Trees Are Not Radishes Michael Urich,2023-09-06 The novel is set in the early 1970s in the fictional town of Rooster, Arizona. The narrator is Kipp, a college dropout from Ohio who travels to Rooster to live with his Uncle Balbinus, a navy veteran of the second world war and later a photographer of nuclear bomb tests. Carving out a life in Rooster as a young photographer and taxicab driver for the Hopeless Cab Company, Kipp deals with the madness of Lenni the Chicken, his uncle's fierce obsession over the massive devastation that mankind can unleash, and the challenges of living in a tough, isolated town that defines ammunition and firearms as currency. While Kipp attends a funeral at Sailor Mountain, he becomes enamored with Lovely Sailor. The antagonist of the story is the power-hungry Orli Ordzhovikidzeyatakov and his callous partners who forever lay siege to the inhabitants of Rooster. Perhaps the safest thing we can say is that Rooster is in the desert and the desert is an ominous place for the guileless and the unprepared.

Born to Inspire Vinit K. Bansal,2020-12-20 Some people are not just professionally successful but also achievers, not just because they are successful in their respective fields but also because they are a source of inspiration for everyone. They not only make a name for themselves but also add value and name to their institutions and countries. This book will give you an insight into the life, times, and world of some of these people. It takes you through the little-known journeys of these true achievers, who are leaders in their fields and have set examples in merit, excellence, and dedication. Their lives were never beds of roses. There were times when conditions were adverse and luck betrayed them, and yet, they refused to stop, and emerged winners in the race of life. There is the story of man who had only \$8 in his pocket when he went to the US and became the greatest engineer of modern times—today, he is known as the 'Father of the Pentium Chip'. There is the journey of a small town boy becoming a 'Hall of Fame' investor as per Forbes. From the son of a school teacher, an ordinary boy became a world-famous scientist, having 30 patents and 22 books to his credit. There is the tale of a man who once seemed to be "uninterested in academics" but went on to found one of India's most popular online fashion portals—Jabong.com. Another is the story of a Delhi boy who founded billion dollar companies like MTC and Soin LLC. This book aims at not only giving the reader the story of these stalwarts, but also spur them to be inspired and motivated to do something different in their own lives.
