Richard Brautigan's Trout Fishing in America, The Pill versus the Springhill Mine Disaster, and In Watermelon Sugar

Richard Brautigan, 1989-03-01 Collected in one volume, three counterculture classics that embody the spirit of the 1960s. Included here are three great works by the incomparable Richard Brautigan: *Trout Fishing in America* is by turns a hilarious, playful, and melancholy novel that wanders from San Francisco through the country's rural waterways—a book “that has very little to do with trout fishing and a lot to do with the lamenting of a passing pastoral America . . . An instant cult classic” (*Financial Times*). *The Pill Versus the Springhill Mine Disaster* is a collection of nearly one hundred poems, first published in 1968. And *In Watermelon Sugar* expresses the mood of a new generation, revealing death as a place where people travel the length of their dreams, rejecting violence and hate. During his lifetime, *Look* magazine observed, “Brautigan is joining Hesse, Golding, Salinger, and Vonnegut as a literary magus to the literate young.” A uniquely imaginative writer of the Beat movement who became an icon of the hippie era, he is still a favorite of readers today.

Richard Brautigan Edward Halsey Foster, 1983 Biografie van de Amerikaanse auteur (geb. 1935)

Richard Brautigan Marc Chénétier, 2019-10-08 Few contemporary American writers have been subjected to as much laudatory abuse as Richard Brautigan who, having become famous in the 1960s, was made a cult figure for the hippy generation and was systematically refused recognition as a major novelist once the sentimental wave of the ‘greening of America’ had passed. Marc Chénétier’s study, originally published in 1983, was the first book to attempt to assess Brautigan’s writing art which, far from weakening over the years, had become, amid critical indifference, more secure in its techniques, more all-encompassing in its strategy and more iconoclastic in its goals. In analysing most of Brautigan’s fictional works in the light of his poetics, it examines the mechanisms of his metafictional and deconstructive offensive and indicates the direction in which Brautigan was moving at the time.

Richard Brautigan John F. Barber, 2006-11-28 Best known for his novel *Trout Fishing in America*, American writer Richard Gary Brautigan (1935-1984) published eleven novels, ten poetry collections, and two story collections, as well as five volumes of collected work, several nonfiction essays, and a record album of spoken voice recordings. Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s. The authors of many of these 32 essays knew Brautigan personally and professionally; others came to know and respect him through a

cultivated connection with his writings. The essays--many of which are new, others of which were published in obscure journals--combine personal remembrance of the man and critical appraisal of his still-controversial works. Includes previously unpublished photographs and artworks.

Jubilee Hitchhiker William Hjortsberg, 2012-04-01 Confident and robust, Jubilee Hitchhiker is an comprehensive biography of late novelist and poet Richard Brautigan, author of Troutfishing in America and A Confederate General from Big Sur, among many others. When Brautigan took his own life in September of 1984 his close friends and network of artists and writers were devastated though not entirely surprised. To many, Brautigan was shrouded in enigma, erratic and unpredictable in his habits and presentation. But his career was formidable, an inspiration to young writers like Hjortsberg trying to get their start. Brautigan's career wove its way through both the Beat-influenced San Francisco Renaissance in the 1950s and the Flower Power hippie movement of the 1960s; while he never claimed direct artistic involvement with either period, Jubilee Hitchhiker also delves deeply into the spirited times in which he lived. As Hjortsberg guides us through his search to uncover Brautigan as a man the reader is pulled deeply into the writer's world. Ultimately this is a work that seeks to connect the Brautigan known to his fans with the man who ended his life so abruptly in 1984 while revealing the close ties between his writing and the actual events of his life. Part history, part biography, and part memoir this etches the portrait of a man destroyed by his genius.

Richard Brautigan John F. Barber, 1990 Brautigan's novels, poetry and short stories have been reviewed and criticized in both the popular and scholarly press, and his writings have been the subject of doctoral dissertations. Brautigan himself was the subject of several book-length studies. Until now there has been no bibliographic control of these numerous primary and secondary writings. The inclusion dates in this book are from 1956 through June 1989. It includes all of Brautigan's publications and all works concerning Brautigan that can be identified during this time period. Every effort has been made to be as inclusive as possible even though his early work was often published in broadside form and given away, or published in underground newspapers which were never indexed or collected. The bibliography is divided into six parts: works by; works about; criticism and reviews; mysterious and erroneous citations; obituaries and eulogies; and sources.

Revenge of the Lawn, The Abortion, and So the Wind Won't Blow It All Away Richard Brautigan,1995-02-21 Three masterpieces by “the counterculture’s Mark Twain,” collected in one volume, including the “lost chapters” of Trout Fishing in America (The New York Times Book Review). An author who began his career handing out his work on the streets of San Francisco and went on to become an underground icon of the 1960s and ’70s before his tragic suicide, Richard Brautigan gained a unique literary reputation for such works as In Watermelon Sugar as well as for his gentle spirit, satirical wit, and whimsical, elliptical style. This volume includes three of his most prominent works: Revenge of the Lawn: Originally published in 1971, these bizarre flashes of insight and humor cover everything from “A High Building in Singapore” to the “Perfect California Day.” This is Brautigan’s only collection of stories and includes “The Lost Chapters of Trout Fishing in America.” The Abortion: An Historical Romance 1966: A public library in California where none of the books have ever been published is full of romantic possibilities. But when the librarian and his girlfriend must travel to Tijuana, they have a series of strange encounters in Brautigan’s 1971 novel. So the Wind Won’t Blow It All Away: It is 1979, and a man is recalling the events of his twelfth summer, when he bought bullets for his gun instead of a hamburger. Written just before his death, and published in 1982, this novel foreshadowed Brautigan’s suicide. “It’s very hard to label his work. Fairytale meets beat meets counterculture? Surrealism meets folk meets scat? The writing is bursting with colour, humour and imagery, mental flights of fancy, crazed and lurid details. . . . The more you read, the less there seem to be regulations and governing forces, ways of qualifying Brautigan. The mind of the author is simply too unbound, too childlike in its enormous, regenerative capacity to imagine.” —The Guardian

So the Wind Won't Blow it All Away Richard Brautigan,1982 Focused around the death of a young boy in a shooting accident in a small western Oregon town in the 1940s, So the Wind Won't Blow it all Away was the last of the author's novels published before his death in 1984.
