City of Flickering Light Juliette Fay, 2019-04-16 Juliette Fay—"one of the best authors of women's fiction" (Library Journal)—transports us back to the Golden Age of Hollywood and the raucous Roaring Twenties, as three friends struggle to earn their places among the stars of the silent screen—perfect for fans of *La La Land* and *Rules of Civility*. It's July 1921, "flickers" are all the rage, and Irene Van Beck has just declared her own independence by jumping off a moving train to escape her fate in a traveling burlesque show. When her friends, fellow dancer Millie Martin and comedian Henry Weiss, leap after her, the trio finds their way to the bright lights of Hollywood with hopes of making it big in the burgeoning silent film industry. At first glance, Hollywood in the 1920s is like no other place on earth—iridescent, scandalous, and utterly exhilarating—and the three friends yearn for a life they could only have dreamed of before. But despite the glamour and seduction of Tinseltown, success doesn't come easy, and nothing can prepare Irene, Millie, and Henry for the poverty, temptation, and heartbreak that lie ahead. With their ambitions challenged by both the men above them and the prejudice surrounding them, their friendship is the only constant through desperate times, as each struggles to find their true calling in an uncertain world. What begins as a quest for fame and fortune soon becomes a collective search for love, acceptance, and fulfillment as they navigate the backlots and stage sets where the illusions of the silver screen are brought to life. With her "trademark wit and grace" (Randy Susan Meyers, author of *The Murderer's Daughters*), Juliette Fay crafts another radiant and fascinating historical novel as thrilling as the bygone era of Hollywood itself.

Academic Purgatory Virgil Henry, 2025-02-04 Welcome to Academic Purgatory. Professor Virgil Henry, our 30-year veteran of higher education, has finally reached the base of Purgatory Mountain. There, his climb will begin: battling greedy administrators, lazy colleagues, and the seven deadly sins of higher education on his way to the summit. Will he be complacent? Will he be a rabble-rouser? Will he fall victim to his hubris and be banished to the Ivory Tower? Read along as Virgil takes on the establishment while trying to change things from the inside out. While climbing the mountain isn't a Sisyphusian effort, the boulder is certainly heavy.

Trouble in Paradox A.P. Eberhart, 2011-03-23 *Trouble in Paradox* is the shocking and poetic confession of a young man tiptoeing along the elastic borders of sanity, the shadow of suicide chasing his every thought. Fed up with the tragic chaos of the civilized world, I packed my dog, the necessary survival supplies, a small arsenal of guns, and enough booze to stay drunk for a month, and escaped to the wild and beautiful Paradox Valley in western Colorado. The book that has emerged from this sojourn is a gritty and irreverent comedy with tragic undertones, full of paradoxes and philosophical horseplay, a healthy dose of humor and polemic, history, politics and social critique, all wrapped up in a pretty package of high-octane wilderness adventure. After six weeks alone in the desert, heartsick and angry but still laughing, I fled that lunatic wilderness homeward to begin writing.

and guide him. Will he succeed? Ministry: Randal Cummings is about to be given his first ministry, but he has a secret: though he has been prayed over and supposedly delivered from the perverse demon of homosexuality, he is still as queer a rhino with wings. Just his luck, the next morning he awakes in a strange room with a stranger, Robby, by his side. As Will unravels the mystery, he falls in love with Robby, despite many unanswered questions. Then the truth finally comes out, and Will is faced with a tough decision.

Something I Said? Michael Feldman, 2004-10-15 What we have here is another mighty slim volume from Michael Feldman, best known (when known at all) for his public radio show Whad'ya Know (sic). Feldman, who spouts off about things he knows not much about weekly, here writes them down: · how to get your own radio show and what you can do with it once you do · paranoia · marriage (or as Feldman likes to refer to it, a long-term bad relationship) · Hitler · SUVs · child-rearing (although it sounds like it's the author who is being reared) · a number of short pieces on places he and his crew have visited for their remote possibilities · more references to gentiles than absolutely necessary (seems to be an issue for

Feldman, although he is tickled with the notion that, to a Mormon, he is one) · some attempts to misrepresent scientific or social research for humorous purposes · many personal revelations that prove the examined life is not necessarily worth living either · and pages and pages of fluff. Mr. Feldman has not been compared, to our knowledge, to S. J. Perlman. But here is some of what Michael Feldman says in *Something I Said*: The paranoid no longer is: paranoia has outlived its usefulness when everybody is out to get us. Take the phrase 'no problem': I can use it, although it is the very opposite of my two-word world view ('Nothing works'). Whatever latitude beauty may have in the eye of the beholder, funny is not readily apparent to all, and, who knows, they may be right. More importantly, they may be bigger. Includes a music CD by Michael Feldman and John Sieger.

Descent Into Danger Larry Alan Bear, 2005 This is a tale of two worlds, and of the power struggles, sex and violence that connects them through a society lawyer and a feared contract killer.

Crazy Ball Player Jeremiah Ford, 2021-05-14 Levi Rothbaum is a marvelous and professional star baseball player who might be at the height of his career. Although he is great at baseball, he has a bad addiction to cocaine. Which brings about the question, "Will the drugs take over and ruin his life, or will he be able to beat the demons who seem to be running the game?" In this tale you'll follow him through the quirky, odd, funny, and serious path on his journey to redemption.

Healing Monarchs Michael Rogers, 2017-05 In the fifth heartbreaking installment, the guild part ways and complete their individual stories, ranging from infiltrating the Consultant's facility to underwater sanctions to an epic chase scene involving a dragon and a phoenix made of unforgiving flames. With two new guild members, The Rostical Guild draws closer to being the most recognised force across the two continents!

OP Sam and Sheila David Kluge, 2022-02-03 When O. P. Sam and his sister Sheila grew of age to leave their parents' home for one of their own, little did they know of the many new friends they would meet, wondrous things they would encounter in their new and burgeoning lives, nor the adventure awaiting them. Happening upon Wut and Shu, the two cats living in the house occupying the yard in which they had chosen to make a home, and overhearing the terrible dilemma puzzling them, introductions were made and a plot was hatched. The four of them would fashion costumes to fool Mickey, the man of the house, and O. P. Sam and Sheila would move in like undercover agents to infiltrate Mickey's life and render him unaware of his true companions absence, while Wut and Shu would stay with the little sick girl down the lane. Having never even seen the inside of a human home before, the pair explored and experienced things so absolutely unknown to them as to set their minds afire with bewilderment and curiosity. While a desire to help even further swelled within them, they just had to meet the Ellie, the object of their new friends' obsession, that is when the sad news found them: Ellie was dying. And the four fast friends swore to ease her passing, her mother's impending grief, and Mickey's bachelorhood.

The Perfect Drug Chaitanya Saini, 2018 Buddha meditated for six years, and Shiva had his mountain. Could there be a

drug that might induce enlightenment? A substance that could cause us to attain a heightened state of consciousness, the gaining of a perspective that perforates this veil of maya, revealing the divine in us and others a well? One that makes us perceive that the biggest problem of the world isn't global warming, air pollution, or overpopulation, but is a global demented state of consciousness, the demon of ignorance that has ingested this whole wide world?

My Road Beyond The Codependent Divorce Lisa A. Romano,2012-10-26 Ending a toxic relationship can sometimes make us feel like we are going insane. Because we are so enmeshed with the other person, we feel nothing but fear, doubt, confusion, shame and even guilt when we consider terminating the relationship. Although we can hear a little voice inside our heads urging us to move forward, all too often our worries overwhelm us and cause us to stay stuck. We no longer know whose thoughts or feelings are in our heads. All we can feel is fear. If you are contemplating ending a relationship you know in your heart must end, but are struggling with crippling negative emotions, Lisa's story is just the right dose of inspiration you will need as you begin facing your new roads ahead. No stranger to heartache, Lisa bravely ended her dysfunctional marriage and took her three small children with her. With nothing to cling to but hope, Lisa courageously learned to navigate her way through unknown terrains, and eventually found the will to even love again.

The Enemy Within Dominick Pratico,2007-03-21 As a society, the Interstellar Web was dying. Enormous fortunes were amassed in the face of unspeakable want, and avarice thrived as sport. With no villains left to fight but each other, quarreling factions stood prepared to devour one another at the slightest provocation. None of this mattered to Zoeicelli K Galvin, Black Ops Commander, and ex-Marine. Exiled to a remote command on The Frontier, nobody was looking for him until he was ordered to investigate the disappearance of a fellow Black Ops commander. What starts as a routine search and recovery operation rapidly escalates into something more sinister as Galvin suddenly finds himself caught up in a web of deceit and corruption. On the very edge of civilization, from the coldest of barrens to blistering infernos, Galvin is not only forced to confront The Enemy, but also. . .The Enemy Within.

Salvador Paige Price,2022-09-17 From author Paige Price comes a mafia friends-to-lovers romance about a cartel bodyguard and the woman he protects . . . Heroes come in all shapes, sizes, and personalities. Mine is tall, ripped, silent, and a strategist, not to mention deadly. He's not the man I thought he was. No, Salvador Vargas is so much more. Ardent. Principled. Level-Headed. The man chooses honor and loyalty over materialistic things or power at every turn. During a barroom brawl, he comes to my aid without a hint of hesitation. I should've thanked him, then went on about my day, my life. Cindy Stevens hides behind a plastic façade, never showing the scars of her pain. But in a moment of weakness, she lets down her guard, allowing me inside. Scarred. Damaged. Beautifully-Flawed. She's a pawn in her father's game of chess, one he seeks to control and dominate for power. The more she pulls away from him, the tighter the top-notch attorney tightens the noose. She yearns for freedom, to break free of his paternal hold and escape her gilded cage. The girl beneath the plastic

mask holds my heart. One look. One secret touch. One blissfully hot kiss. And we're both falling and fast. In my world, she is the forbidden fruit—a fruit I desperately yearn to devour. It's wrong to claim her as mine, but it doesn't matter because the girl, she's mine! NOTE: this book is part of a series and contains a cliffhanger. Read all books in order; they're not standalone works. This dark mafia series ventures into the deepest, darkest themes of the human psyche. The cliffhangers, violence, and adult situations aren't for the faint of heart. This series promotes consensual sexual acts—not forced. Consider this statement a trigger warning. Read at your own risk!

Mohammed at Mono Lake Alexander Danzig, 2006-06 Jason blanched. The room was stone silent. A 10? Jason wasn't an expert on magnitudes, but he remembered from undergrad that a magnitude 10 quake would release as much energy as the entire United States consumes in a year, ten million times the energy released by the nuclear bomb test that destroyed the island of Bikini in 1946. It would be devastating. It would make 9/11 and Katrina look petty. It would all but wreck the fourth largest economy in the world, California's, and it wouldn't be much help to the largest. It would also most likely take down the politician intently staring at him from across the room. Following a major terrorist attack and a Category Five hurricane swamping New Orleans, the third great catastrophe predicted by FEMA—a major earthquake in California—is signaling its arrival. The level of seismic unrest in California is increasing faster than ever before. Young scientist Jason Burns has a wild, high-risk plan to avert the natural disaster, but the president withdraws his support at the last minute. The real action begins when a renegade federal officer appointed to take control of panic-stricken Los Angeles secretly enlists Burns and his friends to complete their plan. The unlikelyst of heroes, Burns's ultimate solution not only affects California but also has resounding implications for the entire world.
