Herejía y traición. Las doctrinas de la persecución religiosa en el siglo XVI Diego Blázquez Martín,2011-10-25

Este trabajo constituye en primer lugar, aunque no exclusivamente, una exposición de las justificaciones teóricas que han tenido las persecuciones alentadas por las distintas intolerancias religiosas. Desde un punto de vista más constructivo, su propósito es poner de manifiesto como algunos de los elementos que conformaban las bases de tales doctrinas de la intolerancia y la persecución fueron tomadas y reformuladas con un fin distinto: permitir al hombre ser más libre para sentir y pensar, dando lugar a un nuevo marco de referencia moral: los derechos humanos. Esta evolución se produce desde uno de los elementos más íntimos y personales del ser humano, el sentimiento religioso. Lo cual, a su vez, permite abordar ciertos aspectos metodológicos y de contenido relativos a los derechos humanos, defendiendo su análisis histórico y filosófico desde una comprensión racional, que permita su aceptación universal.

Chile en los albores de la Guerra Fría Ross, César,2024-11-01 América Latina y el Caribe parecen condenados a volver, casi siempre, al mismo punto. Estos territorios no solo están sentenciados a pensar en sus propias historias con las mismas

ideas que no lograron alimentar soluciones exitosas, sino también de espaldas a las que sí parecían virtuosas, algunas de las cuales se acercaban mucho a las trayectorias del este de Asia. Chile en los albores de la Guerra Fría es un libro que retoma algunas de estas contribuciones y procura ponerlas en tensión analítica en clave histórica. Los «Albores de la Guerra Fría» aluden a la fase de constitución en la que América Latina y Chile vivieron una etapa caracterizada por dos rasgos centrales: la cohabitación izquierda-derecha y la ruptura con el pasado.
