

Who Is The Scythe On The Cover Of Scythe

D Kirk

The Scythe Book David Tresemer, 2021-05-01 For the gardener, farmer, or homeowner, a good scythe is an efficient and enjoyable tool for cutting grasses and weeds and harvesting small grains. Author David Tresemer presents the results of years of research and practical experience so that the reader may learn to use and enjoy the scythe. In an age when most wonder how they can accomplish anything without the aid of electricity or gasoline, *The Scythe Book* shows how a traditional hand tool can often outperform more modern technology. This new edition includes an addendum on the practical use of the scythe by Peter Vido. Beginning with his recollections from boyhood in Slovakia, Vido shares what he has learned from European mowers and scythe-makers during trips to countries where scythes are still routinely used. He also provides detailed guidance on fitting the scythe (blade and snath) to the individual, care and repair of the blade, principles of movement, and much fascinating lore.

Evolution Of Scythes Linda Hill, AI, 2025-02-21 *Evolution of Scythes* explores the surprisingly influential history of the scythe, a tool that shaped agricultural practices, social structures, and even warfare. This book traces the scythe's journey from its rudimentary origins to its widespread use as a primary harvesting implement across diverse cultures. Discover how this seemingly simple tool played a crucial role in the evolution of agricultural technology and profoundly impacted human civilization. The book examines the scythe's technological evolution, its socio-economic impact on rural societies, and its varied cultural symbolism. Beginning with the pre-scythe era and the tools that preceded it, such as sickles and reaping hooks, the book explores how environmental factors, social needs, and cultural adaptations shaped the scythe's form and function. Through historical records, ethnographic studies, and cultural artifacts, *Evolution of Scythes* offers a holistic understanding of the scythe's enduring legacy. The book is carefully structured, first introducing the basic types of scythes and their components, before moving into their historical development. Later sections cover the socio-economic impacts, and then cultural dimensions, examining the symbolism of the scythe in art, literature, and folklore. This interdisciplinary approach, combined with an accessible yet academically rigorous tone, makes this book a valuable read for anyone interested in agricultural history, technology, or the social and cultural history of rural life.

Scythe Neal Shusterman, 2017-11-28 Two teens must learn the art of killing in this Printz Honorwinning book, the first in a chilling new series from the author of the New York Times-bestselling *Unwind* dystology. 5 1/2 x 8 5/16.

Thunderhead Neal Shusterman,2019-06-04 “Intelligent and entertaining.” —Kirkus Reviews (starred review) “Even better than the first book.” —School Library Journal (starred review) Rowan and Citra take opposite stances on the morality of the Scythedom, putting them at odds, in the chilling sequel to the Printz Honor Book *Scythe* from New York Times bestseller Neal Shusterman, author of the *Unwind* dystology. Humans learn from their mistakes. I cannot. I make no mistakes. The Thunderhead is the perfect ruler of a perfect world, but it has no control over the scythedom. A year has passed since Rowan had gone off grid. Since then, he has become an urban legend, a vigilante snuffing out corrupt scythes in a trial by fire. His story is told in whispers across the continent. As *Scythe* Anastasia, Citra gleans with compassion and openly challenges the ideals of the “new order.” But when her life is threatened and her methods questioned, it becomes clear that not everyone is open to the change. Old foes and new enemies converge, and as corruption within the Scythedom spreads, Rowan and Citra begin to lose hope. Will the Thunderhead intervene? Or will it simply watch as this perfect world begins to unravel?

The Garden Tool Handbook Zach Loeks,2025-01-14 Level up your growing with the right tool for every job Searching for effective, economical ways to level up your growing? The Garden Tool Handbook is the essential guide to choosing the right hand tool for the right job at the right time, and maximizing quality, efficiency, and profitability on your farm, homestead, or market garden. Love Covers All Wrongs Nancy Lowrey,2020-03-30 Love Covers All Wrongs By: Nancy Lowrey Love Covers All Wrongs is author Nancy Lowrey's story of her great-grandmother, Bette, and her life from the time she was a little girl of just five and sent to live with her grandparents in Nebraska to her coming of age in the last quarter of the nineteenth century. Over time Bette's real story was lost, but there was family conjecture regarding much of her young life. As an historian, Lowrey was able to verify some of those long-standing rumors through the 1880 Nebraska Census, although much of this story was written using her imagination and life experiences. History is more than names, dates, and places. The experiences of our lives weave the tapestry of our existence. It is the dark times whose dark threads enhance the contrasting bright threads that make up our own story. Our own tapestries really aren't that different from our grandparents.' The more things change, the more they stay the same. Faith, hope, and love covers all.
