The Well-Dressed Hobo Rush Loving,2016-03-23 A “sweeping and grand epic on the renaissance of American railroading” from the Fortune journalist and author of *The Men Who Loved Trains* (The Baltimore Sun). After decades of covering the railroad industry for Fortune magazine, journalist Rush Loving Jr. offers his unique insider’s view into the many dramas, triumphs, failures, and adventures of the great American railroads. Loving has shared meals and journeys with everyone from the industry’s greatest leaders to conductors, brakemen and even a few hobos. Now, in this fascinating combination of history and memoir, he recalls the many colorful people he’s met on the rails. Loving shares stories he collected in locomotive cabs, business cars, executive suites and even the White House. They paint a compelling, intimate portrait of the railroad industry and its leaders, both inept and visionary. Above all, Loving tells stories of the dedicated men and women who truly love trains and know the industry from the rails up.

Trafficking Harms Katrin Roots,Ann De Shalit,Emily van der Meulen,2024-05-16T00:00:00Z Amid the proliferating

scholarship and often sensational public campaigns, *Trafficking Harms* offers fresh insights and critical analyses. The collection's four thematic areas — Discourses and Representations; Law and Prosecutions; Policing and Surveillance; Migrant Labour Exploitation — examine an array of issues, including the contested definitions of human trafficking, the application of trafficking law and policy, the conflation of sex work and trafficking, the impacts of anti-trafficking frameworks on racialized communities, questions around “victims” and “traffickers” and much more. Showcasing a mix of scholarly research, public advocacy and first-person narratives, this book is the first of its kind in Canada. The authors include a diverse group of academics, legal advocates, frontline activists who work with migrant and sex-working communities, individuals who have been charged and/or convicted of trafficking offences and those who are directly impacted by trafficking law and policing, such as domestic and migrant sex workers.

Muslim Democracy Edward Schneier,2015-10-23 *Muslim Democracy* explores the relationship between politics and religion in forty-seven Muslim-majority countries, focusing especially on those with democratic experience, such as Indonesia and Turkey, and drawing comparisons with their regional, non-Islamic counterparts. Unlike most studies of political Islam, this is a politically-focused book, more concerned with governing realities than ideology. By changing the terms of the debate from theology to politics, and including the full complement of Islamic countries, Schneier shows that the boundaries between church and state in the Islamic world are more variable and diverse than is commonly assumed. Through case studies and statistical comparisons between Muslim majority countries and their regional counterparts, *Muslim Democracy* shows that countries with different religions but similar histories are not markedly different in their levels of democratization. What many Islamists and western observers call Islamic law, moreover, is more a political than a religious construct, with religion more the tool than the engine of politics. Women who drive in Saudi Arabia, as the author says, are not warned they will go to hell, but that they will go to jail. With the political salience of religion rising in many countries, this book is essential reading for students of comparative politics, religion, and democratization interested in exploring the shifting boundaries between faith and politics.
