Multiplatform Media in Mexico Paul Julian Smith, 2019-05-23 *Multiplatform Media in Mexico* is the first book to treat the exciting, interconnected fields of cinema, television, and internet in Mexico over the last decade, fields that combine to be called multiplatform media. Combining industrial analysis of a major audiovisual field at a time of growth and change with close readings of significant texts on all screens, acclaimed author Paul Julian Smith deftly details these new audiovisual trends. The book includes perspectives on local reporting on the ground, as covered in the chapter documenting media response to the 2017 earthquake. And, for the first time in this field, the book draws throughout on star studies, tracing the distinct profiles of actors who migrate from one medium to another. As a whole, Smith's analyses illustrate the key movements in screen media in one of the world's largest media and cultural producing nations. These perspectives connect to and enrich scholarship across Latin American, North American, and global cases.

Photography and Writing in Latin America Marcy E. Schwartz, Mary Beth Tierney-Tello, 2006-07-15 This is the first book to document the extensive collaboration between writers and photographers in Latin America from the Mexican Revolution through the twentieth century.

Mistress - The Italian way Delilah Jay, 2017-01-27 A dangerous affair: Revenge for justice. Power and control. Set among the power games of the Mafia and the rich and beautiful of Italy, on the island of Ponza, in Ferrara and in London. Corruption involving Italy's high and mighty: the Clan, multinational corporations. Fashion, car manufacturing, Formula One, the alcohol industry. Those who control vast global assets. Everywhere. The love between Aelita and Amos, a love that had no proper beginning and no proper end. He is murdered in Naples harbour. On his way to the ferry that was supposed to take him to Procida. She tells his story, her story, the story of their love. Fights him for their son, in England and in Italy. A modern-day fairytale that takes place in Berlin, London, Naples, Rome, Emilia Romagna, Monte Carlo. Emotional. Erotic. Love and revenge. Intelligent. Written in short, sharp prose. Creative, racy, witty. Starting with a murder that is solved and avenged at the end. A new definition of Italy: Delilah J paints a fascinating and colourful picture of corruption amongst the select ultra-powerful oligarchs of Italy that would make even Silvio Berlusconi look charming. An ending that holds a vague hope for a new Italy. Maybe.

Appearances Matter Tim Allender,Inés Dussel,Ian Grosvenor,Karin Priem,2021-09-07 The visual turn recovers new pasts. With education as its theme, this book seeks to present a body of reflections that questions a certain historicism and renovates historiographical debate about how to conceptualize and use images and artifacts in educational history, in the process presenting new themes and methods for researchers. Images are interrogated as part of regimes of the visible, of a history of visual technologies and visual practices. Considering the socio-material quality of the image, the analysis moves away from the use of images as mere illustrations of written arguments, and takes seriously the question of the life and death of artifacts – that is, their particular historicity. Questioning the visual and material evidence in this way means considering how, when, and in which régime of the visible it has come to be considered as a source, and what this means for the questions contemporary researchers might ask.

Dinkytown: Four Blocks of History Bill Huntzicker ,2016-10-10 Dinkytown belies its name with a big history and outsized influence on the culture of Minneapolis. It began as a business district serving the University of Minnesota and became a creative center between the flour milling district and a massive railroad yard. By 1875, Dinkytown was a terminus on the horse-drawn streetcar system. The area transformed into a nexus of culture and counterculture with the growth and expansion of the university. Its burgeoning arts scene launched Bob Dylan and The Fiddler on the Roof, and its student activism spawned the Red Barn protests of 1970. Dr. Bill Huntzicker narrates the enthralling history of one of Minneapolis's most influential neighborhoods.

Historical Agriculture and Soil Erosion in the Upper Mississippi Valley Hill Country Stanley W. Trimble,2016-04-19 This thought-provoking book demonstrates how processes of landscape transformation, usually illustrated only in simplified or idealized form, play out over time in real, complex landscapes. Trimble illustrates how a simple landscape disturbance, generated in this case by agriculture, can spread an astonishing variety of altered hydrologic and sedi

Chilean trees around the world Rodrigo Fernández Carbó, This book is a selection of sixty stories from around the world, encompassing some fifty Chilean trees species and over three hundred pictures. Each one of the stories confirm the knowledge and appreciation that may foreigners have of Chilean trees. It is a ten years research of the author and numerous Chilean ant international collaborators. Today the book can be enjoyed by specialists, as well as people with a simple curiosity in botanic. The stars are the Chilean trees, but the protagonists are also the places, the stories of how the trees were planted there and the people with which they coexist.

Museums and Mass Violence Paul Morrow,Amy Sodaro,Leora Kahn,2024-12-30 Museums and Mass Violence examines the varied ways in which museums around the world address - or fail to address - the problem of mass violence and severe

human rights abuses. Bringing together a diverse group of scholars and practitioners and a transnational set of case studies, this volume explores the potential of museums to contribute to social justice in the contemporary era. At the same time, it directs attention to the perils these institutions face when they curate and exhibit “difficult” knowledge concerning genocide, mass killing, and other kinds of atrocity crimes. The question of how museums shape historical understanding of political oppression, particularly within the political, social and economic contexts in which they operate, is another major issue addressed by this volume. Asking for whom, exactly, “difficult histories” are difficult, contributors to this volume also ask the hard question of what museum professionals should do when the “terrible gift” they offer visitors through exhibits detailing historical episodes of mass violence are met not with horror, but with indifference - or worse, approval. Providing comparative discussion of the perils and potential of exhibiting atrocities in countries as diverse as Sweden, Argentina, Rwanda, and Canada, *Museums and Mass Violence* will be essential reading for academics and students engaged in the study of museums, memory, ethics, genocide, trauma, heritage, social justice, culture, and human rights.

Decolonizing Modernism Jose Luis Venegas, 2017-07-05 James Joyce's *Ulysses* (1922) has been recognized as a central model for the Spanish American 'New Narrative'. Joyce's linguistic and technical influence became the unequivocal sign that literature in Spanish America had definitively abandoned narrow regionalist concerns and entered a global literary canon. In this bold and wide-ranging study, Jose Luis Venegas rethinks this evolutionary conception of literary history by focusing on the connection between cultural specificity and literary innovation. He argues that the intertextual dialogue between James Joyce and prominent authors such as Argentines Jorge Luis Borges and Julio Cortazar, Cuban Guillermo Cabrera Infante, and Mexican Fernando del Paso, reveals the anti-colonial value of modernist form. Venegas explores the historical similarities between Joyce's Ireland during the 1920s and Spanish America between the 1940s and 70s to challenge depoliticized interpretations of modernist aesthetics and propose unsuspected connections between formal experimentation and the cultural transformations demanded by decolonizing societies. Jose Luis Venegas is Visiting Assistant Professor of Spanish at the University of North Carolina at Greensboro.

Vanished Joseph Finder,2009-08-18 Starred Review. Finder (Power Play) offers a rousing start to a new series featuring Nick Heller, a high-powered international investigator and corporate security consultant. Through a brilliant piece of detection, Heller has just tracked down 12 cargo containers packed with \$1 billion in cash when he gets a call from his nephew Gabe in Washington, DC. Heller's brother Roger, the kid's stepfather, has vanished, and the boy's mother, Lauren, is in the hospital, the victim of a late-night attack. Both Roger and Lauren work for Gifford Industries, a multibillion-dollar corporation where Roger mostly handled mergers and acquisitions. Was he kidnapped, or did he disappear of his own volition? Is there a connection to the cash, part of \$12 billion in U.S. funds that went missing in Iraq? And what about their father, a notorious financier imprisoned for securities fraud? Using his Special Forces skills and the latest high-tech wizardry, Heller counters lethal adversaries as he peels back layers of secrets that hide not only high-level corporate crimes but the troubled affairs of his own family. Cliffhangers galore, the fascinating tradecraft of corporate espionage, and an engrossing story will propel readers through this outstanding thriller. Highly recommended as a great summer read.
