popular music studies and theology. Unlike existing collections dealing with popular music and religion that focus on a specific genre, this innovative book offers a range of music and case studies, with chapters written by international contributors.

Thoughts Unlocked G. Sreenivasan, 2020-11-29 A pandemic made us all sad, mute and tremble with fear. We locked the entire world one day and isolated ourselves from each other. This book Thoughts Unlocked - Lockdown Days Musings is a perfect riposte to a pandemic that has rendered the humans voiceless. Writer Sreenivasan ruminates on how the pandemic

made a larger impact on his life and those around him. It would give the reader an insight into how a human mind works when, one day, the world closes all its doors and puts us all under house arrest. This book tells the stories of the past, present and future. It seems autobiographical and fictitious at times. It may lack in order of things, but is written in a language that is lucid, mild, straight and with a grand touch of humour. The thoughts the writer shares here would create in every reader a ponderous urgency to look back to the lives we had in the past. This book is a definite read and should be a great help in the freeing of our thoughts and presumptions

When Loss Gets Personal Michelle M. Falter, Steven T. Bickmore, 2018-11-23 *When Loss Gets Personal* considers how secondary English language arts teachers and teacher educators can sensitively and thoughtfully teach pieces of literature in their classrooms in which death is a significant, if not central, aspect of the texts. Death is something that affects all people young and old, yet it is rarely discussed openly in classrooms despite its prevalence in texts read in ELA classrooms. Whether it is canonical or contemporary literature, middle grades or young adult literature, fiction, nonfiction, or graphic novels, literature provides a vehicle to have difficult but needed conversations about personal deaths such as cancer, accidents, suicide, etc. Each chapter in this book focuses on 1-2 texts and provides practical activities that ask students to engage with the loss through writing assignments, projects, activities, and discussion prompts in order to build empathy, understanding, and develop critically-minded and engaged students. *When Loss Gets Personal* will be of interest to English language arts teachers, teacher educators, librarians, and scholars who wish to explore with their students the complex emotions that revolve around discussing deaths that occur in literature.

Inside the Studio Matthias Pasdzierny, Gero Cacciatore, 2025-05-14 When you think of techno and electronic dance music, you first think of clubs and festivals, ecstatic dancers and enraptured DJs. But in which spaces is this music actually created? Artists' studios and writing rooms of authors and composers have long been the focus of public attention and research. The studios of DJs and electronic music producers, however, have so far remained largely hidden. They can be found in darkened basements, abandoned factories, garages, and backyards, in magnificently converted lofts, formerly squatted houses, shared flats or teenage bedrooms. Some exude the aura of monastic hermitages, in others production and party seem to merge into one another; still others look like rubbish dumps for electronic waste. *Inside the Studio* presents an inventory of this rich creative landscape in Berlin and Cairo. By interweaving photo documentation and interviews, the volume allows intimate insights into the hidden worlds of music production and becomes a surprising and touching portrait of one of the most exciting creative sectors of our time. The project is based on a research project of the Arab-German Young Academy of Sciences and Humanities (AGYA) and was created in collaboration with Ricardo Villalobos, Cinthie, Frank Wiedemann, Modeselektor, Marcel Dettmann, Gudrun Gut, Westbam, Dr. Motte, Sarah Farina, Perera Elsewhere, Robert Henke, Roman Flügel, 3Phaz, Postdrone, Alva Noto/ Carsten Nicolai, and many others. Gero Cacciatore (* 1974 in Torino)

studied photography in Milan and worked as an assistant for Giovanni Gastel. He is a freelance photographer, particularly in the fields of corporate photography for fashion brands, still life, travel reportage and photography of urban spaces. He lives in Moneglia (Genoa). Matthias Pasdzierny (* 1976 in Göttingen) is a musicologist from Berlin (University of the Arts/Berlin-Brandenburg Academy of Sciences and Humanities). His main research topics are: music and migration, critical edition of (tape) music after 1945, history of techno and electronic dance music.

It's Your Funeral Dorothy Shorne, 2024-10-29 Death may be inevitable, but there is still a significant event to follow – the funeral, or celebration of life ceremony. While the design of that ceremony can be left to the bereaved, some people may like to exert a measure of control over their last opportunity to express themselves. The book shows you how to influence the style and structure of your ceremony, with your input varying from basic instructions to a full outline. You can leave written texts, playlists of music, or audio-visual presentations. It will make the organization easier for those who are tasked with managing the event. Don't forget the ancillary issues—a legally enforceable will, putting in place an advanced care directive and power of attorney, and if there are children to consider, a guardianship agreement. This book covers it all.

Kahlil Joseph and the Audiovisual Atlantic Joe Jackson, 2024-07-11 Kahlil Joseph has collaborated with musicians FKA twigs, Flying Lotus, Sampha and Shabazz Palaces among many others. He has directed numerous films, music videos and advertisements across Africa, America and Europe. The award-winning filmmaker's disruptive style – which frequently merges visual representations of transcontinental experiences with the countercultural energies of Afrodiasporic music – challenges the Eurocentric biases underpinning Western media. At the same time, his works generate various contradictions and tensions because they are themselves products situated within an economic framework of neoliberal capitalism, at once offering alternative ways of being while, simultaneously, participating in and thereby sustaining the social structures that they otherwise seek to subvert and dismantle. This is the first book-length study of Kahlil Joseph's work. Distinguishing the artist's personal and professional personas, it traces Joseph's career trajectory and artistic output, emphasizing how the

director's construction of a multifaceted filmmaking persona operates in tandem with his artworks to challenge fixed, unidimensional or stable notions of identity. Through biographical study and deep examinations of the director's respective transmedia artworks, this book draws from various discussions shaped by Paul Gilroy's ground-breaking text *The Black Atlantic* (1993). By applying *The Black Atlantic's* disruptive audiocentric ideas to contemporary digital media forms generated by Kahlil Joseph and his peers alike, this book challenges the latent Eurocentricity on which dominant theorizations of 'modernity' - as well as the overlapping fields of Film, Media and Screen Studies - are grounded. In turn, it offers an alternative framework for negotiating the paradoxes, contradictions and transnational flows of our media-saturated present: namely, the Audiovisual Atlantic.

You Are What You Watch Walter Hickey,2023-10-24 Pulitzer Prize-winning author and data expert Walt Hickey explains the power of entertainment to change our biology, our beliefs, how we see ourselves, and how nations gain power. Virtually anyone who has ever watched a profound movie, a powerful TV show, or read a moving novel understands that entertainment can and does affect us in surprising and significant ways. But did you know that our most popular forms of entertainment can have a direct physical effect on us, a measurable impact on society, geopolitics, the economy, and even the future itself? In *You Are What You Watch*, Walter Hickey, Pulitzer Prize winner and former chief culture writer at acclaimed data site FiveThirtyEight.com, proves how exactly how what we watch (and read and listen to) has a far greater effect on us and the world at large than we imagine. Employing a mix of research, deep reporting, and 100 data visualizations, Hickey presents the true power of entertainment and culture. From the decrease in shark populations after *Jaws* to the increase in women and girls taking up archery following *The Hunger Games*, *You Are What You Watch* proves its points not just with research and argument, but hard data. Did you know, for example, that crime statistics prove that violent movies actually lead to less real-world violence? And that the international rise of anime and Manga helped lift the Japanese economy out of the doldrums in the 1980s? Or that British and American intelligence agencies actually got ideas from the James Bond movies? In *You Are What You Watch*, readers will be given a nerdy, and sobering, celebration of popular entertainment and its surprising power to change the world.
