Nights Of Rain And Stars Maeve Binchy, 2005-06-28 The lives of four strangers are forever altered when they meet in a Greek seaside village in this compelling novel from #1 New York Times bestselling author Maeve Binchy. Tourists enter the hilltop tavern, alone and in pairs, for a casual lunch. But a sudden tragedy in the harbor below causes these perfect strangers to become unlikely friends as their lives begin to entwine... Fiona left her nursing career in Ireland to be with the man everyone thinks is wrong for her. Elsa fled Germany and her high-powered television job once she learned what the man she loved was hiding from her. Thomas mourns his failed marriage and misses his young son in California, while David yearns to reconcile with his family in England without having to go into the family business. Chance has brought them together, and together they will find new ways of looking at the lives they left behind. "By the time the bouzouki players start up on the last page, you'll feel you've known these people all your life."—The Seattle Times "The sort of book you should take with you on a trip to the Greek islands."—The Boston Globe

Nights of rain and stars : [a novel] Maeve Binchy, 2005 In this book, four strangers, with nothing in common but a need to escape, meet in a Greek taverna high above the small village of Aghia Anna. From Ireland, America, Germany and England, they have each left their homes and old lives, when a shocking tragedy throws them unexpectedly together. Fiona is a young nurse, trying to make her family understand her need to follow her own path. Thomas desperately misses his young son and fears that his ex-wife will come between them. Elsa abruptly left her career as a television presenter, but someone from her past refuses to let her go. And shy, quiet David is determined to make a stand against his overbearing father. With these four is Andreas, the taverna owner, who badly misses the son who left home nine years ago and has never returned. 'Nights of rain and stars' is the story of one summer and four people, each with a life in turmoil. With the help of Vonni, a middle-aged Irish woman who lives in the village and is now a near-native, they find solutions - though not necessarily the ones they anticipated.

Nights of Rain and Stars Maeve Binchy, 2004

Forty Nights Daniel J. McGill, 2006-06-01 'Forty Nights' is a volume of services for individual or communal use modeled after the Liturgy of the Hours and deeply sensitive to the connection between the earth environment and human prayer. All

of the night prayer services are thematically developed. They bring together psalms, Christian prayers and hymns, and writings of mystics and naturalists, with liberal borrowings from many religious traditions.

Lindbergh A. Scott Berg,2013-08-01 Lindbergh was the first solo pilot to cross the Atlantic non-stop from New York to Paris, in 1927. This awe-inspiring fight made him the most celebrated men of his day-a romantic symbol of the new aviation age. However, tragedy struck in 1932, where his baby was kidnapped and found dead. The unbearable trial forced Lindbergh into exile in England and France. However, his soon fasciation and involvement with the Nazi regime, resulted in public opinion turning against him. His life was at the forefront of pioneering research in aeronautics and rocketry. Also, his wife became one of the century's leading feminist voices. An Intimate Look at the Night Sky Chet Raymo, 2009-05-26 On one level, *An Intimate Look at the Night Sky* is a unique star guide: twenty-four beautiful star maps, created specifically for this book, cycle through the seasons and across the heavens, revealing what you can see with the naked eye throughout the year on a clear night in the northern hemisphere. Raymo's commentaries amplify the maps, offering intriguing details and tips on identifying stars, planets, and constellations. On another level, Chet Raymo challenges our imagination—to see what is unseeable in the universe, to perceive distance and size and shape that is inconceivable, to appreciate ever more fully our extraordinary place in the cosmos. His elegant essays on the heavens blend science and history, mythology and religion, making clear why he is one of the most insightful and passionate science writers of our time.

Intersections of Religion and Astronomy Chris Corbally, Darryl Dinell, Aaron Ricker, 2020-11-01 This volume examines the way in which cultural ideas about the heavens shape religious ideas and are shaped by them in return. Our approaches to cosmology have a profound effect on the way in which we each deal with religious questions and participate in the imaginative work of public and private world-building. Employing an interdisciplinary team of international scholars, each chapter shows how religion and cosmology interrelate and matter for real people. Historical and contemporary case studies are included to demonstrate the lived reality of a variety of faith traditions and their interactions with the cosmos. This breadth of scope allows readers to get a unique overview of how religion, science and our view of space have, and will continue to, impact our worldviews. Offering a comprehensive exploration of humanity and its relationship with cosmology, this book will be an important reference for scholars of Religion and Science, Religion and Culture, Interreligious Dialogue and Theology, as well as those interested in Science and Culture and Public Education.

Sarimanok Bob Hobman, 2018-09-27 *Sarimanok* is the thrilling story of an attempt to cross the Indian Ocean in a 20-metre-long dugout canoe to demonstrate how the Austronesian-speaking people of Madagascar may have colonised their island some 1,500 years before Christ. Characters on the way include cuthroat rebels and pirates, sea gypsies, mystical wayfinders, primitive ship builders, people who hunt whales with homemade spears and boats with palm woven sails. It is a story of bold determination, tragedy and triumph; all the elements the sea delivers to those who enter its realm. But mostly it is a story of a remarkable vessel and the equally remarkable people who sailed it; like the artist Chico Hansen who began another journey before *Sarimanok's* had ended. It is to Chico the book is dedicated.

This Is Where the World Ends Amy Zhang, 2016-03-22 A heart-wrenching novel about best friends on a collision course with the real world from Amy Zhang, the critically acclaimed Indies Introduce and Indie Next author of *Falling into Place*. Janie and Micah, Micah and Janie. That's how it's been ever since elementary school, when Janie Vivien moved next door. Janie says Micah is everything she is not. Where Micah is shy, Janie is outgoing. Where Micah loves music, Janie loves art. It's the perfect friendship—as long as no one finds out about it. But then Janie goes missing and everything Micah thought he

knew about his best friend is colored with doubt. Using a nonlinear writing style and dual narrators, Amy Zhang masterfully reveals the circumstances surrounding Janie's disappearance in an astonishing second novel that will appeal to fans of Lauren Oliver.
