The Strangest Secret Earl Nightingale, 2019-09-17 The one-and-only original, Earl Nightingale's Strangest Secret endorsed by Nightingale Conant. The Strangest Secret is much more than a wealth-building tool; it is a manifesto for self-actualization and purpose-driven work. In Nightingale's own words: "The only man who succeeds is the man who is progressively realizing a worthy ideal." In this book, Nightingale distills his lifetime of research on human motivation into a simple success formula—the very same one that propelled his own achievement. The Strangest Secret is a practical guide for accelerated prosperity so that you can quickly rise to the top, becoming one of the top 5 percent who succeed in your field. Challenge yourself with Nightingale's thirty-day test for putting this secret success formula into action in your life, and chart your own path to productivity, financial independence, and personal fulfillment. Having grown up during the Great Depression, Earl Nightingale was fascinated by the difference between those who attain high levels of personal, professional, and financial success and those who do not. He devoted his life to searching out a recipe for achievement—a means of predicting success in any area of life. While reading the line in Napoleon Hill's *Think and Grow Rich* that "we become what we think about," Nightingale experienced a watershed moment of self-discovery that resulted in his becoming financially independent by the young age of thirty-five. Make this book your catalyst to the transformation you seek.

The Strangest Secret Collection Dr. Robert C. Worstell, Earl Shoaff, Claude M. Bristol, Neville Goddard, Wallace D. Wattles, Earl Nightingale, James B. Jones, 2019-02-15 With complete certainty, I can tell you now - from my more than half-century of existence: Any and all successes, as well as all my disappointments are directly traced to the principles in this book. For any set-back or failure, I either didn't know these principles, didn't understand their power, or simply ignored them. For every success, I have tracked back to taking these exact steps laid out in this book - to achieve, acquire, or attain whatever it was I wanted to be or have. And that experience is why I'm bringing out this short book you can have to carry with you and review regularly. Inside Earl Nightingale's original Strangest Secret recording, he mentions several books that support these ideas. If you put them together, the length is around 700 pages of text. What you are reading here is around a hundred. And this is designed to be slim and still contain the power of the best references that can educate and reinforce the key success principles Nightingale recorded in 1956.

The Strangest Secret Earl Nightingale,2020-04-01 If you understand completely what I am going to tell you, from this moment on, your life will never be the same again.—Earl Nightingale This amazing message was first played for a group of salespeople at Earl Nightingale's insurance agency. They were utterly electrified. Word of it spread like wildfire, and everyone who heard it was positively ignited into action. Requests for a recording of the message came pouring in—thousands of requests per week. Within no time, more than 200,000 people had called, written, or just walked right into Earl's office to request a copy. As years went by, that number soared above 1,000,000. Today, more than 65 years later, The Strangest Secret remains one of the most powerful and influential messages ever recorded. Now in print, updated with never before published content and a foreword by Dave Ramsey, The Strangest Secret will inspire anyone in your organization to truly understand how to get from where you are to where you want to be.

Summary of Earl Nightingale's The Strangest Secret Everest Media,2022-09-14T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 We live in a golden age, but if you take one hundred individuals who start at the age of twenty-five, and ask them whether they want to be successful, you'll notice that they are eager toward life. #2 The best definition of success is the progressive realization of a worthy ideal. If someone is working toward a predetermined goal and knows where they are going, they are a success. If they are not doing that, they are failures. #3 The only person who succeeds is the person who is progressively realizing a worthy ideal. He's the person who says I'm going to become this and then begins to work toward that goal. #4 The key to success is doing a predetermined job because that's what you've decided to do. Only one out of twenty people does that.

The Six-Word Secret to Success Earl Nightingale, 2021-03-02 From the author of *The Strangest Secret*, based on the motivational speech heard by millions We become what we think about. Earl Nightingale was in a lookout tower on the Battleship Arizona at Pearl Harbor and was one of only a few hundred who survived. He felt that he had been spared for some reason and became obsessed with learning why some people were successful and others were not. He knew that millions of people around the world are frightened, confused, and surprised in life—they don't understand the basic law for success, which is this: we become what we think about. Filled with equal parts inspiration and practical advice, this book is for anyone seeking their true north and reveals how you should go about discovering what that is in order to achieve meaningful success in life. Not the kind based on wealth, fame, and popularity, but the kind that you feel inside your soul, that intrinsically drives you to be the best version of yourself, each and every day. In *The Six-Word Secret to Success*, you will find decades of motivation packed into a short volume that you'll want to read over and over again.
